INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of
The Bobrick Corporation Profit Sharing Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of October 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended October 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as October 31, 2018 and 2017, and for the year ended October 31, 2018, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2018 is required by the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following description of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of The Bobrick Corporation and its subsidiaries (the "Company" or the "Plan Sponsor"). All eligible employees who have completed two months of service are eligible to participate in the Plan. Employees must complete one year of service to be eligible for Company safe harbor and nonelective contributions. In addition, employees must complete 1,000 of service and be employed on the last day of the Plan year to be eligible for Company nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute from two percent up to 90 percent of pre-tax annual compensation, subject to certain limitations under the Internal Revenue Code ("IRC"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees are enrolled under the automatic enrollment provision at a deferral rate of three percent of eligible compensation. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for Company safe harbor contributions and discretionary nonelective contributions. Under the safe harbor arrangement as defined in the Plan, the Company makes contributions equal to three percent of the participant's eligible compensation. The Company made safe harbor contributions of $1,106,218 for the year ended October 31, 2018. There was no discretionary Company nonelective contribution for the year ended October 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's discretionary nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in all other Company nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company nonelective contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions. During the year ended October 31, 2018, forfeitures of $13,990 were utilized to reduce the 2017 Company safe harbor contributions. As of October 31, 2018, forfeitures of $4,640 are available for future use.

Payment of Benefits - On termination of service for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Installment payments are allowed for required minimum distributions only, as defined in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Wells Fargo Bank, N.A. (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2018 and 2017.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Short-Term Fund – This category consists of a short-term investment fund that is valued at the NAV of shares held by the Plan at year end. The fund attempts to stabilize the NAV of its shares at $1.00 by valuing the portfolio securities using the amortized cost method. The fund calculates a market-based NAV per share on a periodic basis. The fund does not guarantee that its NAV will always remain at $1.00 per share. Shares can be redeemed on a same day basis but only directly from the fund. Such transactions do not constitute an active market. Therefore, the short-term fund is classified as Level 2 within the valuation hierarchy.

Common Stocks – Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 within the valuation hierarchy.

Corporate Bonds – Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings, and classified as Level 2 within the valuation hierarchy.

Preferred/Convertible Securities – Preferred stock is valued as a perpetuity. The fair value is determined using the stock's par value, the preferred dividend rate and the required rate of return, and classified as Level 1 and Level 2 within the valuation hierarchy.

Common Collective Trusts ("CCT") – The CCT are valued at the NAV of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The CCT do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of October 31, 2018

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value, noninterest-bearing cash, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of October 31, 2018 and 2017.

b. Net appreciation of investments, dividend and interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended October 31, 2018.

c. Investments and participant loans as of October 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

6. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company has identified certain operational errors related to the Plan's operation and submitted an application to the IRS through the Voluntary Correction Program. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $109,747 for administrative and other service fees as well as indirect compensation.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of October 31,	2018	2017
Net assets available for benefits per the financial statements	$ 52,756,789	$ 50,785,076
Participants' contributions receivable	-	(27,265)
Deemed distributions of participant loans	18,071	18,071
Net assets available for benefits per the Form 5500	$ 52,774,860	$ 50,775,882

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

For the year ended October 31,	2018
Net increase in net assets available for benefits per the financial statements	$ 1,971,713
Change in participants' contributions receivable	27,265
Net increase in net assets available for benefits per the Form 5500	$ 1,998,978

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 14, 2019, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective July 1, 2019, Principal Financial Group acquired Wells Fargo Institutional Retirement & Trust business. As of the date of the financial statements it is yet to be determined what the impact of the acquisition will be on the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of
The Bobrick Corporation Profit Sharing Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of October 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended October 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as October 31, 2018 and 2017, and for the year ended October 31, 2018, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2018 is required by the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following description of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of The Bobrick Corporation and its subsidiaries (the "Company" or the "Plan Sponsor"). All eligible employees who have completed two months of service are eligible to participate in the Plan. Employees must complete one year of service to be eligible for Company safe harbor and nonelective contributions. In addition, employees must complete 1,000 of service and be employed on the last day of the Plan year to be eligible for Company nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute from two percent up to 90 percent of pre-tax annual compensation, subject to certain limitations under the Internal Revenue Code ("IRC"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees are enrolled under the automatic enrollment provision at a deferral rate of three percent of eligible compensation. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for Company safe harbor contributions and discretionary nonelective contributions. Under the safe harbor arrangement as defined in the Plan, the Company makes contributions equal to three percent of the participant's eligible compensation. The Company made safe harbor contributions of $1,106,218 for the year ended October 31, 2018. There was no discretionary Company nonelective contribution for the year ended October 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's discretionary nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in all other Company nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company nonelective contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions. During the year ended October 31, 2018, forfeitures of $13,990 were utilized to reduce the 2017 Company safe harbor contributions. As of October 31, 2018, forfeitures of $4,640 are available for future use.

