Report of Independent Auditors

The Participants and Administrator
Aptiv Salaried Retirement Savings Program
Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Aptiv Salaried Retirement Savings Program and the Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statements of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plans' administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plans' administrator that the entities that certified the investment information meet the requirements of 29 CFR 2520.103-8. The plans' administrator has obtained certifications as of December 31, 2018 and 2017, and for the year ended December 31, 2018, stating that the investment information provided to the plan administrator is complete and accurate.

Building a better working world

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Disclaimer of Opinion on Supplemental Schedules

The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2018, and nonexempt transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Aptiv Selected Employee Benefit Plans

Notes to Financial Statements

December 31, 2018

1. Description of Plans

The following descriptions of the Aptiv Salaried Retirement Savings Program (the Program or the SRSP) and the Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States (the Plan or the PSP, and together with the SRSP, Aptiv Selected Employee Benefit Plans or the Plans) provide only general information. Participants should refer to the applicable plan documents for more complete information.

Aptiv PLC (Aptiv) is a public limited company formed under the laws of Jersey on May 19, 2011 as Delphi Automotive PLC, which, through its subsidiaries, acquired certain assets of the former Delphi Corporation and completed an initial public offering on November 22, 2011. On December 4, 2017, Aptiv completed the separation of its former Powertrain Systems segment by distributing to Aptiv shareholders on a pro rata basis all of the issued and outstanding ordinary shares of Delphi Technologies PLC, a public limited company formed to hold the spun-off business (the Separation). Following the Separation, the remaining company changed its name to Aptiv PLC. In connection with the Separation, the net assets attributable to plan participants that transferred employment to Delphi Technologies PLC were transferred out of the Program in December 2017 to separate plans administered by Delphi Technologies PLC or its U.S. subsidiaries.

The Board of Directors of Aptiv Corporation (formerly Delphi Corporation prior to May 30, 2018) (incorporated on October 7, 2009), a U.S. subsidiary of Aptiv, acts as a named fiduciary and delegates to various employees and committees who control and manage the operation and administration of the Plans subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). NEPC, LLC is the investment advisor to the Plans. Fidelity Investment Institutional Operations Company, Inc. (Fidelity or Recordkeeper) acts as the Plans' recordkeeper and Fidelity Management Trust Company (Fidelity or Trustee) serves as the Plans' trustee. John Hancock Life Insurance Company (John Hancock) served as the custodian of the Control-Tec 401(k) plan assets until February 1, 2018, which were legally merged into the SRSP in 2017, as further described in Note 5.

Aptiv offers the same investment options to the salaried and hourly participants in the Plans. The investment option structure features the following investment options: custom target date retirement portfolios, equity portfolios, stable value fund and a self-directed brokerage account (SDBA). With these investment options, plan fees are paid through an expense accrual that is deducted from the net asset value (NAV) of the custom investment portfolios. Participants with assets in an SDBA incur a similar expense accrual, but these fees are deducted from their non‑brokerage assets (participants can only invest up to 90% of the value of their account in an SDBA). See Note 4. The Master Trust, for additional information regarding these investment options.

1. Description of Plans (Continued)

Aptiv Salaried Retirement Savings Program

General

The Program was established effective January 1, 1999, as a defined contribution plan in connection with Aptiv's spin-off from General Motors (GM). Aptiv Corporation is the sponsor of the Program.

Eligibility

Salaried employees in the United States (U.S.) are eligible to participate in the Program upon their date of hire and as soon as administratively practicable.

Participant Contributions

An eligible participant may elect to make pretax or after-tax contributions, in 0.1% increments, up to 60% of eligible salary, as defined in the Program, up to the annual pretax/Roth limit ($18,500 in 2018). Employees age 50 and over, or who will attain age 50 by the end of the year, may elect catch-up contributions up to the maximum Internal Revenue Service (IRS) limits ($6,000 in 2018). Catch-up contributions may not be at a rate of less than 0.1% or more than 40% of eligible earnings. Participants may also contribute amounts representing eligible rollover distributions from other qualified programs. Employee contributions vest immediately. Contributions are subject to certain IRS limitations. Newly eligible employees are automatically enrolled in the Program at a pretax contribution rate of 7%. Unless otherwise designated by the participant, the automatic 7% contributions are invested in the age-appropriate target date retirement portfolio. Employees may elect to change their rate of contributions or suspend their contributions at any time.

