NOTE A – DESCRIPTION OF THE PLAN

The following description of The Brix Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan's adoption agreement and amendments for a more complete description of the Plan's provisions.

General: The Plan, a defined contribution plan qualified under Section 401(k) and related provisions of the Internal Revenue Code, was established in 1991 and restated in 2015 and 2016. The Plan was designed to provide participants with a means to defer a portion of their compensation for retirement funds and to provide benefits in the event of disability, death or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator: The Brix Group, Inc. (the Company) is the administrator of the Plan, and as such, carries out the duties imposed under ERISA. The Company has delegated the responsibility for the operation and administration of the Plan to Capital Bank & Trust Company. The custodian and corporate trustee of the Plan is Great-West Life & Annuity Insurance Company (Empower). Reimbursements for the year ended December 31, 2018 were $9,120, and are reported net of administrative expenses of $975; $400 was paid by participants for distribution processing fees, and the remaining $575 was assessed pro rata to all participant accounts. Plan reimbursements are generated from fund revenue in excess of fund professional compensation expenses and is allocated pro rata to all participants accounts. Reimbursements for the year ended December 31, 2017 were $6,856, net of administrative expenses of $1,533; $767 was paid by participants for distribution processing fees, and the remaining $500 was assessed pro rata to all participant accounts. In addition, during 2018 and 2017, administrative expenses reduced the net appreciation in fair value of investments.

Eligibility: All employees who are 21 years of age or older are eligible to participate in the Plan. The entry date is the first day of each calendar month after becoming eligible. Any employee who is 21 years of age or older and has worked at least 1,000 hours each year is eligible to gain a year of service with respect to the vesting schedule and receive the employer's matching contributions, if applicable. Independent contractors, employees of a company or division acquired by the Company and nonresident aliens who have no earned income from sources within the United States, or employees represented under a collective bargaining agreement are not eligible to participate in the Plan.

Contributions: Contributions to a qualified plan are tax deferred and therefore are not included in a participant's compensation for federal income tax purposes until distributed to the participant. Participants may elect to contribute annually up to 100% of their annual compensation on a pretax basis up to a maximum of $18,500 and $18,000, for 2018 and 2017, respectively. The maximum contribution is normally adjusted annually by an inflation index. Eligible participants age 50 or older are permitted to make catch-up contributions. The maximum catch-up contribution was $6,000 in 2018 and 2017. Participants are also allowed to rollover contributions from other qualified employer sponsored retirement plans.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Contributions (continued): Such contributions are deposited in the appropriate investment funds in accordance with the participant's directives. The Company may make matching or discretionary contributions. Effective March 3, 2009, the Company ceased making matching contributions. The Plan also allows for profit sharing contributions. No discretionary profit sharing contributions were made during the years ended December 31, 2018 and 2017.

Participant Accounts: Each participant's account is credited with the participant's contribution and the employer's contribution, an allocation of the Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the ratio of the participant's balance to all participants' account balances.

Vesting: The value of each participant's account is fully vested and non-forfeitable at all times for participant contributions, rollover contributions and the interest and earnings on those dollars. Each participant's non-forfeitable interest in the employer contributions becomes fully vested over a maximum of five years.

Forfeitures: Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan or result from violation of the discrimination limit applicable to employer matching contributions. Forfeitures are to be applied when an employee with an unvested account balance terminates employment. Forfeitures can be applied to reduce the employer's matching contribution or pay administrative expenses payable under the Plan. Forfeited unapplied non-vested accounts totaled $246 and $37 at December 31, 2018 and 2017, respectively. There were no forfeitures applied to administrative expenses in 2018. Forfeitures of $266 were applied to administrative expenses in 2017.

Distributions to Participants: Distributions from the Plan are available upon any of the following situations; termination of employment at the Company, retirement, total disability, death, employee's reaching age 59-1/2, or qualified "financial hardship." All distributions from the Plan will be taxed as ordinary income for federal income tax purposes unless the participant elects to directly roll his or her distribution into an Individual Retirement Account (IRA), a qualified retirement plan, or qualifies for special tax treatment. The Plan allows for mandatory distributions into individual retirement plan accounts designated by the Plan administrator for terminated participants with account balances below $5,000 without consent of the participants.

