CAPTIVATE, LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Captivate, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Captivate, LLC (the “Employer”). The Plan covers substantially all employees that have attained the age of 21, except part time, seasonal, and temporary employees working less than 1,000 hours in a year (“Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant-directed.

Participant Contributions

Participants may defer 1% to 90% of their annual compensation, as defined by the Plan, up to a dollar amount set by Federal law on a before or after-tax (Roth) basis. Newly eligible employees are automatically enrolled in the Plan at a 4% deferral unless they affirmatively elect otherwise. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with the Federal Law. Catch-up contributions are eligible for the Company matching contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

Each year, the Employer shall make a matching contribution on behalf of each eligible participant equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant’s account is credited with the Participant’s contribution, a pro rata allocation of the Employer’s contributions, actual investment earnings thereon, and reduced by pro rata allocation of administrative expenses and direct administrative expenses, as applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants are immediately vested in all deferral contributions, rollovers and all Employer contributions plus actual earnings thereon.

CAPTIVATE, LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Forfeitures

At December 31, 2018 and 2017, forfeited amounts totaled \$0 and \$11, respectively. These amounts may be used to offset Plan expenses and to reduce Employer contributions and consist of funds from over funding of contributions. Forfeitures of \$1,413 were used to offset Employer contributions in 2018.

Payment of Benefits

Hardship withdrawals are permitted from a participant's total vested account, after exhausting the maximum amount available to the Participant as a loan under the Plan. All deferral contributions will be suspended for a period of six months after receipt of the hardship withdrawal. In addition, in-service withdrawals from the Participant's total vested account are permitted upon reaching age 59½. Participants can withdraw from their rollover contributions account at any time. Upon disability, retirement or termination of employment, as defined by the Plan, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Upon termination, if a participant's vested account is greater than \$1,000 but less than \$5,000, the Plan administrator, after notification, may distribute his or her entire vested account balance to the Participant in the form of an IRA rollover account on behalf of the former participant. In addition, if a participant's vested account is \$1,000 or less, the Plan administrator automatically distributes the account balance to the Participant.

Notes Receivable from Participants

The Plan offers two types of loans, which are general-purpose loans and primary residence loans. The repayment period for the general-purpose loans and primary residence loans may not exceed five and thirty years, respectively. Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have two outstanding loans at a time. Loans are secured by the vested balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Reliance Trust Company ("Reliance") is the Plan's custodian and trustee. The Employer, at its discretion, pays the administration expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Subsequent Events

The Employer has evaluated subsequent events through July 29, 2019, the date that the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.

Note 3 - Investments

Plan investments are held by the Plan's trustee, Reliance Trust Company ("Reliance"). Reliance certified the fair value of investments as of December 31, 2018 and 2017, and investment transactions during the year ended December 31, 2018. Investment transactions include interest and dividend income and net depreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year), including participant loans (notes receivable from participants), has also been derived from information certified by Reliance.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 - Fair Value Measurements (Continued)

Stable Value Common Collective Trust Fund

Metlife Stable Value Fund is composed primarily of indirect fully benefit-responsive investment contracts and is valued at the NAV of units of the bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund and its liabilities. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

Description	Assets at Fair Value as of December 31, 2018

(a) In accordance with ASC Subtopic 820-10, "Fair Value Measurements," certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy amounts to amounts presented in the Statements of Net Assets Available for Benefits.

* See Note 4 for the description of the stable value common collective trust.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan document is an Automatic Data Processing prototype using a non-standardized adoption agreement that has received a favorable Internal Revenue Service opinion letter dated July 8, 2014. The Plan has been amended since receiving the opinion letter. The Employer believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

CAPTIVATE, LLC 401(k) PLAN

Notes to Financial Statements

Note 8 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are held by Reliance, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. For the Plan year ended December 31, 2018, administrative fees of \$14,740 were paid to the trustee. Notes receivable from participants also qualify as exempt party-in-interest transactions.

CAPTIVATE, LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan

The following description of the Captivate, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan sponsored by Captivate, LLC (the “Employer”). The Plan covers substantially all employees that have attained the age of 21, except part time, seasonal, and temporary employees working less than 1,000 hours in a year (“Participants”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Substantially all investments are participant-directed.