Employer Contributions

The Program sponsor provides both a non-elective and a matching company contribution to each eligible employee. The non-elective company contribution equals 4% of each eligible employee's total eligible salary, as defined in the Program, which includes base salary, incentive compensation (including sales incentive), and merit-based recognition awards.

The matching contribution equals $0.50 for every dollar an employee contributes to the Program, capped at 7% of an employee's total compensation. The participant may direct the investment of contributions into one or a number of options available under the Program. Employer contributions

1. Description of Plans (Continued)

vest on an annual basis for the first three years of participation in the Program and subsequently are immediately vested. Contributions are subject to certain IRS limitations.

Fund Exchanges

Generally, each participant is entitled, on any business day, to exchange a specified portion or all of his or her interest in any of the investment options to other options offered under the Program.

Participant Withdrawals

A participant may withdraw funds from his or her account at any time after attaining age 59½ without penalty, as defined by the Program document. Prior to age 59½, employee after-tax savings may be withdrawn at any time without penalty; however, pretax savings and Roth savings may only be withdrawn upon termination of employment or financial hardship, and a 10% additional tax may apply. Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals and loans under all applicable programs maintained by Aptiv. The amount that may be withdrawn for a financial hardship is limited as defined in the Program. The funds that represent a financial hardship withdrawal must conform to conditions required by the IRS. A participant who receives a hardship distribution shall have his or her contributions to the Program suspended for six months following the distribution as defined in the Program document.

If a participant terminates employment, the participant may elect to: (1) receive installment payments, (2) receive partial withdrawals, (3) receive a total settlement, or (4) defer the distribution of assets in such participant's account. If the participant fails to make an election, the participant's assets shall remain in the participant's account until the earlier of the participant's request for settlement or attainment of age 70½ (when required minimum distributions must commence).

If the total of the participant's account at the time of termination is not greater than $1,000, then the participant will receive a distribution of the entire account balance. If a participant terminates employment and the value of the participant's vested assets is more than $1,000 (including amounts attributable to rollover contribution accounts) but less than $5,000 (excluding amounts attributable to rollover contribution accounts) and the participant fails to return the distribution election forms provided by the administrator within the election period, a participant's entire Program account balance will be automatically rolled over to an Individual Retirement Account (IRA). The

1. Description of Plans (Continued)

administrator will select the IRA institution, and such amounts will be invested in accordance with rules and regulations established by the Department of Labor and the IRS.

Transfers of Program Assets

The administrator may direct the Trustee to accept all of an employee's funds to be transferred from a similar qualified plan and may direct the Trustee to transfer all of a participant's funds to a similar qualified plan, provided such other qualified plan: (i) is maintained by an employer that is a member of a controlled group of corporations of which the employee's current employer is a member and (ii) permits such transfers.

Investment Options

Participants must direct, in 0.1% increments, how their contributions are to be invested. If participants do not direct how their contributions are to be invested, both participant and employer contributions will automatically be invested in the participants' respective age-appropriate target date retirement portfolio.

From time to time, certain funds may impose a redemption fee if an investment is held for less than a stated period. If applicable, these fees are disclosed in the individual mutual fund prospectus, which contains additional information about each fund. The redemption fees are paid to the respective funds and help protect the funds' performance and shareholders by discouraging frequent trading in response to short-term market fluctuations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of both of the employer's contribution and Program earnings and is charged with an allocation of administrative expenses as further discussed in Note 6. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Once each year, participants may borrow an amount within a range of $1,000 to the lesser of $50,000 or 50% of their vested account balance. Loan maturities generally range from six months to five years but can be extended up to ten years for the purchase or construction of a primary residence,

1. Description of Plans (Continued)

provided a participant may not elect a term that will result in monthly repayments of less than $50. Loans will bear a rate of interest which will be the prime rate as of the last business day of the calendar quarter immediately preceding the date the participant gives appropriate direction for a loan to the Recordkeeper. The interest rate will remain the same throughout the term of the loan. Repayment of loans is generally made through after-tax payroll deductions and is invested in the same discretionary investment options that the participant selected for the participant's savings contributions. A participant may be granted a loan no more frequently than one time each calendar year and may have no more than three loans outstanding at any one time (five prior to August 1, 2017) of which one loan may be for the purchase or construction of a primary residence.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled approximately $151,000 and $387,000, respectively. These accounts may be used to reduce future employer contributions. In 2018, forfeited non-vested accounts reduced employer contributions by approximately $661,000.