Payment of Benefits - On termination of service for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Installment payments are allowed for required minimum distributions only, as defined in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Wells Fargo Bank, N.A. (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2018 and 2017.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Short-Term Fund – This category consists of a short-term investment fund that is valued at the NAV of shares held by the Plan at year end. The fund attempts to stabilize the NAV of its shares at $1.00 by valuing the portfolio securities using the amortized cost method. The fund calculates a market-based NAV per share on a periodic basis. The fund does not guarantee that its NAV will always remain at $1.00 per share. Shares can be redeemed on a same day basis but only directly from the fund. Such transactions do not constitute an active market. Therefore, the short-term fund is classified as Level 2 within the valuation hierarchy.

Common Stocks – Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 within the valuation hierarchy.

Corporate Bonds – Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings, and classified as Level 2 within the valuation hierarchy.

Preferred/Convertible Securities – Preferred stock is valued as a perpetuity. The fair value is determined using the stock's par value, the preferred dividend rate and the required rate of return, and classified as Level 1 and Level 2 within the valuation hierarchy.

Common Collective Trusts ("CCT") – The CCT are valued at the NAV of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The CCT do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of October 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,497,755	$ -	$ -	$ 16,497,755

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value, noninterest-bearing cash, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of October 31, 2018 and 2017.

b. Net appreciation of investments, dividend and interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended October 31, 2018.

c. Investments and participant loans as of October 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

6. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company has identified certain operational errors related to the Plan's operation and submitted an application to the IRS through the Voluntary Correction Program. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $109,747 for administrative and other service fees as well as indirect compensation.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of October 31,	2018	2017
Net assets available for benefits per the financial statements	$ 52,756,789	$ 50,785,076
Participants' contributions receivable	-	(27,265)
Deemed distributions of participant loans	18,071	18,071
Net assets available for benefits per the Form 5500	$ 52,774,860	$ 50,775,882

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

For the year ended October 31,	2018
Net increase in net assets available for benefits per the financial statements	$ 1,971,713
Change in participants' contributions receivable	27,265
Net increase in net assets available for benefits per the Form 5500	$ 1,998,978

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 14, 2019, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective July 1, 2019, Principal Financial Group acquired Wells Fargo Institutional Retirement & Trust business. As of the date of the financial statements it is yet to be determined what the impact of the acquisition will be on the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Plan Committee of
The Bobrick Corporation Profit Sharing Retirement Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of October 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended October 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank, N.A., the Trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the Trustee as October 31, 2018 and 2017, and for the year ended October 31, 2018, that the information provided to the plan administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of October 31, 2018 is required by the DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with DOL Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. PLAN DESCRIPTION

The following description of The Bobrick Corporation Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of The Bobrick Corporation and its subsidiaries (the "Company" or the "Plan Sponsor"). All eligible employees who have completed two months of service are eligible to participate in the Plan. Employees must complete one year of service to be eligible for Company safe harbor and nonelective contributions. In addition, employees must complete 1,000 of service and be employed on the last day of the Plan year to be eligible for Company nonelective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Participants may contribute from two percent up to 90 percent of pre-tax annual compensation, subject to certain limitations under the Internal Revenue Code ("IRC"), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible employees are enrolled under the automatic enrollment provision at a deferral rate of three percent of eligible compensation. Participants may also contribute amounts representing distributions from other eligible retirement plans, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for Company safe harbor contributions and discretionary nonelective contributions. Under the safe harbor arrangement as defined in the Plan, the Company makes contributions equal to three percent of the participant's eligible compensation. The Company made safe harbor contributions of $1,106,218 for the year ended October 31, 2018. There was no discretionary Company nonelective contribution for the year ended October 31, 2018.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company safe harbor contributions, as well as allocations of the Company's discretionary nonelective contribution, if any, and Plan earnings, and charged with any withdrawals or distributions requested by the participant, investment losses and allocation of administrative expenses, if applicable. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their contributions and Company safe harbor contributions plus actual earnings thereon. Vesting in all other Company nonelective contribution portion of their accounts is based on years of service. Participants are vested in Company nonelective contributions at 20 percent after two years of service, and an additional 20 percent each year thereafter until 100 percent vested upon six years of service.

Forfeitures - Forfeitures of Company contributions may be used to pay Plan administrative expenses or to reduce future Company contributions. During the year ended October 31, 2018, forfeitures of $13,990 were utilized to reduce the 2017 Company safe harbor contributions. As of October 31, 2018, forfeitures of $4,640 are available for future use.

