Akron Beacon Journal Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Akron Beacon Journal Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was created in August 2006 as a result of the acquisition of the Beacon Journal Publishing Company (the Company and Plan Sponsor) by Sound Publishing Holdings (Sound Publishing), a wholly owned subsidiary of Black Press, Ltd.

The Plan is a defined contribution plan in which generally all employees of the Company who meet certain service criteria are eligible to participate, except those employees who are members of a certain collective bargaining unit which has entered into an agreement providing for the exclusion of its members from the Plan. Effective March 9, 2010, members of the Newspaper Guild Local 1 Newsroom, Newspaper Guild Local 1 Other, Local CWA 14514 (formerly known as Compositors ITU Local 182), GCIU and Teamsters Local #473 bargaining units (the Unions) were eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility to participate: Participants were eligible to participate in the plan after completing twelve consecutive months of service or an employee works 1,000 hours or more within the 12-month period.

The Plan was terminated by the Plan Sponsor effective May 25, 2018 (Note 8).

Contributions: Each year, participants may contribute up to 75 percent of pretax annual compensation, up to the annual maximum amount pursuant to the applicable section of the Internal Revenue Code. Participants who meet certain age requirements are eligible to make additional "catch-up contributions" also subject to certain dollar limits. The Plan also provides for employer discretionary matching contributions. Prior to March 30, 2015, the Company contributions for all employees were equal to 50 percent of the first 6 percent of eligible compensation that a participant contributes to the Plan. As of March 30, 2015, Company contributions for all non-union employees are equal to 50 percent of the first 4 percent of eligible compensation. As of June 16, 2016, Company contributions for all Newspaper Guild employees are equal to 50 percent of the first 4 percent of eligible compensation. Effective September 1, 2012, members of Local CWA 14514 were no longer eligible to receive employer discretionary matching contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company also has the option to make a discretionary profit sharing contribution to the Plan, on an annual basis. Profit sharing contributions are allocated to the accounts of the active participants in direct proportion to the participants' eligible compensation as defined by the Plan. Members of the Unions are not eligible for the Company discretionary profit sharing contributions. There were no profit sharing contributions made during 2018 or 2017.

Investment programs: Participant, employer matching and profit sharing contributions are invested by the trustee, as directed by the employee (participant-directed), in one or more of the available funds. Participants may elect to change their deferred contribution percentage daily and may elect to change investment direction and previously invested contributions from one fund to another.

Akron Beacon Journal Retirement Savings Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Vesting: Due to the termination of the Plan (Note 8), all participants became 100% vested as of the effective date. Previously, participants were vested immediately in their contributions plus actual earnings thereon. A participant's vested interest in the Company's matching and profit sharing contributions was based on years of continuous service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 years	25%
3 years	50%
4 years	75%
5 years	100%

Participant accounts: Each participant's account is credited with the participant's contribution and an allocation for (a) the Company's contributions and (b) Plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: The Plan permits limited borrowings by a participant against the value of his or her account. The loan must be a minimum of \$500 and up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Mandatory or involuntary lump-sum distributions in excess of \$1,000, but less than \$5,000, shall be made in the form of a single sum, as provided for by the Plan.

Withdrawals: Participants who have attained normal retirement age of 65 or the age of 59½ may withdraw in cash all or part of their account as defined by the Plan. Participants under the age of 59½ may withdraw all or part of their tax-deferred contributions only for reasons of extreme financial hardship as defined under federal law. Participants over the age of 70 ½ may defer required minimum distributions until the calendar year following the calendar year in which the participant retires.

