Notes to Financial Statements

Note 1. Description of Plan

The following is a general description of the Barriere Construction Co., LLC Savings Plan & Trust (the Plan). This description is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by Barriere Construction Co., LLC (the Company).

The Plan is a defined contribution plan. All employees are covered as of their hire date. Thus, the entry date for participants of the Plan is their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute a percentage of their annual compensation to the Plan, subject to an annual limit of the lesser of 80% of eligible compensation or the maximum amount allowed by the Internal Revenue Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The Plan includes an auto-enrollment provision whereby eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, increasing by 1% each plan year, up to a maximum of 8% of eligible compensation. These contributions are invested in a target date retirement fund until changed by the participant.

Employer matching contributions are made concurrently with participant contributions. Such percentage is discretionary and is determined by the employer as of the first day of each plan year. For the years ended December 31, 2018 and 2017, the employer matched 50% of the employee's contribution, up to 8%.

Investment Options

The Plan provides a participant-directed investment program whereby participants select the investments for their accounts. The Plan offers various investment options through Prudential Retirement Insurance and Annuity Company (PRISA) and Prudential Bank & Trust, F.S.B. (Prudential), including shares of registered investment companies and an insurance company general account. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Employees hired prior to November 2, 2009 are 100% vested after two years of credited service. Employees hired after November 2, 2009 are 100% vested after three years of service. Participants are credited with a year of service for each plan year during which they complete 1,000 or more hours of service. Further, a participant becomes 100% vested in employer matching contributions plus actual earnings thereon when he or she (1) reaches retirement age; (2) becomes permanently and totally disabled; or (3) upon death.

Payment of Benefits

Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. Distributions may be made in the form of a lump sum payment or an alternate form of payment as permitted in the Plan Document. After attainment of age 59½, withdrawals can be made from any of the participant's accounts under the Plan. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of \$1,000 up to a maximum of \$50,000, or 50% of their vested account balance, whichever is less. Loan terms range from one to thirty years. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.75% to 6.75% at December 31, 2018, which are commensurate with local prevailing rates as determined monthly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to pay plan expenses and to reduce future matching employer contributions. Unallocated forfeited balances remaining in plan assets as of December 31, 2018 and 2017, were \$28,655 and \$26,821, respectively. Forfeitures applied during the years ended December 31, 2018 and 2017, were \$43,027 and \$36,044, respectively.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination or partial termination of the Plan, or the complete discontinuance of contributions, the rights of all affected participants to their accrued benefits shall be fully vested and non-forfeitable.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Tax Status

Effective July 1, 2015, the Plan adopted a non-standardized form of a prototype plan sponsored by The Prudential Insurance Company of America. The prototype plan provider has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America provide accounting and disclosure guidance about positions taken by the Plan in its tax returns that might be uncertain. The Plan Administrator believes that it has appropriate support for any tax positions taken and, as such, does not have any uncertain tax positions that are material to the financial statements.

SAVINGS PLAN & TRUST**

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's administrative expenses may be paid by either the Plan, through the use of forfeitures, or by the Company, as defined in the Plan Document. For the years ended December 2018 and 2017, administrative expenses totaled \$91,728 and \$71,743, respectively.

Note 3. Information Certified by PRISA or Prudential

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2018 and 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodians and furnished to the Plan Administrator.

The Plan Administrator has obtained certifications that the information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2018	2017
Investments, at Fair Value		
Mutual Funds	<u>\$ 27,128,693</u>	<u>\$ 30,015,437</u>
Investments, at Contract Value

Notes Receivable from Participants	<u>\$ 330,406</u>	<u>\$ 319,065</u>

**BARRIERE CONSTRUCTION CO., LLC
SAVINGS PLAN & TRUST**

Notes to Financial Statements

Note 3. Information Certified by PRISA or Prudential (Continued)

The custodians also certified to the completeness and accuracy of \$2,470,894 of net depreciation in fair value of investments, \$656,797 of interest and dividends related to the aforementioned assets, and \$16,561 of interest income on notes receivable from participants for the year ended December 31, 2018.

The custodians also certified to the completeness and accuracy of \$4,438,074 of net appreciation in fair value of investments, \$595,089 of interest and dividends related to the aforementioned assets, and \$15,294 of interest income on notes receivable from participants for the year ended December 31, 2017.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**BARRIERE CONSTRUCTION CO., LLC
SAVINGS PLAN & TRUST**

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

December 31, 2018	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 27,128,693	\$ -	\$ -	\$ 27,128,693
Investments, at Fair Value	\$ 27,128,693	\$ -	\$ -	\$ 27,128,693
December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 30,015,437	\$ -	\$ -	\$ 30,015,437
Investments, at Fair Value	\$ 30,015,437	\$ -	\$ -	\$ 30,015,437

Note 5. Fully Benefit-Responsive Investment Contract

The Plan holds an evergreen investment contract that meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

**BARRIERE CONSTRUCTION CO., LLC
SAVINGS PLAN & TRUST**

Notes to Financial Statements

Note 5. Fully Benefit-Responsive Investment Contract (Continued)

The investment contract held by the Plan is a guaranteed investment contract of which contributions are maintained in a general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on completing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Note 6. Related-Party Transactions and Party-in-Interest Transactions

Certain plan investments are shares of registered investment companies sponsored by PRISA or Prudential, the custodians, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

**BARRIERE CONSTRUCTION CO., LLC
SAVINGS PLAN & TRUST**

Notes to Financial Statements

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 to Form 5500:

Net Assets Available for Benefits per the Financial Statements	\$ 30,144,784

Note 9. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, August 2, 2019, and determined that no events occurred that require disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
