Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great-West Life & Annuity Insurance Company ("GWL&A"), the Plan's insurance company, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that GWL&A held the Plan's investment contracts and executed investment transactions as of October 31, 2018 and December

31, 2017 and for the period January 1, 2018 to October 31, 2018. The plan administrator has obtained a certification from GWL&A as of October 31, 2018 and December 31, 2017 and for the period January 1, 2018 to October 31, 2018, that the information provided to the plan administrator by GWL&A is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Emphasis of Matter

As further discussed in Note 1 to the financial statements, effective November 1, 2018 Dewey Square Group, LLC became a participating employer in The Savings and Investment Plan ("S&I Plan") sponsored by WPP Group USA, Inc., an affiliate of the company and merged the Plan into the S&I Plan. As a result, all of the net assets available for plan benefits of the Plan were transferred to the S&I Plan. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by GWL&A, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of Plan

The following description of the Dewey Square Group, LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. More complete information regarding the Plan's provisions may be found in the Plan document.

General

The Plan was a defined contribution profit sharing plan covering all employees of Dewey Square Group, LLC (the "Employer"), who had completed ninety days of service and were at least 21 years of age, except for employees covered by a collective bargaining agreement, non-resident aliens and part-time employees that had regularly scheduled service of less than 1,000 hours in a Plan year ("Participants"). Employees were able to enter the Plan on the first day of each month immediately after satisfying the eligibility requirements. Great-West Life & Annuity Insurance Company ("GWL&A"), was the Plan's insurance company that held the Plan's investments. Empower Retirement is a division of GWL&A that provided recordkeeping services for the Plan. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). All investments were participant-directed.

Plan Merger

Effective November 1, 2018, the Employer became a participating employer in The Savings and Investment Plan ("S&I Plan") sponsored by WPP Group USA, Inc., an affiliate of the Employer and merged the Plan into the S&I Plan. As a result of the merger, all of the net assets available for plan benefits of the Plan were transferred to the S&I Plan.

Participant Contributions

Participant contributions to the Plan were deferrals of the employee's compensation. Participants were able to defer their eligible pre-tax compensation, not to exceed a dollar limit established under the Internal Revenue Code (the "Code"). Participants who had reached the age of 50 before the end of the plan year were eligible to make catch-up contributions. Participants were also able to contribute amounts representing distributions from other qualified plans ("Rollovers").

Employer Contributions

Non-elective Employer Contributions

The Employer, at its discretion, had the option to make non-elective Employer contributions to the Plan as determined by its Board of Directors. Non-elective Employer contributions were allocated to eligible Participants based on the permitted disparity allocation, as defined in the Plan document. To be eligible, Participants had to have been employed by the Employer on the last day of the Plan year and have completed at least 1,000 hours of service in the Plan year unless employment was terminated due to death, disability or normal retirement age (defined as age 65). For the period from January 1, 2018 to October 31, 2018, the Employer elected not to make a non-elective Employer contribution.

Note 1 - Description of Plan (Continued)

Employer Contributions (Continued)

Employer Safe Harbor Matching Contributions
Each year, the Employer contributed an amount equal to 100% of each Participant's elective deferrals not exceeding 3% of the Participant's eligible compensation, plus an additional 50% of each Participant's elective deferrals in excess of 3% but not in excess of 5% of the Participant's eligible compensation**.** A Participant was entitled to Employer matching contributions once enrolled in the Plan and making deferral contributions. For the period from January 1, 2018 to October 31, 2018, the Employer made matching contributions of $204,168.

Employer Additional Matching Contributions
The Employer, at its discretion, had the option to elect to contribute an additional matching contribution as determined by its Board of Directors. The Employer's additional matching contribution did not apply to elective deferrals exceeding 6% of the Participant's compensation at each payroll period. A Participant was entitled to additional matching contributions once enrolled in the Plan and making deferral contributions. For the period January 1, 2018 to October 31, 2018, the Employer elected not to make additional matching contributions.

Participant Accounts
Each Participant's account was credited with the Participant's contributions, the respective Employer contributions and an allocation of the Plan's investment earnings and was charged with an allocation of certain expenses. Allocations were based on Participant compensation or account balance, as defined. The benefit to which a Participant was entitled was the benefit that could be provided from the Participant's vested account.

Plan Administration
The Employer was the plan administrator and had the authority to appoint person(s) or entities to carry out the operation of the Plan. Individual Participant accounts may be charged directly for all administrative expenses, if not paid by the Employer.

