THE GORES GROUP, LLC - 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

1. PLAN DESCRIPTION

The following description of The Gores Group, LLC - 401(k) Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Gores Group, LLC (the "Plan Sponsor") established the Plan as a defined contribution plan for the benefit of eligible employees who are age 21 or older and are employed by one of the following participating employers: Alec E. Gores, AMI Entertainment Network, LLC, Cosmo Specialty Fibers, Gates Air, Glendon Partners, Glendon II, Gores Sponsor III, LLC, Imagine Communications, Meridian Billing Management Corp., Origin Healthcare Solutions, LLC, The Gores Group, TGG Fund IV, LLC, TGG Small Cap, LLC, TurbineAero, Inc., TurbineAero Engines Technics, Inc., U.S. Farathane, LLC, Vitac Corporation, and Zmags Corp. (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

During the year ended December 31, 2018, Gores Sponsor III, LLC was added as a participating employer in the Plan and Astadia, Inc., Elo Touch Solutions, Glotel Inc., and Tweddle Group were removed as participating employers in the Plan.

Effective December 29, 2018, assets of \$13,406,594 were transferred to the Tweddle Group Inc. 401(k) Plan.

Contributions - Each year, participants may make pretax and Roth deferrals of up to 100 percent of their compensation, as defined by the Plan and subject to Internal Revenue Code ("IRC") limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also has an automatic enrollment provision that all newly eligible participants are automatically enrolled at a deferral rate of two percent of eligible compensation, if elected by the participating employer. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

Each participating employer determines the amount of discretionary matching contributions and discretionary nonelective contributions they make on behalf of eligible employees. For the year ended December 31, 2018, total discretionary contributions of \$5,826,834, net of forfeitures, were made.

Vesting - Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. Participants are vested in accordance with the years of service elected by each participating employer. While still employed, if a participant becomes disabled, dies or reaches normal retirement age, the participant becomes 100 percent vested.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce Company contributions. During the year ended December 31, 2018, forfeitures of \$299,889 were utilized to pay Plan administrative expenses and \$489,776 were utilized to reduce Company contributions. As of December 31, 2018, there were \$991,254 of forfeitures available for future use.

THE GORES GROUP, LLC - 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

Payment of Benefits - On termination of service for any reason, a participant or their beneficiaries, as applicable, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or partial payments, in accordance with the Plan.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary nonelective contribution and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Great-West Trust Company, LLC (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Administrative Expenses - Administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net depreciation of investments is inclusive of these fees.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

THE GORES GROUP, LLC - 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds – This category consists of publicly traded funds of registered investment companies. The net asset value of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Collective investment trust – Valued at the net asset value ("NAV") of units of a collective investment trust ("CIT"). The NAV, as provided by the fund's trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The CIT does not have any unfunded commitments relating to its investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Self-directed brokerage accounts - Accounts primarily consist common stocks that are valued at the closing price reported on the active market on which the individual securities are traded, mutual funds that are valued on the basis of readily determinable net asset value, and interest-bearing cash that is valued at par and therefore classified as Level 1 within the valuation hierarchy.

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent qualified public accountants:

- Investments, at fair value and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation of investments, interest and dividend income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments and participant loans as of December 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance due the previous 12 months, or 50 percent of their vested account balance. The loan interest rate is determined by the plan administrator based on prevailing rates, as defined by the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest are paid ratably through payroll deductions.

THE GORES GROUP, LLC - 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

5. PLAN TERMINATION

The Company has the right under the Plan to amend the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Company contributions.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee and its affiliates qualify as party-in-interest transactions for which exemptions exist. The Trustee and its affiliates received \$7,440 for loan administration and transaction fees, all of which was paid by participants through the Plan. The Trustee and its affiliates also received indirect compensation from investments based on a formula. In addition, the Plan's legal counsel was paid direct compensation of \$58,527 and the Plan's investment advisor was paid direct compensation of \$191,612. The Plan's independent qualified public accountant received direct compensation of \$49,750 for audit services, and \$1,200 was paid to an outside consultant.

7. FEDERAL INCOME TAX STATUS

The Plan received a determination letter from the IRS dated September 8, 2013 which stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Company routinely self-reviews the administration of the Plan and self-corrects any compliance issues in accordance with the Employee Plans Compliance Resolution System. The Plan has been subsequently amended and the Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. DELINQUENT PARTICIPANT CONTRIBUTIONS

Certain contributions were not remitted timely to the Trustee as required by the Department of Labor's rules and regulations. These late remittances are detailed in the attached Schedule H, Line 4a - Schedule of Delinquent Participant Contributions.
