Report on the Financial Statements
We were engaged to audit the accompanying financial statements of MBX Medical Billing Experts, LLC 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion
As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Matrix Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter
The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

MBX Medical Billing Experts, LLC
401(k) Profit Sharing Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the MBX Medical Billing Experts, LLC 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. For a more complete description of the Plan, participants should refer to the Plan Agreement and its related provisions. During October 2018, US Radiology took 100% ownership of MBX Medical Billing Experts, LLC.

General

The Plan is a single employer defined contribution plan covering substantially all employees of MBX Medical Billing Experts, LLC (the "Plan Sponsor") who have reached the age of 21. The Plan Trustees control the operations of the Plan. Matrix Trust Company is the custodian of the Plan assets. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established by the Plan Sponsor on August 1, 2014.

Eligibility

Eligible employees include all regular full-time employees of MBX Medical Billing Experts, LLC over the age of 21. Employees are immediately eligible to participate in the Plan subsequent to completing the eligibility requirements. Participants are eligible to receive discretionary Plan Sponsor nonelective and safe harbor contributions after completing one year of service and are employed on the last day of the plan year. The Plan defines a year of service for eligibility as a year in which the employee works at least 1,000 hours.

Investment Options

Participant contributions and Plan Sponsor nonelective and safe harbor contributions are allocated among the available investment options as directed by each participant. By designating these investment alternatives for participants, allowing frequent fund transfers, and providing the necessary fund information to participants, it is intended that the Plan be treated as an ERISA 404(c) Participant-Directed Account Arrangement. The Plan currently offers various mutual funds and a collective trust as investment options for participants.

Contributions

Participants shall be permitted to make pre-tax and Roth contributions to the Plan in any amount up to 100 percent of their pretax annual compensation subject to certain Internal Revenue code limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Note 1: Description of Plan (Continued)

Contributions (Continued)

The Plan Sponsor will make safe harbor contributions of 3 percent of participant wages. The Plan Sponsor may make a nonelective contribution to participant accounts equal to 50 percent of participant elective deferrals that do not exceed 6 percent of eligible compensation for the Plan year. The Plan Sponsor, at its discretion, may also make profit sharing contributions. During the year ended December 31, 2018, the Plan Sponsor made safe harbor contributions of $172,022 and nonelective contributions of $180,257 to the Plan. The amount on the statement of changes in net assets available for benefits has been reduced by forfeitures used to pay the employer contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions, Plan Sponsor nonelective and safe harbor contributions, and allocations of (a) plan earnings (losses), and (b) forfeitures of terminated participants' nonvested accounts. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon and safe harbor contributions. Vesting in the Plan Sponsor's nonelective profit sharing contribution portion of their accounts is based on years of continuous service. Employer profit sharing contributions become 100% vested after three years of service or reaching early retirement age, at 55. As of January 1, 2019, certain non-highly compensated employees were fully vested on profit sharing contributions regardless of years of service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant must receive the value of the vested interest in his or her account as a lump-sum distribution if the amount is below $1,000. If the vested balance is between $1,000 and $5,000, the participant may receive the value of the vested interest or the plan administrator will roll it over to an IRA. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Note 1: Description of Plan (Continued)

Forfeitures

As of December 31, 2018 and 2017, forfeited non-vested accounts totaled $44,643 and $44,321, respectively. Forfeitures in the amount of $34,482 were used to reduce employer contributions for the year ended December 31, 2018. Due to the corporate restructure, as of January 1, 2019, certain non-highly compensated employees were fully vested on profit sharing contributions regardless of years of service. Total forfeitures to be returned to the participants amounted to $10,160 at December 31, 2018.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP). Contributions are recorded when earned and distributions are recorded when paid.

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as determined by the custodian of the Plan assets for the year ended December 31, 2018 and 2017, as discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net change of fair value of investments.

Note 3: Information Certified by the Custodian

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, net changes in fair value of investments, and interest and dividends was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company, the custodian of the Plan assets, as of and for the years ended December 31, 2018 and 2017.

- Investments as shows in the statements of net assets available for benefits as of December 31, 2018 and 2017.
- Interest and dividends and changes in fair value of investments as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments listed in the supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2018.

Note 4: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4: Fair Value Measurements (Continued)

Level 3 - Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,252,320	$ -	$ -	$ 2,252,320
Total assets in the fair value hierarchy	$ 2,252,320	$ -	$ -	$ 2,252,320
Common Collective trusts at NAV				$ 65,997

Note 4: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,049,299	$ -	$ -	$ 2,049,299
Total assets in the fair value hierarchy	$ 2,049,299	$ -	$ -	$ 2,049,299
Common Collective trusts at NAV				$ 62,239

Transfers between levels

There were no significant transfers between Level 1 or 2, and no transfers in or out of Level 3 for the years ended December 31, 2018 and 2017.

Fair Value of Investments in Entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017,

December 31, 2018	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust funds	$65,997	n/a	Daily	30 days
December 31, 2017	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common Collective Trust funds	$62,239	n/a	Daily	30 days

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6: Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are managed by Matrix Trust Company. Matrix Trust Company is the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred for the investment management services during the years ended December 31, 2018 and 2017 were included in the financial statements. Specific detail for management fees is not available from the custodian.

Note 7: Plan Termination

The Plan Sponsor has the right under the plan document to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Due to the corporate restructure, the Plan is considered partially terminated. Due to this restructuring, certain participants have become 100% vested in their Plan Sponsor contributions.

Note 8: Tax Status

The Plan utilizes the Milliman, Inc. Volume Submitter Profit Sharing Plan, an IRS approved prototype plan document with the latest determination letter on March 31, 2014. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and has no income subject to unrelated business income tax. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires an assessment for the recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Plan has determined that it is subject to examination of its income tax filings in the United States and state jurisdictions for the previous three tax years. In the event that the Plan is assessed penalties and or interest, penalties will be charged to other operating expense and interest will be charged to administrative expense.

Note 9: Subsequent Events

In accordance with ASC 855, management of the Plan evaluated all subsequent events through July 26, 2019, which was the date the financial statements were available to be issued. The Plan was amended on January 1, 2019 to provide for the full vesting of certain non-highly compensated employees that were identified as employees affected by corporate restructuring. There were no other material subsequent type events that required recognition or disclosure in these financial statements.
