NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Design Workshop, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Basic Plan Document, Adoption Agreement, and Summary Plan Description for a more complete description of the Plan's provisions.

General
The Plan is a defined-contribution plan established by Design Workshop, Inc. (the "Company" and/or "Employer") under the provision of Section 401(k) of the Internal Revenue Code (IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investment committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is administered by Digital Retirement Solutions, and MG Trust Company, LLC is responsible for the custody and management of the Plan's assets.

Administration
The Company has appointed a Plan administrator to manage the operation and administration of the Plan. The Company has contracted with MG Trust Company, LLC to act as the trustee, and Digital Retirement Services to act as a third-party administrator affiliated with the Plan, to process and maintain the records of participant data. Expenses incurred for administering the Plan, if not paid by the Company, are paid by the Plan.

Eligibility
An employee is eligible for participation in the Plan once he or she has reached 21 years of age. The entry date is the first day of each calendar quarter for employee deferral contribution and employer safe harbor matching contributions.

Participant Contributions
Participants may choose to defer up to 75% of pretax and after-tax annual compensation, as defined by the Plan and limited by the IRC. The limit amounted to $18,500 for 2018, plus an additional $6,000 "catch-up" contribution for participants age 50 and older for 2018.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participants' directions and the Plan's provisions.

Employer Matching and Discretionary Contributions
The Employer makes safe harbor contributions in accordance with the adoption agreement. For 2018, the Employer made safe harbor contributions that matched 100% of the first 5% contributed to the Plan by participants at each pay period.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Vesting
Participants are immediately 100% vested in their elective deferral and safe harbor employer matching contributions, plus actual earnings thereon.

Investment Options
Upon enrollment in the Plan, participants direct contributions made on their behalf to any of the funds within the Plan. Participants' contributions and employer matching contributions (if any) are allocated to specific mutual funds or guaranteed investment contracts, as elected by the participants. Participants may change their investment elections at their own discretion.

Participant Accounts
Individual accounts are maintained for each of the Plan's participants to reflect the participants' contributions, rollovers from qualified plans of the participants' previous employers, and allocations of the Plan's earnings and administrative expenses. Each participant's account is credited with the participant's contribution and the Employer's contribution, if any. Plan earnings are allocated based on the participants' account balances, as defined.

Payment of Benefits
Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump sum, or installments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The participant may also transfer his or her assets to another qualified plan or, if the participant's assets are greater than $5,000, may leave those assets in the Plan. Hardship distributions to a participant are permitted up to 100% of the participant's elective contribution account balance. Forced distributions to a participant are permitted up to $5,000 of the participant's vested account balance upon termination of employment.

Financial Hardship Distributions
The Plan allows hardship withdrawals in accordance with Internal Revenue Service (IRS) regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the participant and is limited to certain purposes.

Notes Receivable from Participants
Participants are permitted to borrow a minimum of $1,000 of their vested benefits under the Plan. Participants may borrow up to the lesser of (1) $50,000, reduced by (a) the applicant's highest outstanding loan balance from the Plan during the one-year period ending on the day before the loan is made, and (b) the applicant's outstanding loan balance from the Plan on the day before the loan is made; or (2) 50% of the present value of the participant's current vested account balance. The loans are secured by the participant's account balance and bear interest at a fixed rate equal to the current prime rate, plus 1%, at the date the application is approved. The interest rate on outstanding loans at December 31, 2018 and 2017, is 4.25%–5.75% and mature through 2023. Principal and interest are paid ratably through payroll deductions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits, and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments in registered investment companies and interest-bearing cash are stated at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

The Plan's investment in the fully benefit-responsive contract is stated at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are reported at amortized principal balance, plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the Plan document. There were no delinquent notes receivable from participants as of December 31, 2018 and 2017.

Administrative Expenses
The Plan sponsor absorbs certain administrative expenses on behalf of the Plan.

Payment of Benefits
Benefits are recorded when paid. As of December 31, 2018 and 2017, there were no benefits payable to participants who elected to withdraw from the Plan.

Rollovers
Rollovers are recorded as contributions to the Plan.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes

The Plan has adopted a non-standardized form of a volume submitter plan, sponsored by MG Trust Company, LLC. The volume submitter plan has received an opinion letter from the IRS as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed, and is being operated, in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been recorded in the Plan's financial statements.

Risks and Uncertainties

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates, or other factors in the near term would materially affect participants' account balances, as well as the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs, other than quoted prices, that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data, by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs, and minimize the use of unobservable inputs.

There have been no changes in methodologies used at December 31, 2018 and 2017. Following are descriptions of the valuation methodologies used for assets measured at fair value:

Interest-bearing cash (money market):
Valued at the carrying value, which approximates fair value due to the short-term nature of such investments

Registered investment companies (mutual funds):
Valued at the daily closing price, as reported by the fund. Registered investment companies held by the Plan are open-ended registered investment companies that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV), and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value, or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

	Investments at Fair Value as of December 31, 2018			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 270,980	$ -	$ -	$ 270,980
Registered investment companies	14,128,110	-	-	14,128,110
Total	**$ 14,399,090**	**$ -**	**$ -**	**$ 14,399,090**

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

	Investments at Fair Value as of December 31, 2017			
	Level 1	Level 2	Level 3	Total
Interest-bearing cash	$ 250,047	$ -	$ -	$ 250,047
Registered investment companies	14,765,489	-	-	14,765,489
Total	**$ 15,015,536**	**$ -**	**$ -**	**$ 15,015,536**

NOTE 4 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by MG Trust Company, LLC. MG Trust Company, LLC is the trustee. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 5 – CERTIFIED INFORMATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MG Trust Company, LLC, the trustee of the Plan, has certified the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits, as of December 31, 2018 and 2017;
- Net depreciation in fair value of investments and dividend and interest income, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018; and
- Investments reflected on the Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018.

NOTE 6 – UNCERTAIN TAX POSITIONS

U.S. GAAP requires the Plan administrator to evaluate tax positions taken by the Plan, and recognize a tax liability or asset, if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or asset, or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in question.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

Although it has not expressed such intent, the Employer, by action of its board of directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease, and net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 8 – GUARANTEED INVESTMENT CONTRACT

In 1985, the Plan entered into a benefit-responsive guaranteed investment contract with GenAmerica Financial ("GenAmerica"). GenAmerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value, as reported to the Plan by the principal.

The guaranteed investment contract issuer is contractually obligated to repay the principal, at a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by GenAmerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The difference between fair value and contract value is not material.

Participants may ordinarily direct the withdrawal, or transfer of all or a portion of their investment, at contract value.

There are no reserves against credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2018 and 2017, was $117,339 and $111,467, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less that six percent. Such interest rates are reviewed on a quarterly basis for resetting.

NOTE 8 – GUARANTEED INVESTMENT CONTRACT (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes, or any violation of any prohibited transaction under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 9 – SUBSEQUENT EVENTS

The Plan administrator has evaluated all transactions subsequent to December 31, 2018, through July 31, 2019, the date these financial statements were available to be issued, and has determined that there are no subsequent events that require disclosure.
