Note 1. Plan Description

The following description of Curbell, Inc. 401(k) Plan (the Plan), formerly known as Curbell, Inc. Profit Sharing Plan, provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by Curbell, Inc., Curbell Medical Products, Inc., and Curbell Plastics, Inc. (collectively the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's management is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility:

Employees of the Company are eligible to participate in the Plan on the first of the month following completion of thirty days of service and once they have reached the age of 21. Employees of the Company are eligible to receive employer matching contributions on the first day of the calendar quarter once they have reached the age of 21, worked 1,000 hours within a twelve month period, and completed one year of continuous service, as defined.

Contributions:

Participants may make voluntary pre-tax and, effective October 1, 2018, voluntary after-tax contributions to the Plan of up to 100% of eligible compensation, as defined. Participants who are fifty years and older may make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in the DFA Investment Dimensions Group Inc. Global 60/40 Fund, until changed by the participant.

The Plan permits the Company to make discretionary matching contributions. For both 2018 and 2017, the Company contributed an amount equal to 50% of participant contributions, up to a maximum of 6% of the participant's eligible compensation, as defined by the Plan. The Plan also permits the Company to make discretionary profit sharing contributions. The Company did not make any discretionary profit sharing contributions for the years ended December 31, 2018 and 2017.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, the Company's contributions, allocations of Plan earnings and revenue sharing reimbursements, reduced for benefits paid, and charged directly for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions and employer matching contributions plus actual earnings thereon. The Company's profit sharing contributions become 20% vested after two years of credited service, as defined, with vesting increasing at 20% increments each year thereafter, to 100% after six years of credited service.

A participant also becomes 100% vested if the Plan is terminated, upon reaching an early retirement age of 55 while employed by the Company, or if he or she dies or becomes disabled while employed by the Company.

Forfeitures:

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $1,205 and $17, respectively. Forfeitures of nonvested Company contributions are used to pay administrative expenses of the Plan or to reduce the Company's contributions. Forfeitures reduced the Company's contributions by $1,104 and $186 in 2018 and 2017, respectively.

Other income:

The Plan receives reimbursement for certain Plan expenses paid through revenue sharing arrangements with certain investment funds owned by the Plan. The Plan received $120,902 and $101,340 of these reimbursements in 2018 and 2017, respectively, which is included in other income on the statements of changes in net assets available for benefits. Amounts reimbursed are allocated quarterly to participant accounts based on their average daily balance in the fund for the previous quarter.

Payment of benefits:

On termination of service due to death, disability, or retirement, or upon attaining age 59-½, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Distributions of elective deferrals and earnings thereon are also permitted in the event of financial hardship, as defined by the Plan.

Note 1. Plan Description (Continued)

Notes receivable from participants:

Participants may borrow from their account a minimum of $1,000 up to a maximum loan equal to the lesser of $50,000 or 50% of their vested account. The loans are secured by the vested balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Loans must be repaid in a maximum term of 5 years for personal loans and 10 years for the purchase of a participant's primary residence. Principal and interest are paid ratably through bi-weekly payroll deductions.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees, which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees. Investment expenses related to fund management are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The accompanying financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Note 2. Significant Accounting Policies (Continued)

Excess contributions:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. No liability was required to be recorded at December 31, 2018 and 2017. Distributions of excess contributions totaled $-0- and $5,213 during the years ended December 31, 2018 and 2017, respectively.

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events:

Subsequent events have been evaluated through July 1, 2019, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the value of investments of the Plan that has been certified by Reliance Trust Company (Reliance) at December 31, 2018 and 2017:

	2018	2017
Investments, at fair value:		
Common/Collective Trust	**$ 2,726,764**	$ 2,613,414
Registered Investment Companies	**40,538,770**	44,100,826
	$ 43,265,534	$ 46,714,240

Reliance has also certified to the completeness and accuracy of the net appreciation (depreciation) in the fair value of investments of ($4,693,075) and $5,138,923 and interest and dividend income of $1,770,087 and $1,454,647 for the years ended December 31, 2018 and 2017, respectively.

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is primarily based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2018 and 2017. The classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	2018			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 40,538,770**	**$ -**	**$ -**	**$ 40,538,770**
Common/Collective trust – measured at NAV [(a)]				**2,726,764**
Investments at fair value				**$ 43,265,534**

	2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 44,100,826	$ -	$ -	$ 44,100,826
Common/Collective trust – measured at NAV [(a)]				2,613,414
Investments at fair value				$ 46,714,240

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2018 and 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment	**Fair value at December 31, 2018**	Fair value at December 31, 2017	Redemption Frequency	Redemption Notice Period
Common/Collective trust	**$ 2,726,764**	$ 2,613,414	Daily	30 days

There were no unfunded commitments related to the common/collective trust at December 31, 2018 and 2017.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

The Plan adopted a non-standardized form of a volume submitter plan sponsored by CCH Inc. d/b/a ftwilliam.com. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status dated March 31, 2014. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 7. Party-In-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

Reliance is the trustee as defined by the Plan, the Newport Group is the Plan recordkeeper, Fidelity Investments is the custodian and Angell Pension Group Inc. is the Plan advisor. Therefore, transactions with these parties qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to $82,130 and $75,679 for the years ended December 31, 2018 and 2017, respectively. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Differences between these Financial Statements and Financial Information Required on Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
