## Notes to Financial Statements

### **The Rawlings Group 401(k) Profit Sharing Plan**

December 31, 2018 and 2017

#### **Note A--Description of Plan**

The following description of The Rawlings Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General--The Plan is a defined contribution plan sponsored by The Rawlings Company LLC, Rawlings & Associates, PLLC, Rawlings Financial Services, LLC, Crab Orchard Farm, and The Rawlings Foundation, Inc. (collectively referred to as the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). An employee becomes a participant in the Plan on the first entry date (first day of each month) coinciding with or immediately following attainment of age twenty-one and the completion of six months of service.

Contributions--A participant may agree to a deferral in salary as a percentage or constant dollar amount of his or her annual compensation, up to Internal Revenue Code limitations. If a participant elects to make salary deferral contributions to the Plan, the Company may make a discretionary employer matching contribution equal to 20% of the first 10% of compensation that a participant contributes to the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Participant Accounts--Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, Plan earnings, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting--Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Investment Options--Upon enrollment in the Plan, a participant may direct contributions to various investment options available as set forth in the Plan. Participants may change their investment options at any time during the year.

Payment of Benefits--A participant who has become entitled to receive payment of benefits whether retired, disabled, death or terminated may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or receive monthly payments upon the purchase of a life annuity.

**Note A--Description of Plan--Continued**

Notes Receivable from Participants--A participant may borrow a portion of such participant's vested accrued benefit under the Plan. Participants may borrow a minimum amount of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans must bear a reasonable interest rate and be repaid over a reasonable period of time not to exceed five years, except when the loan is secured by a home mortgage. Principal and interest are paid ratably through semi-monthly or bi-weekly payroll deductions.

Forfeitures--Forfeitures from nonvested accounts are used to reduce employer contributions. For the years ended December 31, 2018 and 2017, approximately \$33,000 and \$50,000, respectively, was utilized to reduce the employer contributions. There were no forfeitures remaining as of December 31, 2018 or 2017.

**Note B--Summary of Accounting Policies**

The Plan follows generally accepted accounting principles as outlined in the Financial Accounting Standards Board ("FASB") *Accounting Standards Codification*. Significant accounting policies are as follows:

Basis of Accounting--The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition--The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants--Loans to participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded when received. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2018 and 2017, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits--Benefits are recorded when paid.

**Note B--Summary of Accounting Policies--Continued**

Administrative Expenses--Certain expenses of maintaining the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participants' accounts.

Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of asset and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Date of Management's Review--Subsequent events were evaluated through June 19, 2019, which is the date the financial statements were available to be issued.

**Note C--Investments**

*Unaudited Information Certified by the Plan Trustee*

The December 31, 2018 and 2017, statements of net assets available for plan benefits, the investment activities included on the statements of changes in net assets available for plan benefits for the years ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$48,250,955 and \$46,691,875 at December 31, 2018 and 2017, respectively, and the related net investment income of (\$3,546,171) and \$7,240,376 for the years ended.

**Note D--Fair Value Measurements**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1) and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

December 31, 2018 and 2017

**Note D--Fair Value Measurements--Continued**

*Level 1 Fair Value Measurements*

The fair values of mutual funds are based on quoted net asset values of the shares held by the Plan at year end, and this is considered in Level 1 of the fair value tiers. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of mutual funds are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

		<b>Fair Value Measurements Using:</b>		
		<b>Quotes Prices in Active Markets (Level 1)</b>	<b>Significant Other Observable Inputs (Level 2)</b>	<b>Significant Unobservable Inputs (Level 3)</b>
<b><u>December 31, 2018</u></b>	<b><u>Fair Value</u></b>			
Mutual funds	\$ 47,093,728	\$ 47,093,728		
<b>Total Investments</b>	<b>\$ 47,093,728</b>	<b>\$ 47,093,728</b>	<b>\$</b>	<b>\$</b>
<b><u>December 31, 2017</u></b>				
Mutual funds	\$ 45,829,135	\$ 45,829,135		
<b>Total Investments</b>	<b>\$ 45,829,135</b>	<b>\$ 45,829,135</b>	<b>\$</b>	<b>\$</b>

Gains and losses included in changes in net assets available for benefits for the years ended December 31, 2018 and 2017, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2018, there were no transfers into or out of Levels 2 or 3.

**The Rawlings Group 401(k) Profit Sharing Plan**

December 31, 2018 and 2017

**Note E--Termination of the Plan**

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan and discontinue its contributions at any time subject to the provisions of ERISA. Upon termination of the Plan, participants become 100% vested in their account balances.

**Note F--Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2014 that the Plan and related Trust, as then designed, were in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt. As such, no provision for income taxes is included in these financial statements.

Accounting principles generally accepted in the United States of America required the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

**Note G--Related Party Transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the services amounted to \$12,163 and \$10,556 for the years ended December 31, 2018 and 2017, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

<b>Employer Contributions per Schedule H of the Form 5500</b>	<b>\$ 839,056</b>	<b>\$ 743,046</b>

**Note I--Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