Payment of Benefits - On termination of service for any reason, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Installment payments are allowed for required minimum distributions only, as defined in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America, primarily from data provided by Wells Fargo Bank, N.A. (the "Trustee").

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Investments are valued daily. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Certain administrative expenses incidental to the administration of the Plan, including fees of the Trustee and independent public accountants may be paid by the Plan. Administrative expenses not paid by the Company are paid by the Plan.

Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Benefits Payable to Participants - Benefits are recorded when paid.

Fair Value - The Plan accounts for its financial instruments using a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value measurement hierarchy is based on three levels of inputs, of which the first two are considered observable and the last unobservable. The three levels of the fair value hierarchy are the following:

- Level 1 – Inputs to the valuation methodology that are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 – Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in markets that are inactive; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – Inputs to the valuation that are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at October 31, 2018 and 2017.

Mutual Funds – This category consists of publicly traded funds of registered investment companies. The net asset value ("NAV") of the mutual fund's shares is quoted on the exchange where the fund is actively traded and therefore classified as Level 1 within the valuation hierarchy.

Short-Term Fund – This category consists of a short-term investment fund that is valued at the NAV of shares held by the Plan at year end. The fund attempts to stabilize the NAV of its shares at $1.00 by valuing the portfolio securities using the amortized cost method. The fund calculates a market-based NAV per share on a periodic basis. The fund does not guarantee that its NAV will always remain at $1.00 per share. Shares can be redeemed on a same day basis but only directly from the fund. Such transactions do not constitute an active market. Therefore, the short-term fund is classified as Level 2 within the valuation hierarchy.

Common Stocks – Common stocks are valued at the closing price reported on the active market on which the individual securities are traded and therefore classified as Level 1 within the valuation hierarchy.

Corporate Bonds – Corporate bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings, and classified as Level 2 within the valuation hierarchy.

Preferred/Convertible Securities – Preferred stock is valued as a perpetuity. The fair value is determined using the stock's par value, the preferred dividend rate and the required rate of return, and classified as Level 1 and Level 2 within the valuation hierarchy.

Common Collective Trusts ("CCT") – The CCT are valued at the NAV of units of a bank collective trust. The NAV, as provided by the funds' trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The CCT do not have any unfunded commitments relating to their investments, or any significant restrictions on redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value:

Investments at Fair Value as of October 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 16,497,755	$ -	$ -	$ 16,497,755

3. FINANCIAL DATA CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the Trustee and was not subjected to any auditing procedures performed by the independent public accountants:

a. Investments, at fair value, noninterest-bearing cash, and notes receivable from participants as shown in the accompanying statements of net assets available for benefits as of October 31, 2018 and 2017.

b. Net appreciation of investments, dividend and interest income on investments, and interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended October 31, 2018.

c. Investments and participant loans as of October 31, 2018 as listed in the accompanying Schedule H, Line 4i - Schedule of Assets (Held at End of Year).

4. NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 less the highest outstanding loan balance during the prior 12 months or 50 percent of their vested account balance. The loan interest rate is set at two percent above the prime rate, as defined in the Plan. The loans are stated at the unpaid principal amount and are secured by the balance in the participant's account. Principal and interest is paid ratably through payroll deductions.

5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Company contributions.

6. TAX STATUS

The Company adopted a volume submitter plan that is the subject of a favorable tax opinion letter from the IRS dated March 31, 2014. The Company has identified certain operational errors related to the Plan's operation and submitted an application to the IRS through the Voluntary Correction Program. The Company believes that the Plan currently is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is exempt from income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of October 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the Trustee. Transactions with the Trustee qualify as party-in-interest transactions for which exemptions exist. The Trustee received $109,747 for administrative and other service fees as well as indirect compensation.

8. RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

As of October 31,	2018	2017
Net assets available for benefits per the financial statements	$ 52,756,789	$ 50,785,076
Participants' contributions receivable	-	(27,265)
Deemed distributions of participant loans	18,071	18,071
Net assets available for benefits per the Form 5500	$ 52,774,860	$ 50,775,882

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500:

For the year ended October 31,	2018
Net increase in net assets available for benefits per the financial statements	$ 1,971,713
Change in participants' contributions receivable	27,265
Net increase in net assets available for benefits per the Form 5500	$ 1,998,978

9. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through August 14, 2019, which is the date that the financial statements were available to be issued, and determined that there were no subsequent events or transactions that required recognition or disclosure in the financial statements, except as disclosed below.

Effective July 1, 2019, Principal Financial Group acquired Wells Fargo Institutional Retirement & Trust business. As of the date of the financial statements it is yet to be determined what the impact of the acquisition will be on the Plan.