Administrative Expenses

Certain costs of Program administration are paid from the Program's assets or by the Program's sponsor on behalf of the Program, as further described in Note 6. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those investment options and certain other brokerage commissions, fees and expenses incurred in connection with those investment options.

Aptiv Personal Savings Plan for Hourly-Rate Employees in the United States

General

Aptiv established the PSP effective May 28, 1999, as a defined contribution plan in connection with its spin-off from GM. Aptiv Corporation is the sponsor of the PSP.

Eligibility

Generally, eligible U.S. hourly-rate full-time and part-time employees may participate and accumulate savings under the PSP upon their date of hire and as soon as administratively practicable.

1. Description of Plans (Continued)

Participant Contributions

An eligible participant may elect to make pretax or after-tax contributions, in 0.1% increments, up to 60% of eligible earnings as defined in the PSP up to the annual pretax/Roth limit ($18,500 in 2018). Employees age 50 and over, or who will attain age 50 by the end of the year, may elect catch-up contributions up to the maximum IRS limits ($6,000 in 2018). Catch-up contributions may not be at a rate of less than 0.1% or more than 40% of eligible earnings. Employee contributions vest immediately. Contributions are subject to certain IRS limitations.

Employer Contributions

For certain employees, Aptiv contributes an amount equal to a stated percentage (based on the local union benefit agreements) of eligible weekly earnings to such participants' accounts entirely into the employee's respective target date retirement portfolio. Participants can immediately redistribute these contributions to other funds. Such participants must participate in the PSP for at least three years to be vested in employer contributions. Contributions are subject to certain IRS limitations.

Fund Exchanges

Generally, each participant is entitled, on any business day, to exchange a specified portion or all of his or her interest in any of the investment options to other options offered under the PSP.

Participant Withdrawals

A participant may withdraw funds from his or her account at any time after attaining age 59½ without penalty, as defined by the PSP document. Prior to age 59½, employee after-tax savings may be withdrawn at any time without penalty; however, pretax savings and Roth savings may only be withdrawn upon termination of employment or financial hardship, and a 10% additional tax may apply. Prior to receiving a withdrawal for financial hardship, a participant previously must have taken all available asset distributions, withdrawals and loans under all applicable plans maintained by Aptiv. The amount that may be withdrawn for a financial hardship is limited as defined in the PSP. The funds that represent a financial hardship withdrawal must conform to conditions required by the IRS. A participant who receives a hardship distribution shall have his or her contributions to the PSP suspended for six months following the distribution as defined in the PSP document.

1. Description of Plans (Continued)

If a participant terminates employment, the participant may elect to: (1) receive installment payments, (2) receive partial withdrawals, (3) receive a total settlement, or (4) defer the distribution of assets in such participant's account. If the participant fails to make an election, the participant's assets shall remain in the participant's account until the earlier of the participant's request for settlement or attainment of age 70½ (when required minimum distributions must commence).

If the total of the participant's account at the time of termination is not greater than $1,000, then the participant will receive a distribution of the entire account balance. If a participant terminates employment and the value of the participant's vested assets is more than $1,000 (including amounts attributable to rollover contribution accounts) but less than $5,000 (excluding amounts attributable to rollover contribution accounts) and the participant fails to return the distribution election forms provided by the administrator within the election period, a participant's entire PSP account balance will be automatically rolled over to an IRA. The administrator will select the IRA institution, and such amounts will be invested in accordance with rules and regulations established by the Department of Labor and the IRS.

Transfers of PSP Assets

The administrator may direct the Trustee to accept all of an employee's funds to be transferred from a similar qualified plan and may direct the Trustee to transfer all of a participant's funds to a similar qualified plan, provided such other qualified plan (i) is maintained by an employer that is a member of a controlled group of corporations of which the employee's current employer is a member and (ii) permits such transfers.

Investment Options

Participants must direct, in 0.1% increments, how their contributions are to be invested. If participants do not direct how their contributions are to be invested, both participant and employer contributions will automatically be invested in the participants' respective age-appropriate target date retirement portfolio.

From time to time, certain funds may impose a redemption fee if an investment is held for less than a stated period. If applicable, these fees are disclosed in the individual investment option prospectus, which contains additional information about each fund. The redemption fees are paid to the respective funds and help protect the funds' performance and shareholders by discouraging frequent trading in response to short-term market fluctuations.

1. Description of Plans (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of both the employer's contribution and PSP earnings and is charged with an allocation of administrative expenses, as further described in Note 6. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant Loans

Once each year, participants may borrow an amount within a range of $1,000 to the lesser of $50,000 or 50% of their vested account balance. Loan maturities generally range from 12 months to five years but can be extended to 10 years for the purchase or construction of a primary residence, provided a participant may not elect a term that will result in repayments of less than $10 per pay period. Loans shall bear a rate of interest equal to the prime rate prevailing as of the last business day of the calendar quarter immediately preceding the date the participant gives appropriate direction for a loan to the Recordkeeper. The interest rate shall remain the same throughout the term of the loan. Repayment of loans is generally made through after-tax payroll deductions and is invested in the same discretionary investment options that the participant selected for the participant's savings contributions. A participant may have no more than three loans outstanding at any one time (five prior to August 1, 2017) of which one loan may be for the purchase or construction of a primary residence.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited non-vested accounts totaled approximately $102,000 and $162,000, respectively. These accounts may be used to reduce future employer contributions. In 2018, forfeited non-vested accounts reduced employer contributions by approximately $899,000.

Administrative Expenses

Certain costs of Plan administration are paid from the Plan's assets or by the Plan's sponsor on behalf of the Plan, as further described in Note 6. Generally, fees and expenses related to investment management of each investment option are paid out of the respective funds. As a result, the returns on those investments are net of the fees and expenses of the managers of those investment options and certain other brokerage commissions, fees and expenses incurred in connection with those investment options.

1. Description of Plans (Continued)

Excess Participant Contributions Refundable

The PSP failed the elective deferral non-discrimination test for the years ended December 31, 2018 and 2017. Excess contributions in 2018 and 2017 of approximately $48,000 and $81,000, respectively, are recorded as a liability on the accompanying statements of net assets available for benefits and as a reduction of participant-directed contributions. During 2018 and 2017, respectively, the PSP refunded the respective excess contributions to its participants as required by law.

2. Summary of Accounting Policies

The significant policies followed in preparation of the accompanying financial statements are as follows:

Basis of Accounting

The financial statements of the Plans have been prepared on the accrual basis of accounting and in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results could differ from those estimates and disclosures of contingent assets and liabilities.

Recently Issued Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework–Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments relate primarily to the elimination or modification of certain fair value disclosures, while requiring additional disclosures primarily related to the development of inputs for fair value measurements categorized within level 3 of the fair value hierarchy. The amendments are effective for fiscal years beginning after December 15, 2019 and early adoption is permitted. The adoption of this guidance is not expected to have a significant impact on the Plans' financial statements.

2. Summary of Accounting Policies (Continued)

In February 2017, the FASB issued ASU 2017-06, *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Pension Plans (Topic 962); Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting*. The amendments relate primarily to the reporting by an employee benefit plan (a plan) for its interest in a master trust, which is a trust for which a regulated financial institution serves as a trustee or custodian and in which assets of more than one plan sponsored by a single employer or by a group of employers under common control are held. The amendments are effective for fiscal years beginning after December 15, 2018 and early adoption is permitted. The adoption of this guidance is not expected to have a significant impact on the Plans' financial statements.

In July 2018, the FASB issued ASU 2018-09, *Codification Improvements*, which, among other things, amends an illustrative example of a fair value hierarchy disclosure to indicate that a certain type of investment should not always be considered to be eligible to use the net asset value per share practical expedient. Also, it further clarifies that an entity should evaluate whether a readily determinable fair value exists or whether its investments qualify for net asset value per share practical expedient in accordance with ASC 820, *Fair Value Measurement*. Adoption of the amended guidance, which is to be applied prospectively, affects the fair value disclosures, but does not change the fair value measurement of the investments. The amendments are effective for fiscal years beginning after December 15, 2018. The adoption of this guidance is not expected to have a significant impact on the Plans' financial statements.

Investment Valuation and Income Recognition

The Plans' investments are stated at fair value. Refer to Note 4 for additional disclosures. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on the trade-date basis. Net appreciation (depreciation) includes the Plans' gains (losses) on investments bought and sold, as well as held during the year and is recorded on the accompanying statement of changes in net assets available for benefits as net investment income (loss) from the Aptiv Corporation Savings Trust (the Master Trust). Interest income (loss) is recognized as earned. Dividends are recorded on the ex-dividend date.

