INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Ralis Services Corp. 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ralis Services Corp. 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by either Principal Life Insurance Company or Principal Global Investors Trust Company (collectively "Principal" or "Trustee"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained certifications from the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

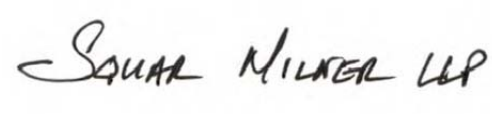

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018, is required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the accompanying financial statements and supplemental schedule, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN

The following description of the Ralis Services Corp. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 2016, Ralis Services Corp. (the "Company" "Plan Sponsor" or the "Plan Administrator") adopted the Plan. The Plan is a participant directed defined contribution profit sharing plan designed to provide eligible employees of the Company with an employee benefit plan that permits participants to elect to defer current taxation by contributing a portion of their wages to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and is intended to qualify under Section 401(k) of the Internal Revenue Code of 1986, as amended (the "Code").

Plan Administration

The Plan's day-to-day operations are administered by Principal Life Insurance Company and Principal Global Investors Trust, third party administrator (the "TPA"). Accounting records are maintained by Principal Life Insurance Company (the "Trustee") on the cash basis of accounting. The financial statements include all material adjustments, if necessary, to conform the information provided by the Trustee to the accrual basis of accounting, if any. Overall responsibility for administering the Plan rests with the Plan Administrator.

Eligibility

All employees of the Company are eligible to participate in the Plan upon completion of a minimum of sixty days of employment services and attaining a minimum age of 21 years.

Contributions

Participants may elect to contribute to the Plan, on a pretax basis, up to 90% of total annual compensation, not including bonuses, up to a maximum of $18,500 for 2018. All employees who were eligible to make pretax deferrals under the Plan, and who had attained age 50 before the close of the Plan year, were eligible to make catch-up contributions in accordance with, and subject to the limitations of, Section 414(v) of the Code. Catch-up contributions were limited to $6,000 for 2018. The Plan has the right to institute a limitation of a maximum amount of the salary contribution for all employees or any class of employees to the extent it determines that such limitation is necessary to keep the Plan in compliance with the Code. The Company, at its discretion, may contribute an amount to the account of each participant with at least 1,000 hours of service during the Plan year. During the year ended December 31, 2018, the Company did not make any such discretionary contributions. Participants may also rollover amounts representing distributions from other qualified plans.

1. DESCRIPTION OF PLAN (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of investment earnings and appreciation in the value of investments, and charged with withdrawals or distributions and an allocation of (i) investment gain and losses and appreciation/depreciation in the value of investments and (ii) asset management fees charged by the Trustee. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participant elective deferral contributions and earnings are always fully vested. The Company's contributions, when made, vest at a rate of 20% each year after two years of service. Participants become fully vested in the Company's contributions upon attainment of normal retirement age, upon retirement due to disability, upon death, and upon termination of the Plan, as defined, at which time such balances may be withdrawn without penalty.

Payment of Benefits

Upon termination of service, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account, receive installment payments, or purchase an immediate or deferred annuity from an insurance company. If the value of the participant's account exceeds $5,000, the participant may elect to keep the account in the Plan and maintain his or her account in any of the Plan's investment options. Benefits are recorded when paid.

Notes Receivable from Participants

Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms are not to exceed five years, or 10 years if the loan is used to obtain a primary residence. Principal and interest are paid ratably through payroll deductions. All loans must be adequately secured; however, no more than 50% of the present value on the participant's vested account balance may be considered as security for the outstanding balance of the loan. The loans bear interest at a rate based on the rates available for similar loans from commercial lending institutions as determined by the Trustee. The interest rate on borrowings was 5% as of December 31, 2018 and 2017, and the loans mature through November 2023.

Participant Withdrawals

Participants may make withdrawals at vested amounts under the following circumstances: 1) attainment of age 59½ or retirement, 2) hardship, as defined by the Plan document, not more than once a year, and 3) loans, not to exceed amounts stated in the Plan document.

1. DESCRIPTION OF PLAN (continued)

Forfeitures

Any amount of the Company contributions and related earnings not vested at termination of employment is forfeited. The employer may elect to use the forfeitures to offset administrative expenses of the Plan to the extent the expenses are Plan expenses. There were no forfeitures as of and for the year ended December 31, 2018 as the Company made no discretionary contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, benefits earned become fully vested as of the Plan's termination date.

Tax Status

The Internal Revenue Service has determined by letter, dated March 31, 2014, that the Plan is qualified in accordance with applicable sections of the Code, and the trust under the Plan constitutes a qualified trust and is therefore exempt from federal income taxes. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at estimated fair value except for the investment in a fully benefit-responsive contract with an insurance company which is presented at contract value (Note 5).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the investment in a fully benefit-responsive contract with an insurance company which is reported at contract value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 Fair Value Measurements for further discussion of the fair value of Plan investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition (continued)

The net realized and unrealized gains and losses are reflected in the statement of changes in net assets available for benefits as net appreciation or depreciation in the fair value of investments.

Certain investments are measured at fair value using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. Such investments include collective investment trusts and pooled–separate accounts, which are public investment securities.

Investments in fully benefit-responsive guaranteed investment contracts are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded for loans to participants. If a participant ceases to make loan repayments and the Plan Administrator deems the participants loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Administrative Expenses

Generally, the costs of administering the Plan are paid for by the Company and, accordingly, are not reflected in the accompanying financial statements of the Plan. Certain fees charged by the Trustee, which is considered to be a party in interest, are paid by the Plan and are applied directly to participants' accounts. Costs paid by the Plan were $26,387 for the year ended December 31, 2018 (Note 7).

Income Taxes

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions and the Plan could be subject to income tax if certain issues were found by the Internal Revenue Service that could result in the disqualification of the Plan's tax-exempt status; however, there are currently no audits for any tax periods in progress.

2. SIGNIFICANT ACCOUNTING POLICIES (continued)

Subsequent Events

The Plan evaluated subsequent events for their potential impact on the financial statements and disclosures through August 15, 2019, which is the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In August 2018, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement*. ASU 2018-13 improves the disclosure requirements for fair value measurements. The guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. Early adoption is permitted. The Plan is assessing the impact on its disclosures of adopting the updated standard.

3. INFORMATION CERTIFIED BY TRUSTEE

Information regarding all investments at fair value, contract value, and investment income and losses, as shown in the accompanying financial statements and supplemental schedule, has been certified by Principal Global Investors Trust Company and Principal Life Insurance Company as being complete and accurate.

Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA states, in part, that any statement of information prepared and certified by the Trustee need not be audited or reported on by an independent public accountant. Pursuant to that regulation, the Plan Administrator has instructed its independent public accountants not to perform any auditing procedures with respect to information certified by the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018.

4. FAIR VALUE MEASUREMENTS

Investments are valued in accordance with FASB Accounting Standards Codification ("ASC") 820, which establishes a framework that provides a fair value hierarchy to prioritize the inputs to valuation techniques used to measure fair value. The fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

Level 1: Quoted market prices in active markets for identical assets or liabilities that are accessible at the measurement date.

4. FAIR VALUE MEASUREMENTS (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and supported by little or no market activity and are significant to the fair value measurement.

The following table sets forth by level, within the ASC 820 fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2018 and 2017:

December 31, 2018

	Level 1	Total
Mutual funds	$ 200,320	$ 200,320
Total investments in the fair value hierarchy	200,320	200,320
Investments measured at NAV*	–	1,606,579
	$ 200,320	$ 1,806,899

December 31, 2017

	Level 1	Total
Mutual funds	$ 125,149	$ 125,149
Total investments in the fair value hierarchy	125,149	125,149
Investments measured at NAV*	–	1,368,107
	$ 125,149	$ 1,493,256

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. Such investments include collective investment trusts and pooled–separate accounts, which are public investment securities.

The following is a description of the valuation methodologies used for assets measured at fair value as of December 31, 2018 and 2017:

4. FAIR VALUE MEASUREMENTS (continued)

Mutual Funds

Mutual funds are valued at quoted market prices on an exchange, which is an active market, representing asset values of shares held by the Plan at year-end and are classified as Level 1 investments.

Pooled Separate Accounts

These investments are public investment securities valued using the NAV. The NAV, as provided by the investment custodian, is used as a practical expedient of fair value.

Collective Investment Trusts

Collective investment trusts are valued at NAV as a practical expedient. NAV is provided by the Trustee and represents the estimated fair value of the underlying investments held by the trust less its liabilities. Participant transactions (purchases and sales) may occur daily. The collective investment trusts provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

If it is determined to be probable that the trusts will sell the investment for an amount different from the reported NAV, NAV is no longer used.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. FIXED INCOME GUARANTEED OPTION

The Plan has a fully benefit-responsive guaranteed investment contract ("GIC") with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The GIC does not have specific underlying assets assigned, thus is considered a traditional investment contract. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The GIC is included in the financial statements at contract value. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC does have a surrender charge of 5% that may be charged if the Plan terminates its interest in the contract.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The estimated contract value of the guaranteed investment contract as of December 31, 2018 and 2017 was $1,149 and $4,603, respectively. Under the terms of the existing contract, the crediting interest rate is based on a formula agreed upon with the Plan. The crediting rate resets on a semiannual basis and will not be less than the guaranteed minimum interest rate, specifically no less than 1% or greater than 3%.

5. FIXED INCOME GUARANTEED OPTION (continued)

Certain events limit the ability of the Plan to transact at contract value with Principal Life Insurance Company. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The GIC does not permit Principal Life Insurance Company to terminate the agreement prior to the scheduled maturity dates without additional termination charges.

6. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of mutual funds and other investment securities with different investment strategies. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan's exposure to credit loss in the event of nonperformance by other parties who directly and indirectly own financial instruments is limited to the carrying value of such instruments. The Plan's concentrations of credit risk are dictated by the Plan's provisions as well as those of ERISA and participants' investment preference.

7. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS

The Trustee is a party-in-interest as defined by ERISA. The Trustee invests certain Plan assets in its investment funds. Such transactions qualify as party-in-interest transactions permitted by Department of Labor regulations. The Company is the Plan Sponsor, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions for which a statutory exemption exists (see supplemental schedule).

The Plan is a participant-directed plan and as such, is not required to provide a supplemental schedule indicating transactions exceeding 5% of the current value of Plan assets. Administrative expenses paid to the Trustee amounted to $26,387 in 2018. No prohibited transactions with "parties-in-interest," as defined under ERISA, occurred during the year ended December 31, 2018.

7. PARTY-IN-INTEREST AND REPORTABLE TRANSACTIONS (continued)

According to Section 412 of ERISA, each Plan official is required to be bonded for at least 10% of the amount he or she handles, but in no event less than $1,000. The maximum bond amount required under section 412 with regard to any one plan is $500,000 per plan official, or $1 million per plan official in the case of a plan that holds employer securities. The Plan has been issued a fidelity bond by Western Surety Company in the amount of $10,000 per plan official. However, the amount is insufficient per ERISA standards. Subsequent to year-end, the Plan Administrator has increased its fidelity bond coverage to meet the ERISA requirement.