Notes Receivable from Participants: The Plan allows participants to borrow a minimum of $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the participant’s vested balance and only one loan is permissible at a time. The loans bear interest at a reasonable interest rate based upon the prime rate as published in the Wall Street Journal. For loans made in 2017 and 2018, the interest rate charged was the prime rate plus 2% at the time the loan was made (which ranged from 6.50% - 7.50%) and must be repaid to the Plan within a five-year period, unless the loan is used for the purchase of a principal residence, in which case, the maximum repayment period may be longer.

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Notes Receivable from Participants (continued): Principal and interest are paid ratably through each payroll deduction. Loans outstanding when a participant exits the Plan are reclassified as deemed distributions from participant notes receivable based upon the terms of the plan document. There were $5,683 and $26,825 in deemed distributions from participant notes receivable during the years ended December 31, 2018 and 2017, respectively.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the cash basis of accounting.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Mutual funds are stated at fair value and the interest in common trusts are stated at net asset value per share. For more information on valuation methods and inputs, please refer to Note F - Fair Value Measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the cash basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. The Plan's investments are held in a trust administered by Capital Bank & Trust Company for 2018 and 2017.

Subsequent Events: ASC 855-10 *Subsequent Events* requires additional disclosure for events or transactions that occur after the statement of net assets available for benefits date. The Plan has no significant subsequent events as of August 12, 2019. The Plan has not evaluated subsequent events after this date, which is the date the financial statements were available to be issued.

NOTE C – INCOME TAX STATUS

The Company received a determination letter from the Internal Revenue Service on March 31, 2014 that the Plan qualifies under Sections 401(a) and 401(k) of the Internal Revenue Code and is therefore exempt from federal income taxes under Section 501(a) of the Code. The Plan is also exempt from state income taxes. The Plan has been amended since receiving the determination letter, however, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE C – INCOME TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the various taxing authorities and government agencies. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes that the Plan is no longer subject to income tax examinations for tax years prior to 2015.

NOTE D – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Capital Bank & Trust Company. Capital Bank & Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Some administrative expenses incurred by the Plan during 2018 services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment.

NOTE E – PLAN TERMINATION

While the Company has not expressed any intent to terminate the Plan, it is free to do so at any time, subject to the provisions of ERISA. In the event of termination, the participants' accounts will be paid in accordance with the provisions of the Plan as soon as practicable.

NOTE F – FAIR VALUE MEASUREMENTS

ASC 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE F – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds and money market funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds and money market funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Funds: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE F – FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

	2018			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 6,898,701	$ -	$ -	$ 6,898,701
Total assets in the fair value hierarchy	6,898,701	-	-	6,898,701
Investments measured at net asset value	-	-	-	331,169
Investments at fair value	$ 6,898,701	$ -	$ -	$ 7,229,870

	2017			
	Level 1	Level 2	Level 3	Total
Assets in the fair value hierarchy:				
Mutual funds	$ 7,526,983	$ -	$ -	$ 7,526,983
Total assets in the fair value hierarchy	7,526,983	-	-	7,526,983
Investments measured at net asset value	-	-	-	57,316
Investments at fair value	$ 7,526,983	$ -	$ -	$ 7,584,299

NOTE F – FAIR VALUE MEASUREMENTS (CONTINUED)

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2018 and 2017, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2018	Fair Value	Unfunded Commitments	Redepmtion Frequency	Redemption Notice Period
Stable value collective trust fund	$ 331,169	N/A	Daily	12 months

December 31, 2017	Fair Value	Unfunded Commitments	Redepmtion Frequency	Redemption Notice Period
Stable value collective trust fund	$ 57,316	N/A	Daily	12 months

NOTE G – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2018 and 2017, and net depreciation in investments at fair value, interest and dividends, contributions, distributions, and administrative expenses for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Capital Bank & Trust Company.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