Participant Contributions

Participants may defer 1% to 90% of their annual compensation, as defined by the Plan, up to a dollar amount set by Federal law on a before or after-tax (Roth) basis. Newly eligible employees are automatically enrolled in the Plan at a 4% deferral unless they affirmatively elect otherwise. Participants who have reached the age of 50 before the end of the Plan year are eligible to make catch-up contributions in accordance with the Federal Law. Catch-up contributions are eligible for the Company matching contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

Employer Contributions

Each year, the Employer shall make a matching contribution on behalf of each eligible participant equal to 100% of the first 4% of eligible compensation that a participant contributes to the Plan.

Participant Accounts

Each participant’s account is credited with the Participant’s contribution, a pro rata allocation of the Employer’s contributions, actual investment earnings thereon, and reduced by pro rata allocation of administrative expenses and direct administrative expenses, as applicable. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the Participant’s vested account.

Vesting

Participants are immediately vested in all deferral contributions, rollovers and all Employer contributions plus actual earnings thereon.

CAPTIVATE, LLC 401(k) PLAN

Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Forfeitures

At December 31, 2018 and 2017, forfeited amounts totaled \$0 and \$11, respectively. These amounts may be used to offset Plan expenses and to reduce Employer contributions and consist of funds from over funding of contributions. Forfeitures of \$1,413 were used to offset Employer contributions in 2018.

Payment of Benefits

Hardship withdrawals are permitted from a participant's total vested account, after exhausting the maximum amount available to the Participant as a loan under the Plan. All deferral contributions will be suspended for a period of six months after receipt of the hardship withdrawal. In addition, in-service withdrawals from the Participant's total vested account are permitted upon reaching age 59½. Participants can withdraw from their rollover contributions account at any time. Upon disability, retirement or termination of employment, as defined by the Plan, a participant may elect to receive a lump-sum amount equal to the value of his or her account. Upon termination, if a participant's vested account is greater than \$1,000 but less than \$5,000, the Plan administrator, after notification, may distribute his or her entire vested account balance to the Participant in the form of an IRA rollover account on behalf of the former participant. In addition, if a participant's vested account is \$1,000 or less, the Plan administrator automatically distributes the account balance to the Participant.

Notes Receivable from Participants

The Plan offers two types of loans, which are general-purpose loans and primary residence loans. The repayment period for the general-purpose loans and primary residence loans may not exceed five and thirty years, respectively. Participants may borrow a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may have two outstanding loans at a time. Loans are secured by the vested balance in the Participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

Plan Administration

The Employer is the Plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. Reliance Trust Company ("Reliance") is the Plan's custodian and trustee. The Employer, at its discretion, pays the administration expenses of the Plan.

Note 2 - Summary of Significant Accounting Policies

Investments, Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires that Plan management make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could vary from those estimates.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Note 3 - Investments

Plan investments are held by the Plan's trustee, Reliance Trust Company ("Reliance"). Reliance certified the fair value of investments as of December 31, 2018 and 2017, and investment transactions during the year ended December 31, 2018. Investment transactions include interest and dividend income and net depreciation in fair value of investments. Information included in the supplemental Schedule of Assets (Held at End of Year), including participant loans (notes receivable from participants), has also been derived from information certified by Reliance.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I) and the lowest priority to unobservable inputs (Level III). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level I – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III – Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. Note 5 - Fair Value of Investments in Entities That Use NAV Practical Expedient

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018 and 2017, respectively.

<i>Investments</i>	<i>Fair Value*</i> <i>12/31/2018</i>	<i>Fair Value*</i> <i>12/31/2017</i>	<i>Unfunded</i> <i>Commitments</i>	<i>Redemption</i> <i>Frequency</i>	<i>Redemption</i> <i>Notice</i> <i>Period</i>
Stable value common collective trust	\$ <u>251,069</u>	\$ <u>1,325</u>	\$ <u>-</u>	Daily	1 Day
Total	\$ <u>251,069</u>	\$ <u>1,325</u>	\$ <u>-</u>		

* See Note 4 for the description of the stable value common collective trust.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Employer may determine.

Note 8 - Tax Status

The Plan document is an Automatic Data Processing prototype using a non-standardized adoption agreement that has received a favorable Internal Revenue Service opinion letter dated July 8, 2014. The Plan has been amended since receiving the opinion letter. The Employer believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt. Therefore, no provision for income taxes is included in the Plan's financial statements.

CAPTIVATE, LLC 401(k) PLAN

Notes to Financial Statements

Note 8 - Tax Status (Continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are held by Reliance, the trustee of the Plan, and, therefore, these transactions qualify as exempt party-in-interest transactions. For the Plan year ended December 31, 2018, administrative fees of \$14,740 were paid to the trustee. Notes receivable from participants also qualify as exempt party-in-interest transactions.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:
