Azimuth Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Azimuth Corporation 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information. The Plan became effective January 1, 2017.

Plan merger: Azimuth Corporation, the Plan's sponsor, entered into an agreement with ADP TotalSource Retirement Plan, to merge the Azimuth 401(k) Plan into the ADP TotalSource Retirement Plan, effective January 28, 2019. All plan assets were transferred into the ADP TotalSource Retirement Plan on January 28, 2019.

General: The Plan is a defined contribution plan covering substantially all employees of Azimuth Corporation (the Company) who have been employed at least one month and are 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant contributions: Participant contributions to the Plan are made by employees within the limitations stipulated in Section 401(k) of the Internal Revenue Code. Each year, participants may contribute up to 100% of eligible compensation as defined by the plan.

Employer contributions: The employer contributes a safe harbor amount equal to 100% of the first 3% of employee compensation and 50% of the next 2% of employee compensation contributed by Plan participants annually. The Company may also make discretionary profit sharing contributions to the Plan, none of which were made for 2018.

Beginning in 2019, employee and employer contributions to the Plan ceased due to the Plan merger noted above.

Rollover contributions: The Plan accepts rollover contributions from qualified retirement plans of a prior employer with approval from the Plan Sponsor.

Participant accounts: Each participant's account is credited with the participant's contributions, safe harbor contributions, the Company's discretionary profit sharing contributions, if any, and actual earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions and contributions made by the Company for Safe Harbor compliance purposes, plus actual earnings thereon. Vesting in the Company's discretionary profit sharing contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participants vest 20% per year of service after two years of service and are 100% vested after six years of service.

Investment options: The participant directs the investment of their contributions and the Company's matching contribution into various investment options offered by the Plan.

Payment of benefits: Upon retirement, termination of service, times of hardship, death or disability, a participant may receive a lump sum or partial payment amount equal to the value of the participant's vested interest in his or her account.

Azimuth Corporation 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts at a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the highest outstanding loan balance during the prior twelve months or 50% of their present value of the vested portion of the participant's individual account. Loan terms are available up to 5 years or longer for the purchase of a primary residence. Participants may only have one loan outstanding at any given time and funds may only be drawn from accounts invested in shares of registered investment companies or similarly liquid assets. Loans are collateralized by the balance in the participant's account and bear interest at a rate of prime plus 1%. Interest rates on participant loans ranged from 5.00% to 6.50% as of December 31, 2018 and 5.00% as of December 31, 2017. Principal and interest is paid ratably through payroll deductions. There were no loans outstanding at January 28, 2019.

Forfeitures: The Plan provides for forfeitures to be applied to reduce employer contributions. There was no forfeited, non-vested account balance at January 28, 2019, December 31, 2018 and 2017, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of presentation: The accompanying financial statements are prepared in conformity with accounting principles generally accepted in the United States of America in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC).

Payments of benefits: Benefits are recorded when paid.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan provides for investments in shares of registered investment companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividends and interest income.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon terms of the Plan document.

Administrative expenses: Substantially all of the Plan's administrative expenses are paid by the Plan Sponsor.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Subsequent events: Subsequent events have been evaluated through August 14, 2019, the date the financial statements were available to be issued.

Azimuth Corporation 401(k) Plan

Notes to Financial Statements

Note 3. Information Certified by the Plan's Trustee

The investment information included throughout the Plan's financial statements and supplemental Schedule of Assets (Held at End of Year) as of January 28, 2019, December 31, 2018 and 2017, and for the period ended January 28, 2019 and the year ended December 31, 2018 was prepared by or derived from information provided by the trustee, Ascensus Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to these investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 5 and the supplemental Schedule of Assets (Held at End of Year) related to the Plan's investments.

Ascensus Trust Company also certified to the completeness and accuracy of \$76,555 of net appreciation and \$138,807 of net depreciation in fair value of investments, \$0 and \$32,670 of dividends and interest related to investments, and \$0 and \$1,771 of interest income from notes receivable from participants for the period ended January 28, 2019 and the year ended December 31, 2018, respectively.

Note 4. Income Tax Status

The Plan has adopted a "prototype" plan designed by the trustee, Ascensus Trust Company. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status, dated March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. The Plan administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there were no uncertain tax positions that require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5. Fair Value Measurements

The Plan has determined the fair value of certain assets through application of accounting guidance that establishes a framework for measuring fair values. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under this standard are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Azimuth Corporation 401(k) Plan

Notes to Financial Statements

Note 5. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at January 28, 2019 and December 31, 2018 and 2017.

Shares of registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Assets measured at fair value on a recurring basis: The following table summarizes assets measured at fair value on a recurring basis as of December 31, 2018 and 2017, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value. There were no assets available for benefits measured at fair value at January 28, 2019.

2018				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Shares of registered investment companies	\$ 1,504,034	\$ -	\$ -	\$ 1,504,034

2017				
	Level 1	Level 2	Level 3	Total
Investments measured at fair value:				
Shares of registered investment companies	\$ 759,983	\$ -	\$ -	\$ 759,983

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

Note 7. Related-Party Transactions

Certain Plan investments are shares of registered investment companies managed by the Plan trustee. Therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid by the Plan to the trustee were \$149 and \$2,071 for the period ended January 28, 2019 and the year ended December 31, 2018, respectively.

Note 8. Nonexempt Transactions

During 2018 and 2017, the Plan sponsor inadvertently failed to deposit approximately \$234,442 and \$399,075, respectively, of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor deposited lost earnings to correct this failure in 2018. The Plan sponsor will file Form 5330 and pay applicable excise tax to the IRS. The correction and any excise taxes will be made from the Plan sponsor's assets and not from assets of the Plan.
