Independent Auditor's Report

To the Participants and Plan Administrator of the
The Beck Group Retirement Savings Plan

Report on the Financial Statements

We have audited the accompanying financial statements of The Beck Group Retirement Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits for the years ended December 31, 2018 and 2017, in accordance with U.S. GAAP.

The Participants and Plan Administrator of the
The Beck Group Retirement Savings Plan

Report on Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary schedule required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

Note. 1. Plan Description

The Beck Group Retirement Savings Plan (the Plan) is a defined contribution plan available to substantially all qualified full-time salaried employees of HCBeck, Ltd. (collectively, The Beck Group or Employer). The Plan is administered by a committee (the Employee Benefits Committee) appointed by the Management Committee of HCBeck, Ltd. T. Rowe Price Retirement Trust Services (Trustee) serves as the Plan's trustee and T. Rowe Price Retirement Plan Services, Inc. (Recordkeeper) serves as the Plan's recordkeeper.

The following description of the Plan provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

Contributions

The Plan provides for participation in a tax-deferred, tax free or "Roth", an after tax savings program by all full-time salaried employees with 30 consecutive days of employment. Participants in the Plan may contribute up to 100% of their earnings on a tax-deferred basis or 100% of after tax earnings or a combination of both, subject to certain IRS limitations. The Plan has an automatic enrollment feature at 6% of compensation in the tax- deferred program, requiring employees to opt out should they desire not to participate.

Contributions for participants in the Plan under the automatic enrollment feature are invested in a T. Rowe Price Target Retirement Fund based on the anticipated retirement date of the participant. The Beck Group matches 50% of each participant's contributions, limited in the aggregate to 3% of pretax earnings, excluding bonuses, commissions, severance pay and expense allowances. The Beck Group may make additional discretionary matching contributions or Qualified Non Elective Contributions to eligible participants through its Retirement Income Program. The amount of the Qualified Non Elective Contribution varies based upon the age of the participant, a percentage of the "test compensation" (compensation used in applying federal nondiscrimination tests) or a percentage of the compensation for the Plan Year of the participant. Contributions are allocated to the Plan's investment options based upon the participant's election. Participants may change their elections at any time. For Non Highly Compensated Employee, The Beck Group may make a special "failsafe" Qualified Matching Contributions to participant accounts in order to failsafe federal nondiscrimination rules. Contributions are deposited in a trust account from which benefits are paid.

Participant Accounts

Participant accounts are credited with the participant's contributions and an allocation of:

a) The Employer's contributions and
b) Plan earnings and administrative expenses

Income earned on Plan assets is allocated to participants' accounts based upon their cumulative share of contributions, previous income and forfeitures credited to the Plan's assets less any withdrawals, distributions, loans or transfers. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Distribution and Withdrawals

Upon retirement, termination, hardship, death or disability, a participant's total vested balance is paid to the participant or designated beneficiary in a lump sum.

Vesting

Under the provisions of the Plan, participants are vested immediately in their contributions. The Beck Group's contributions and forfeiture allocations, including attributable earnings, vest as follows:

Years of Service	Vesting Percentage
1	40%
2	60%
3	80%
4	100%

Under the provisions of the Retirement Income Program, The Beck Group's contributions and forfeiture allocations, including attributable earnings, vest as follows:

Years of Service	Vesting Percentage
Less than 3	0%
3 or more	100%

Forfeitures

Forfeitures not used to restore amounts previously forfeited by re-employed participants or to reduce plan expenses are allocated to participants' accounts on the basis of annual Employer contributions as defined in the Plan document. For the years ended December 31, 2018 and 2017, forfeitures used to offset employer contributions were $77,908 and $54,004, respectively. As of December 31, 2018 and 2017, forfeitures available for future use were $111,909 and $54,783, respectively.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Participants may obtain loans for an amount not to exceed the lesser of 50% of the participant's vested interest in the Plan balance or $50,000. The loans are maintained and serviced by the Trustee as investments of the Plan. All loans bear interest equal to the prevailing prime rate of interest in the Dallas, Texas area at the time the loan is granted plus 1% (prime was 5.5% and 4.5% at December 31, 2018 and 2017, respectively). Principal and interest are paid ratably through periodic payroll deductions.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions and any related earnings into a number of distinct active investment options. Employer Safe Harbor matching contributions and discretionary contributions subject to the vesting schedule described above are invested in accordance with the investment choices selected by each respective participant.