Payments of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants represent participant loans recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Information Certified by Trustee and Custodian

The Plans' administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain investment information disclosed in the accompanying financial statements and supplemental schedules including investments held and notes receivable from participants at December 31, 2018 and 2017, and net appreciation (depreciation) in fair value of investments, interest, dividends and interest income on notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information provided and certified as complete and accurate by Fidelity, the Trustee of the Plans, and John Hancock, the Custodian.

4. The Master Trust

The Master Trust was established pursuant to a trust agreement between the Plans' sponsor and Fidelity, as Trustee of the Master Trust, in order to permit the commingling of trust assets of multiple employee benefit plans for investment and administrative purposes.

Employee benefit plans participating in the Master Trust as of December 31, 2018 and 2017 are the SRSP and the PSP.

Investment income (loss) and expenses related to the Master Trust are allocated to the individual Plans daily based on each participant's account balance within each investment fund option.

4. The Master Trust (Continued)

The Plans' respective interests in the Master Trust are as follows:

	December 31,	
	2018	**2017**
SRSP	82%	82%
PSP	18%	18%
Total	100%	100%

Master Trust Assets

The target date retirement, stable value fund and equity portfolios are made up of common/collective trusts, common stock, and mutual funds according to the respective portfolio investing criteria. Participants may also directly invest in a variety of investments, including mutual funds, listed stocks, options, bonds and foreign securities through the brokerage option.

The net assets of the Master Trust are summarized as follows:

	December 31,

Fair Value Measurement of Investments within the Master Trust

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value as "the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." The definition of fair value is based on an exit price rather than an entry price, regardless of whether the entity plans to hold or sell the asset, and fair value should be based on assumptions that market participants would use, including non-performance risk. ASC 820 also establishes a fair value hierarchy to prioritize inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs, other than quoted prices in active markets, which are observable either directly or indirectly.
- Level 3 – Unobservable inputs for which there is little or no market data, thereby requiring the reporting entity to develop its own assumptions.

Assets and liabilities measured at fair value are based on one or more of the following three valuation techniques noted in ASC 820:

- *Market approach*: Prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities.
- *Cost approach*: Amount that would be required to replace the service capacity of an asset (replacement cost).
- *Income approach*: Techniques to convert future amounts to a single present amount based upon market expectations (including present value techniques, option-pricing and excess earnings models).

4. The Master Trust (Continued)

As of December 31, 2018 and 2017, the Master Trust held the following assets measured at fair value on a recurring basis:

	Fair Value Measurements Using:			
	Total	**Quoted Prices in Active Markets (Level 1)**	**Significant Other Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**

Small/mid-cap equity trusts (e)	168,567			
Investments at fair value	$ 1,864,035			

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statement of net assets available for benefits.

(b) The fixed-income trusts seek total returns consistent with the long-term preservation of capital and provide for daily redemptions by the Plans at reported NAVs per share, with no advance notice required.

(c) The large-cap equity trusts seek long-term capital appreciation by investing primarily in large company stocks listed on major U.S. stock exchanges and provide for daily redemptions by the Plans at reported NAVs per share, with no advance notice required.

4. The Master Trust (Continued)

(d) The international equity trusts seek long-term growth of capital from investments in non-U.S. stocks and provide for daily redemptions by the Plans at reported NAVs per share, with no advance notice required.

(e) The small/mid-cap equity trusts seek long-term capital appreciation by investing primarily in small-sized stocks listed on major U.S. stock exchanges and provide for daily redemptions by the Plans at reported NAVs per share, with no advance notice required.

The following is a description of the valuation techniques and inputs used for each general type of investment within the Master Trust measured at fair value at December 31, 2018 and 2017:

- Common/collective trusts are valued using the NAV.
- Mutual funds are publicly traded on an open market and are valued at the closing price reported by the market in which they are traded.
- Common stock and interest-bearing cash accounts are publicly traded on an open market and are valued at the closing price reported by the market in which they are traded.
- SDBA investments are traded on open markets and are valued at the closing price of the investments in which the participant invests. These investments include mutual funds, common and preferred stock, rights, warrants, options, certificates of deposit, corporate debt securities and cash and other short-term marketable securities.

