INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Kehoe Designs 401(k) Plan
Chicago, Illinois

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Kehoe Designs 401(k) Plan, which comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting as described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Plan management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Notes 3 and 4, which was certified by the custodian, Voya Retirement Insurance and Annuity Company, except for comparing the information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2018 and 2017 and for the year ended December 31, 2018, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Required Supplemental Schedules

The supplemental Schedule of Assets Held for Investment Purposes and Schedule of Delinquent Participant Contributions as of and for the year ended December 31, 2018 are required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, are presented for the purpose of additional analysis, and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplementary schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Kehoe Designs 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan providing profit sharing and savings benefits to those employees of the Company who qualify for participation in the Plan, or to such employees' designated beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is maintained by Kehoe Designs, Inc. (the Company).

Eligibility. Employees of the company who are age twenty-one or older, completed 500 hours of service in a six-month period and are not covered by a collective bargaining agreement. After eligibility requirements are met, participants may join the plan at the beginning of the next quarter.

Contributions. Each year, the participants may contribute up to 90% of their eligible earnings up to a maximum of pretax annual compensation not to exceed the limits set forth in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are also eligible to make catch-up contributions per the limits set forth in the Internal Revenue Code.

Matching Contributions. The Company may make discretionary matching contribution equal to a percentage of the amount of the salary reduction the employee elected to defer, to be determined each year by the Company. A participant must be employed by the Company on December 31 of that year to receive the matching contribution, if any. During the year 2018, the Company did not make any matching contributions.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service. In addition, the participant is always 100% vested in the Employer's special discretionary contributions made to the Plan.

Investment Options. The Plan provides participants with thirty-three investment options. Plan participants may access their investments online and are allowed to change their selected investment options at any time.

Forfeited Accounts. Forfeitures of non-vested Company contributions are used to reduce administrative expenses or offset future employer contribution amounts. There were no forfeitures for the year ended December 31, 2018.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Notes. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Notes are secured by the participant's account balance, must bear a reasonable rate of interest and be repaid within five years unless the loan is used to purchase a principal residence. A note that is in default is considered a distribution and becomes taxable income to the participant. Installments of principal and interest are paid through payroll deductions.

Payment of Benefits. Benefits are payable to a participant or the participant's designated beneficiary upon the participant's termination or retirement from the Company or disability or death. Benefits may be payable as lump sum distributions or in installments.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis of accounting. That basis differs from generally accepted accounting principles primarily because the Company has not recognized plan expenses owed and benefits payable and their related effects on net assets.

Use of Estimates in Preparation of Financial Statements. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term for the estimate of investment valuation.

Notes Receivable from Participants. Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the Plan document.

Investment Valuation and Income Recognition. Investments are stated at the fair value amounts certified by the Plan custodian, Voya Retirement Insurance and Annuity Company, as of December 31, 2018 and 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses. Administrative expenses of maintaining the Plan consist primarily of investment fees paid to the custodian and professional fees. The Plan pays all such investment fees and the sponsor pays professional fees, such as audit fees. Fees related to the administration of loans from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

NOTE 3 – INVESTMENTS-UNAUDITED INFORMATION CERTIFIED BY CUSTODIAN

The Plan has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian, Voya Retirement Insurance and Annuity Company, has certified to the completeness and accuracy of the investments as presented in the financial statements.

The accompanying statement of changes in net assets available for benefits reflects changes to the investments certified by the custodian during the year ended December 31, 2018.

At December 31, 2018 and 2017, the Plan's investments were held by the custodian. The Schedule of Assets Held for Investment Purposes on page 12 is a summary of the Plan's financial information that is included in the financial statements based on information certified by the custodian as complete and accurate in accordance with section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE 4 - FAIR VALUE MEASUREMENT

Investment Valuation. The Plan's investments are stated at fair value. Quoted market prices are used to value shares of mutual funds traded on a national exchange.

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures, as amended by ASU 2010-06,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

> Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
>
> Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the assets or liability.
>
> Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan. There have been no changes in the methodologies used at December 31, 2018 and 2017.

NOTE 4 - FAIR VALUE MEASUREMENT (Continued)

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: The fair values of mutual fund investments are determined by obtaining daily closing prices on nationally recognized securities exchanges. (Level 1 inputs)

Collective trust funds: Valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed investment contract: Guaranteed investment contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see Note 6). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, the Investment Committee evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain observable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

Pooled Separate Accounts: The fair values of pooled separate accounts are based on the net asset values of the shares held by the plan at the year-end.

The following is a summary of Plan Investments measured at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Group Annuity Contract	$ -	$ -	$ 198,091	$ 198,091

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts. The underlying investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' individual account balances.

NOTE 6 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by Voya. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has certain restrictions that impact the ability to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Voya may not terminate the contract at any amount less than contract value.

Voya is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the contract will track current market yields on a trailing basis.

NOTE 7 - TAX STATUS

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits relative to the Plan for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 – NOTES RECEIVABLE FROM PARTICIPANTS

The Plan presents Notes Receivable from Participants at the unpaid balance plus any accrued unpaid interest, which approximates fair value. No allowance for credit losses have been recorded as of December 31, 2018. If a participant ceases to make loan payments and the administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. These loan benefit payments are recorded as distributions based on the terms of the plan document.

The note bears interest ranging from 4.5% to 6.25% and, as of December 31, 2018, participants' outstanding loan balances totaled $28,825.

NOTE 9 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 10 – RELATED PARTY TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. During the year ended December 31, 2018, transactions with parties-in-interest consisted of custodian and administration fees paid.

NOTE 11- RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017, to Form 5500:

	2018	2017
Net Assets Available for Benefits per the Financial Statements	$1,852,091	$1,851,649
Net Assets Available for Benefits per the Form 5500	$1,852,091	$1,851,649

NOTE 12 – CONTRIBUTION RECEIVABLE

The payroll service, Paycom, failed to remit employee Roth contributions beginning in August of 2018. The sponsor identified the missed contributions after year end. The Company contacted the payroll service and corrected the process in February 2019. Also in February 2019, the Company remitted the late Roth contributions and calculated and remitted the potential lost earnings using the DOL Voluntary Fiduciary Correction Program (VFCP) calculation for lost earnings. The difference of $88, between the contributions receivable and the amount on the schedule of delinquent participant contributions, is owed to one participant who is not eligible for the Plan.

NOTE 13 – SUBSEQUENT EVENTS

Subsequent events were evaluated through June 28, 2019, which is the date these financial statements were available to be issued. As of that date, except for remitting the delinquent employee contributions and lost earnings as described in Note 12, no other material events occurred which require recognition or disclosure in the financial statements.