Vesting
Participants were immediately vested in their contributions and the Employer safe harbor matching contributions, plus actual earnings thereon. Participants vested in the Employer additional matching contribution and non-elective Employer contributions upon the completion of two years of service, defined as 1,000 hours in a plan year, except where an employee incurred a termination of service by retirement, death, or disability, at which time the employee was fully vested.

Note 1 - Description of Plan (Continued)

Payment of Benefits

Upon termination of service due to death, disability, voluntary termination, or retirement, a Participant or beneficiary may have elected to receive either a lump-sum distribution or installment payments in an amount equal to the value of the Participant's vested interest in his or her account. If a terminated Participant's vested account balance was less than $1,000, the plan administrator, after notification, may have distributed the account balance to the Participant. In service withdrawals from the Participant's vested account balances were permitted upon reaching age 59 ½. In service withdrawals were also permitted due to financial hardship, as defined in the Plan document. Participants must have obtained all distributions, other than the hardship withdrawal, and all nontaxable loans currently available, before financial hardship withdrawals were allowed. Hardship withdrawals may have been taken from the Participant's deferral contributions account or vested non-elective contributions account. Deferrals must have been suspended for six months following receipt of a hardship withdrawal.

Notes Receivable from Participants

Participants were able to borrow from their vested accounts up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. The minimum amount a Participant may have borrowed was $1,000. A Participant was only allowed to have two loans outstanding at a time. Loan terms ranged from one to five years (or up to fifteen years for the purchase of a primary residence). Loans were secured by the vested balance in the Participant's account and must have bore a reasonable rate of interest. Principal and interest were paid ratably through payroll deductions or by check if the employee had terminated employment. If a Participant ceased to make loan repayments and the plan administrator deemed the loan to be in default, the Participant's loan balance was reduced, and a benefit payment was made in accordance with the plan document.

Forfeited Accounts

A Participant who no longer was employed by the Employer forfeited any non-vested balance after the earliest of five consecutive one year breaks in service, or distribution of the entire vested portion of the Participant's account. Non-vested forfeited account balances were retained in the Plan and were used to pay administrative expenses or reduce future Employer safe harbor contributions. During the year ended December 31, 2017, forfeitures of $512 were used to reduce Employer safe harbor contributions. Forfeited non-vested accounts at December 31, 2017 amounted to $1,692. At October 31, 2018, forfeited non-vested accounts amounting to $1,867 were included as part of the transfer out of assets to the S&I Plan on the statement of change in net assets available for benefits.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from the estimates that were used.

Investments, Investment Valuation and Income
Investments were reported at fair value except for the Guaranteed Portfolio Fund that was reported at contract value (See Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the fiscal year.

Unit Values
Individual Participant accounts for the pooled separate investments were maintained on a unit value basis. Participants did not have beneficial ownership in the specific underlying securities or other assets in the funds but did have an interest therein represented by units which are valued daily. The funds earned dividends and interest which were automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund were converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts were charged or credited with the number of units properly attributable to each Participant.

Notes Receivable from Participants
Interest income on notes receivable from Participants was recognized on the accrual basis of accounting. Related fees were recorded as administrative fees and expensed when incurred. No allowance for credit losses has been recorded as of October 31, 2018 and December 31, 2017. Notes receivable from Participants were reported at the unpaid principal balance plus any accrued but unpaid interest.

Payments of Benefits
Benefits were recorded during the period in which the Participants were paid.

Note 3 - Information Prepared and Certified by the Plan's Insurance Company

The following is a summary of the Plan's information as of December 31, 2017 and for the period from January 1, 2018 to October 31, 2018, included throughout the Plan's financial statements that was prepared by or derived from the information provided by GWL&A and furnished to the plan administrator. The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by GWL&A as of October 31, 2018 and December 31, 2017 and for period January 1, 2018 to October 31, 2018. As a result of the Plan merger effective November 1, 2018, all the Plan's assets were transferred to S&I Plan (see Note 1).

	2017
Investments:	
Pooled separate accounts, at fair value	**$ 11,673,068**
Guaranteed Portfolio Fund, at contract value	**675,569**
	$ 12,348,637
Notes receivable from participants	**$ 141,254**

For the period January 1, 2018 to October 31, 2018, GWL&A also certified the completeness and accuracy of (1) interest and dividend income of $5,175, (2) interest income on notes receivable from participants of $5,236, (3) net depreciation in the fair value of investments of $157,710 and (4) the value of the investments and participant loans reflected in the transfer out of assets to The Savings and Investment Plan sponsored by WPP Group USA, Inc. of $11,488,802.

