DIGITAL CHECK CORP. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Digital Check Corp. 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Digital Check Corp. ("the Company"). The Plan covers all employees who have reached 18 years of age and who have completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to the maximum dollar amount allowable as established by the Internal Revenue Service, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investment choices through Empower Retirement, the custodian of the Plan's investments, which include common collective trust funds as well as mutual funds through various registered investment companies. The Company contributes an employer safe harbor contribution amounting to 3% of compensation of eligible participants. Employer profit-sharing contributions may be made at the option of the Company on behalf of each participant allocation group. Discretionary employer matching contributions can also be made by the Company up to 4% of employee compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions, if any, Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based upon participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are first applied to pay administrative expenses. Any remaining forfeitures are then added to the employer's contribution and allocated to participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and employer safe harbor contributions plus actual earnings thereon. Vesting in discretionary profit sharing and matching contributions allocated to individual participants, plus actual earnings thereon, is based upon years of continual service as defined in the Plan. A participant is 100% vested after six years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years, or 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 6.25%. Principal and interest are paid ratably through regular payroll deductions.

NOTE 1 – DESCRIPTION OF PLAN (continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or any other reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship withdrawals and in-service distributions are permitted if certain criteria are met.

Forfeited Accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled $5,431 and $5,372, respectively. These accounts will be used to reduce future administrative expenses and or employer contributions.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Cash and cash equivalents

Cash and cash equivalents include deposits in financial institutions and short-term investments with maturities of 90 days or less when acquired.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments. The Plan made direct payments for administration fees of $60,599 for the year ended December 31, 2018.

Subsequent Events

The Plan has evaluated subsequent events through July 26, 2019, the date the financial statements were available to be issued.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental information was obtained from data that has been prepared and certified to as complete and accurate by the custodian of the Plan, Empower Retirement:

	2018	2017
Investments, at fair value		
Mutual funds	$ 10,752,877	$ 11,999,729
Fixed annuities	983,563	1,256,544
Common/collective trust	318,957	-
Notes receivable from participants	85,854	22,378

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation on methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds (level 1): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Fixed annuities (level 2): Valued based upon underlying annuity agreements, as calculated by the annuity provider, Great-West Life & Annuity Insurance Company. The underlying assets are primarily high-quality, fixed income bonds.

Common/collective trusts: Units are valued using the NAV practical expedient of the common/collective trust ("CCT") as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCT, minus its liabilities, and then divided by the number of units outstanding. The CCT may be redeemed at NAV daily without restrictions.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017:

	Assets at Fair Value as of December 31, 2018			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$10,752,877	$ -	$ -	$ 10,752,877
Fixed annuities	-	983,563	-	983,563
Investments at fair value	$10,752,877	$ 983,563	$ -	11,736,440
Investments measured at net asset value				318,957
Total investments				**$** 12,055,397

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2017			
	Level 1	*Level 2*	*Level 3*	*Total*
Mutual funds	$11,999,729	$ -	$ -	$ 11,999,729
Fixed annuities	-	1,256,544	-	1,256,544
Investments at fair value	$11,999,729	$ 1,256,544	$ -	$ 13,256,273

NOTE 5 – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Empower Retirement. Empower Retirement is the custodian of the Plan and, therefore, these transactions qualify as party in interest transactions. As described in Note 2, the Company may pay certain administrative expenses relating to Plan operations.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 – TAX STATUS

On March 31, 2014, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualified under Section 401(a) of the Internal Revenue Code ("IRC"). Although the Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since the prototype plan was adopted; the plan administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate risk, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