5. Investments at Fair Value

On November 30, 2015, Aptiv acquired 100% of the equity interests of Control-Tec LLC (Control-Tec), a leading provider of telematics and cloud-hosted data analytics solutions. Effective December 31, 2017, the Control-Tec 401(k) Plan (Control-Tec Plan) was legally merged into the SRSP. Subsequently, the Control-Tec Plan assets were transferred into the Master Trust effective on February 1, 2018.

5. Investments at Fair Value (Continued)

As of December 31, 2017, the SRSP held the following assets related to the Control-Tec Plan merger measured at fair value on a recurring basis, based on the definition of fair value and the description of the fair value hierarchy and valuation techniques as described in Note 4:

	Fair Value Measurements Using:			
	Total	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
	(In Thousands)			
December 31, 2017				
Mutual funds	$ 4,782	$ 4,782	$ —	$ —
Investments at fair value	$ 4,782	$ 4,782	$ —	$ —

As of December 31, 2018, the assets related to the Control-Tec Plan are included within the Master Trust assets, as further described in Note 4.

6. Expense Accrual

The Plans' sponsor assessed a fee accrual to cover administrative expenses for the Plans. In March 2017, the Plans' sponsor reduced the 16 basis point fee for the PSP to 13 basis points, effective May 15, 2017. In September 2017, the Plans' sponsor increased the fee for the SRSP from 4 basis points to 4.5 basis points.

This accrual is deducted from the daily net asset value of the investment portfolios. The accruals are accumulated in the respective Fidelity investment portfolios maintained by the Trustee pending receipt of invoices from service providers for the Plans.

6. Expense Accrual (Continued)

The expense accruals and the Plans' expenses were reported on the statement of changes in net assets available for benefits for the year ended December 31, 2018, as other contributions and administrative expenses, respectively, as follows:

	SRSP	PSP
	(In Thousands)	
Expense accruals assessed	$ 684	$ 425
Plans' expenses	589	337

7. Related-Party Transactions

Certain of the Plans' investments are managed by Fidelity and were formerly managed by John Hancock. Fidelity is the Recordkeeper and Trustee as defined by the Plans, and therefore, these transactions qualify as party-in-interest transactions. John Hancock was the Custodian of the Control-Tec plan assets merged into the SRSP, and therefore, these transactions qualify as party-in-interest transactions. Participant loans for the SRSP and PSP also qualify as party-in-interest transactions. Transactions with Fidelity, John Hancock and participant loans for the Plans are exempt from the prohibited transaction rules under ERISA.

8. Termination of the Plans

Although it has not expressed any intent to do so, the Plans' sponsor has the right to terminate the Plans subject to the provisions of ERISA and the appropriate collective bargaining agreement. Such termination of the Plans, if any, would not affect a participant's interest in assets already in the Plans. If terminated, participants become 100% vested in their accounts in the SRSP and PSP.

9. Tax Status

The Plans have received determination letters from the IRS dated May 10, 2017 (for the PSP) and April 17, 2017 (for the SRSP), stating that the Plans are qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to these determinations by the IRS, the PSP and SRSP were amended. Once qualified, the Plans are required to operate in conformity with the Code to maintain their qualified status. The plan administrator believes the Plans are being operated in compliance with the applicable requirements of the Code, and, therefore believes the Plans are qualified and the related trust is tax-exempt.

9. Tax Status (Continued)

Accounting principles generally accepted in the United States require plans' management to evaluate uncertain tax positions taken by the Plans. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plans' administrator has analyzed the tax positions taken by the Plans, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plans have recognized no interest or penalties related to uncertain tax positions. The Plans are subject to routine audits by taxing jurisdictions.

10. Risks and Uncertainties

The Plans invest in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

11. Subsequent Events

Aptiv evaluated the effects of all events that occurred subsequent to December 31, 2018 through July 31, 2019, the date that the accompanying financial statements were available to be issued. As a result, there were no significant changes or updates to disclose, other than as described below.

On November 21, 2017, Aptiv acquired 100% of the equity interests of nuTonomy, Inc. (nuTonomy), a leading provider of autonomous driving software and technology. Effective January 1, 2019, the nuTonomy 401(k) Plan (nuTonomy Plan) was legally merged into the SRSP. Subsequently, the nuTonomy Plan assets were transferred into the SRSP on February 1, 2019. The fair value of the assets related to the nuTonomy Plan transferred into the SRSP on February 1, 2019 was approximately $2,498,000.
