NOTE 1 - DESCRIPTION OF PLAN

The following description of the Power Distributors, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible employees, as defined in the plan agreement of Power Distributors, LLC (herein called "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility: Employees must be 21 years of age and complete one month of service to be eligible to participate in the Plan. Employees are automatically enrolled in the Plan upon meeting the eligibility requirements. The employee are provided the option to opt out of enrollment upon meeting the eligibility requirements. Participants in the Plan are able to make employee deferred contributions and to share in employer matching contributions and the Company's discretionary profit sharing contributions.

Contributions: The Plan is funded by employee and employer contributions. Each year, participants may contribute up to a maximum of 40% of their annual compensation, as defined in the plan agreement, but shall not exceed the maximum permitted by the Internal Revenue Code. Unless they elect otherwise participants automatically contribute 1% of annual compensation, which increases by 1% annually up to a maximum of 3% of annual compensation. The Company may, at its sole discretion and for each Plan year, contribute matching contributions and/or discretionary profit sharing contributions to the Plan. For the year ended December 31, 2018, the Company made \$227,931 in matching contributions to the Plan. During 2018, the Company elected to match the first 3% of employee contributions. The Company did not make an employer discretionary profit sharing contribution during 2018.

Participant-Directed Investment Options: Participants direct the investment of their accounts into various investment options offered by the Plan, including collective trusts and mutual funds with varying fund objectives and degrees of investment risk.

Participant Accounts: Individual account balances are maintained for each participant by Bank of America, N.A., the trustee. Participants may change investment elections daily, not to exceed four times a year. Each participant's account is adjusted daily for income, realized and unrealized gains, and losses.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is at 20% per year after 2 years of service, with individuals being fully vested after 6 years.

Payment of Benefits: Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The Plan also allows for in-service distributions upon the attainment of age 59 ½ and hardship withdrawals upon demonstration of financial hardship in accordance with the plan document.

Forfeited Accounts: Upon termination of employment, a participant's non-vested portion of Company contributions and related earnings are forfeited. At December 31, 2018 and 2017, there were \$0 and \$41,624, respectively of forfeited non-vested accounts. Forfeitures are used to reduce future Company contributions. There were forfeitures of \$50,735 applied to employer contributions during the year ended December 31, 2018.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expense: Investment expenses directly related to the Plan are charged to the applicable investment fund. Substantially all of the administrative expenses of the Plan are paid by the Company. Such expenses include internal accounting and administrative services and external auditing and other fees and are excluded from these financial statements.

NOTE 3 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Substantially all information pertaining to the Plan's investments included in the financial statements, including the associated investment income (loss) and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan. This information has not been audited by independent accountants.

NOTE 4 - FAIR VALUE MEASUREMENTS

Generally accepted accounting principles provide the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Collective Trusts: The fair value of participation units in collective trusts are based upon the net asset values of funds as reported in the audited financial statements of the funds. The funds provide for daily redemptions by the Plan at reported net asset value per share.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis at December 31, 2018, are summarized below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments				
Mutual Funds	\$ 7,310,001	\$ -	\$ -	\$ 7,310,001
Collective Trusts*	<u>-</u>	<u>-</u>	<u>-</u>	<u>514,660</u>
Investments at fair value	<u>\$ 7,310,001</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,824,661</u>

Investments measured at fair value on a recurring basis at December 31, 2017, are summarized below:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments				
Mutual Funds	\$ 8,066,145	\$ -	\$ -	\$ 8,066,145
Collective Trusts*	<u>-</u>	<u>-</u>	<u>-</u>	<u>804,130</u>
Investments at fair value	<u>\$ 8,066,145</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,870,275</u>

* In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share or its equivalent as a practical expedient have not been classified in the fair value hierarchy. The fair value of the amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become fully vested in their accounts.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. Certain professional fees for the administration and audit of the Plan were paid by the Company. Professional fees were paid by the Plan to Bank of America N.A, the trustee, for investment management and therefore qualify as party-in-interest transactions.

NOTE 7 - TAX STATUS

The Plan has adopted a Prototype Non-Standardized Profit Sharing Plan sponsored by Bank of America N.A. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status dated March 31, 2014. The prototype plan opinion letter has been relied upon by this Plan. The Plan has been amended since the date of the opinion letter; however, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

There are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through August 14, 2019, which is the date the financial statements were available to be issued.