Unallocated Assets

Net, unallocated assets consist primarily of a contribution receivable from the employer for the Retirement Income Program, which has not been allocated to the participants' accounts less accrued expenses of the plan. Unallocated net assets of $2,592,910 and $2,101,411 at December 31, 2018 and 2017, respectively, were allocated during the first quarter of the subsequent years

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make significant estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ significantly from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

During 2018 and 2017, the Plan held an interest in the T. Rowe Price Stable Value Fund (SVF), a common/collective trust fund. The SVF invests in a high quality fixed income portfolio combined with investment contracts, commonly referred to as wrap contracts, issued by insurance companies and other financial institutions for a fee. The SVF is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The issuer of the wrap contract guarantees a minimum rate of return and provides full benefit responsiveness, provided that all terms of the wrap contract have been met. The fair value of the SVF equals the total of the fair value of the underlying assets plus the total wrap contract rebid value.

Certain events limit the ability of the Plan to transact at contract value with the wrap issuer. However, the Plan's management is not aware of the occurrence or likely occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants. The issuer may terminate a wrap contract for cause at any time.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recognized on the accrual basis.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of realized gains and losses and unrealized appreciation (depreciation) on those investments.

There have been no changes in the methodologies used at December 31, 2018 and 2017.

Administrative Expenses

All Trustee fees and administrative expenses are paid from the Plan's funds. The Beck Group provides certain administrative support to the Plan at no cost to the Plan, such as salaries for personnel administering the Plan.

Benefit Payments

Benefits are recorded when paid to the participants.

New Accounting Pronouncements/Accounting Changes

In August 2018, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurements.* The ASU modifies the disclosure requirements on fair value measurements in Accounting Standards Codification Topic 820. The ASU is effective for all reporting periods beginning after December 15, 2019, with early adoption permitted. An entity may elect to early adopt any removed or modified disclosures upon issuance of this Update and delay the adoption of the additional disclosures until the effective date. The Company is evaluating the impact of the adoption of this ASU on the Plan financial statements.

Note 3. Fair Value Measurements

Accounting Standards Codification Topic 820 (ASC 820) establishes a three-level hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of the Plan's investments. The three levels are defined as follows:

Level 1 inputs: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted market prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value fund: Valued at the NAV of the shares held by the Plan at year end, which is based on the fair value underlying investments using information reported by the investment advisor at year end.

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017, respectively.

	2018	2017
Level 1		
Mutual Funds	$ 123,861,709	$ 127,859,284
Total assets in the fair value hierachy	123,861,709	127,859,284
Investments Measured at Net Asset Value		
Stable value fund	$ 9,436,885	$ 10,545,359

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

	December 31, 2018	December 31, 2017
T. Rowe Price Stable Value Fund		
Fair value	$ 9,436,885	$ 10,545,359
Unfunded commitment	None	None
Redemption frequency	Daily	Daily
Other redemption restrictions	None	None
Redemption notice period	One day	One day

Note 4. Tax Status

The Plan is intended to be a qualified trust under Section 401(a) of the Internal Revenue Code (the Code) and is, therefore, exempt from federal income taxes under provisions of Section 501(a) of the Code. The Plan received a favorable determination letter dated December 20, 2002 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code.

The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions by the plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 5. Related Party Transactions

Plan investments include various mutual funds and a common/collective trust fund maintained by the trustee, therefore, these transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, The Beck Group has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). In the event of Plan termination, participants will become 100% vested in their accounts and the Plan assets will be distributed in accordance with the provisions of the Plan.

Note 7. Parties-In-Interest

Parties-in-interest are defined under the Department of Labor Regulations as any Fiduciary of the Plan, parties rendering services to the plan, the employer and certain others. As such transactions conducted by Lockton Investment Advisors, Morningstar, The Lampo Group, and T. Rowe Price qualify as party in interest transactions.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statement of net assets available for benefits.

Note 9. Subsequent Events

The Employer has evaluated subsequent events with respect to the Plan through July 1, 2019, which is the date the financial statements were available for issuance.