Basis of accounting: Due to the decision to terminate the Plan and management's determination that liquidation is imminent and unlikely to be blocked by the regulators, the accompanying financial statements as of and for the period ended October 26, 2018 have been prepared using the liquidation basis of accounting. The financial statements as of and for the year ended December 31, 2017 have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use certain estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Akron Beacon Journal Retirement Savings Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Investment valuation and income recognition: There are no investments on the statement of net assets available for benefits as of October 26, 2018 (in liquidation) due to the termination of the Plan. Investments on the statement of net assets available for benefits as of December 31, 2017 (going concern) are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

During the year ended October 26, 2018, purchases and sales of securities were recorded on a trade-date basis, and net appreciation includes the Plan's gains and losses for investments bought and sold as well as held during the year. Interest and dividends were recorded on the liquidation basis, including amounts expected to be earned through final liquidation. During the year ended December 31, 2017, purchases and sales of securities were recorded on a trade-date basis. Interest income was recorded on the accrual basis and dividends were recorded on the ex-dividend date.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Contributions: Participant contributions are recognized when they are withheld from the participant's earnings. Company matching contributions are recognized when the related participant contributions are withheld from the participant's earnings. Company discretionary profit sharing contributions, if any, are approved by the Company's management at the end of the year and are recognized when declared.

Payment of benefits: Benefits are recorded when paid.

Expenses: The Plan's administrative expenses are paid by the Company or the Plan, at the discretion of the Company.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: The plan administrator has evaluated events for potential recognition and/or disclosure through August 12, 2019, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Vanguard Fiduciary Trust Company

Due to the termination of the Plan in 2018, all investments were liquidated and distributed. The following is a summary of the Plan's asset information as of December 31 2017, and for the period and year ended October 26, 2018 and December 31, 2017, respectively, included throughout the Plan's financial statements that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements related to the following assets as of December 31, 2017:

Registered investment companies	<u>\$ 16,878,630</u>
Notes receivable from participants	<u>\$ 162,798</u>

Vanguard Fiduciary Trust Company also certified to the completeness and accuracy of the Plan's interest and dividends, net appreciation in fair value of investments and interest income on notes receivable from participants for the period and year ended October 26 2018 and December 31, 2017, respectively:

	2018	2017
Interest and dividends	\$ 99,856	\$ 597,930
Net appreciation in fair value of investments	276,128	2,042,483
	<u>\$ 375,984</u>	<u>\$ 2,640,413</u>

Note 4. Fair Value Measurements

FASB guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the guidance are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value as of December 31, 2017.

Registered investment companies: Valued at quoted market prices, which represent the net asset value (NAV) of the shares held by the Plan at year end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2017:

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 16,878,630	\$ -	\$ -	\$ 16,878,630

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

We evaluate the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. There were no transfers in or out of Level 1, 2, or 3.

Note 5. Tax Status

Effective January 1, 2015, the Plan restated and readopted a non-standardized form of a prototype plan sponsored by Vanguard Fiduciary Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The Plan Administrator has analyzed the tax positions taken by the plan and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Party-in-Interest Transactions

The Plan invests in registered investment companies managed by an affiliate of Vanguard Fiduciary Trust Company (Vanguard). Vanguard is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. The Plan incurred administrative fees of \$13,362 and \$14,842 for the period and year ended October 26, 2018 and December 31, 2017, respectively.

Note 7. Reconciliation of Financial Statements to IRS Form 5500

Notes receivable from participants are reported on the Form 5500 as participant loans and considered plan investments while in the Plan's financial statements they are classified as receivables from participants.

Note 8. Plan Termination

On May 11, 2018, the Board of Directors of The Beacon Journal Publishing Company, the Plan's sponsor, voted to terminate the Plan effective May 25, 2018. As a result of the termination of the Plan, all participants became vested in their account balances as of May 25, 2018, the effective date of the termination. As of that date, Plan management determined liquidation was imminent and unlikely to be blocked by regulators. Therefore, the Plan's basis of accounting was changed from a going concern on the ongoing - accrual basis of accounting used in presenting the 2017 financial statements to the liquidation basis used in presenting the 2018 financial statements.

As of the effective date of the termination, the Plan was closed to new participants. In addition, no further contributions to the Plan were made subsequent to the effective termination date. All account balances were distributed from the Plan, according to participant elections, by October 26, 2018, at which date the Plan's liquidation was completed.