Note 4 - Fair Value Measurements

Under GAAP, a framework for measuring fair values has been established to clarify the definition of those fair values and expand disclosures about assets and liabilities measured at fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy described under GAAP are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Note 4 - Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at October 31, 2018 and December 31, 2017. The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Pooled separate accounts invest primarily in mutual funds and are valued at the net asset value ("NAV") of units of the separate account. The NAV, as provided by GWL&A, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. These units are not traded on a securities exchange but are redeemable only by the issuer. The rate of return varies based upon each fund's experience. These accounts do not distribute dividends or interest to the Plan, rather investment performance is reflected in the change in the unit value. Participant transactions (purchases and sales) may occur daily. Pooled separate accounts that are measured using the NAV practical expedient, are exempt from categorization within the fair value hierarchy.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on net asset value per share as of December 31, 2017:

Description	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Pooled separate accounts	$11,673,068	$ -	Daily	None

This class included investments that are available through a group annuity contract with GWL&A that seeks to achieve their objectives by investing in a professionally selected mix of mutual funds, index funds, and fixed interest contracts. Management used asset allocation strategies to allocate assets among different broad asset classes and the underlying funds. Each underlying fund had its own investment objectives and strategies and may have held a wide variety of securities and other instruments in its portfolio, including, without limitation U.S. and foreign equity securities.

Note 5 - Group Annuity Contract

The Plan had a group annuity contract with GWL&A that invested contributions in the Guaranteed Portfolio Fund. The Guaranteed Portfolio Fund was a general account product. The methodology for calculating the interest crediting rate was based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate was reset quarterly. The account was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represented contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may have ordinarily directed the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest was based on a formula agreed upon with the issuer but may not have been less than 0%. For the period ended December 31, 2018 and 2017, the average yield and actual average yield interest rates were both approximately 1.10%. Such interest rates were reviewed on a quarterly basis for resetting.

The Plan or the contract issuer may have, upon 30 days advance written notice to the other party, declared a contract termination date which shall have been any date on or after the expiration of the 30-day notification period. The contract issuer may only have declared a contract termination date on the occurrence of certain events. Such events include the following: (a) amendments to the Plan or operations of the Plan in a manner which was unacceptable to the issuer, (b) failure to comply with provisions in the group annuity contract, (c) the Plan failed to qualify or became disqualified under Code section 401(a), (d) the total amount of Plan contributions received by the issuer in the preceding twelve months or the sum of all the participant annuity values was less than $25,000, (e) the Plan failed to make participant's contributions to the Plan within thirty days following the end of the month in which such deductions were made, (f) transfers to investment vehicles outside of the group annuity contract exceed 10% of the accounts at the beginning of the calendar year.

Certain events limited the ability of the Plan to transact at contract value with the issuer. Such events included the following: (a) Amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (b) Bankruptcy of the Plan sponsor or other Plan sponsor events that caused a significant withdrawal from the Plan, (c) The failure of the plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA and other events as specified in the guaranteed investment contract. Effective November 1, 2018, the Employer became a participating employer in the S&I Plan and merged the Plan into the S&I Plan (See Note 1). Due to the merger, the Guaranteed Portfolio Fund was subject to a market value adjustment ("MVA") of $29,165. Prior to the merger, Participants continued to transact at contract value. The MVA is included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

Note 6 - Risks and Uncertainties

The Plan invested in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it was at least reasonably possible that changes in the values of investment securities would have occurred in the near term and that such changes could have materially affected Participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 - Plan Termination

The Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. Effective November 1, 2018, the Employer became a participating employer in the S&I Plan and merged the Plan into the S&I Plan (See Note 1).

Note 8 - Tax Status

The underlying prototype non-standardized profit sharing plan has received an opinion letter from the Internal Revenue Service, dated March 31, 2014 stating that the form of the plan is qualified under Section 401(a) of the Code, is exempt from federal income taxes under Section 501(a) of the Code and that the plan, as then designed, is in compliance with the applicable requirements of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes the Plan is currently designed and was being operated in compliance with the applicable requirements of the Code and that the Plan is qualified, and the related trust is tax-exempt as of the financial statement dates.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations prior to 2015.

Note 9 - Party-in-Interest Transactions

The Plan paid administrative expenses totaling $11,827 to GWL&A and Empower Retirement during the period January 1, 2018 to October 31, 2018, which qualified as party-in-interest transactions. Notes receivable from Participants qualified as exempt party-in-interest transactions, as defined by ERISA.

Note 11 - Subsequent Events

The Plan has evaluated subsequent events through July 31, 2019, the date the financial statements were approved and authorized for issuance by the plan administrator, and determined that there have been no subsequent events that would require recognition in, or disclosure in the notes to, the financial statements.
