## 1. Description of Plan

*General* – The Houston Refining LP 401(k) and Savings Plan for Represented Employees (the "Plan") is a defined contribution plan for represented employees of Houston Refining LP ("HRO" or the "Company"), a Delaware limited partnership, which is a wholly owned subsidiary of Lyondell Chemical Company ("Lyondell").

Full-time or part-time employees who are represented by a collective bargaining agreement are eligible to participate immediately in the Plan upon the beginning of employment with HRO. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Participants should refer to the Plan document for a complete description of the Plan provisions.

*Plan Administration* – The Plan is administered by the Benefits Administrative Committee ("BAC"), which consists of individuals appointed by the Lyondell Board of Directors ("LBD"). Fidelity Workplace Services LLC ("FWS") is the Plan's recordkeeper. Plan assets are maintained in the Lyondell Chemical Company, Equistar Chemicals, LP, and Houston Refining LP Master Trust ("Master Trust") under the custody of Fidelity Management Trust Company ("Trustee"). The Trustee makes payments in accordance with the provisions of the Plan. HRO pays certain administrative expenses of the Plan. HRO, the BAC and the Trustee are not responsible for the investment decisions of individual participants.

*Transaction Fees* – Any transaction fees related to withdrawals are paid by the participants from their accounts directly to FWS and are included in the Statement of Changes in Net Assets Available for Benefits.

*Contributions* – Subject to the Internal Revenue Code limitation on the maximum amount of an employee's contributions on a pre-tax basis of $18,500 in 2018, participants may contribute from 1% to 50% of their eligible earnings to the Plan through pre-tax payroll deductions ("Elective Deferrals") and from 1% to 10% of their eligible earnings through after-tax payroll deductions ("Savings Contributions"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions up to a maximum amount of $6,000 in 2018. Effective January 1, 2017, the Plan was amended with the following changes: the Plan will offer Roth deferrals as an additional payroll deduction option as well as in-Plan Roth conversions; the maximum limit on after-tax contributions increased from 10% to 20% of eligible pay; and former employees are no longer required to receive distributions at age 65.

HRO makes matching contributions on behalf of participants at the rate of 100% of Elective Deferrals up to a maximum matching contribution of 5% of the participant's eligible earnings. Participants are eligible for matching contributions after completing twelve months of credited service. All contributions and earnings thereon are immediately fully vested and nonforfeitable.

*Investment Elections* – There are twenty-seven core investment options under the Plan, along with a self-directed brokerage account. In addition, the Plan offers a discretionary managed account service provided by Strategic Advisers, Inc. ("Strategic Advisers") that participants may elect to utilize for a fee deducted from the participant's Plan account. Under this service, Strategic Advisers serves as the investment manager, and actively manages the investment of the participant's Plan account among the core investment options.

All investments in the Plan have some degree of risk. The Plan, the Company and their representatives do not guarantee the investment fund performance. Participation in the Plan is voluntary and participants are responsible for their investment decisions.

The core investment options provide a variety of investment styles and securities. The funds include conservative to aggressive investment fund choices and are monitored periodically by the Benefits Finance Committee ("BFC"), which consists of individuals appointed by the LBD.

The self-directed brokerage account is an option for those active investors participating in the Plan who are willing to assume the responsibility for monitoring the performance of their investments. The self-directed brokerage account provides a wide array of investments.

The BFC does not monitor the performance of the self-directed brokerage account. Participants investing in the self-directed brokerage account assume the individual responsibility of researching, evaluating, and tracking each investment in which they invest.

Participants are permitted to change their investment elections for future contributions at any time or change how their existing account balance is invested by transferring money between the different funds at any time.

All participant assets are held in the Master Trust. Contributions are invested, based on participants' instructions, in any of the various above-described investment options, and the BFC is not responsible for the investment decisions of individual participants.

*Participant Accounts* – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined by the terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

*Benefits Paid to Participants* – A participant's vested account balance will be distributed in a single lump sum upon termination of employment for any reason, except that the participant must consent to a distribution prior to attainment of age 65 or death. However, if a participant's vested account balance is $1,000 or less, the participant's vested account balance will be distributed as soon as practicable after termination without the participant's consent.

The Plan permits in-service withdrawals of Elective Deferrals under certain hardship conditions as defined by the Plan. Savings Contributions may be withdrawn in total or partial amounts at any time. In addition, all contributions are available for in-service withdrawal in total or partial amounts if the participant has attained age 59½.

*Notes Receivable from Participants* – The Plan permits employees to borrow from their vested account balance, as defined by the Plan and subject to a per loan minimum of $1,000 and $15,000 for general-purpose and residential loans, respectively, and a per loan maximum of the lesser of $50,000 (reduced by the highest outstanding loan balance over the preceding 12 months) or 50% of the participant's vested account balance (reduced by any other outstanding loan balance). The interest rate currently charged for loans is a fixed rate equal to the prime rate as supplied by Reuters as of the last business day of the month preceding the date the loan application was received by the Plan, subject to a 6% maximum while a participant is on military leave of absence. The loans are secured by a portion of the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.25%. Repayment periods range from one to five years for general-purpose loans and one to ten years for residential loans. The loans and interest are repaid ratably through payroll deductions. Repaid principal and interest are added to investment funds according to the current investment elections of the participant. When a participant terminates employment with the Company and its affiliates, the unpaid balance of the participant's loan(s) may continue to be repaid in a manner other than by payroll deduction. If a loan payment is not made by the last day of the calendar quarter following the calendar quarter in which it was due, the loan will be declared in default, and the outstanding balance (including accrued interest) will be automatically treated as a deemed distribution to the participant.

*Forfeiture Account* – There were no amounts forfeited under the Plan and placed in the Plan's forfeiture account during the year ended December 31, 2018.

*Termination Provision* – Although it has not expressed any intent to do so, HRO has the right to terminate the Plan at any time subject to the provisions of ERISA and the Internal Revenue Code of 1986, as amended (the "Code"). In the event of Plan termination, all participants will be fully vested in their accounts.

## 2. Summary of Significant Accounting Policies

*Basis of Accounting* – The financial statements of the Plan are prepared in accordance with generally accepted accounting principles in the United States of America ("U.S. GAAP").

*Accounting Guidance Issued But Not Adopted as of December 31, 2018* – In February 2017, the Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update ("ASU") 2017-06, *Plan Accounting (Topics 960,962,965)-Employee Benefit Plan Master Trust Reporting.* The amendments require that for each master trust in a which a plan holds an interest, the plan's interest in that master trust and any change in that interest, be presented in separate line items in the statement of net assets available for benefits and in the statement of changes in net assets available for benefits, respectively. In addition, the amendments remove the requirement to disclose the percentage interest in the master trust for plans with divided interests and require that all plans disclose the dollar amount of their interest in each of those general types of investments within the plan's financial statements. This amendment will be effective for periods beginning after December 15, 2018. Early adoption of this ASU is permitted but not required. The adoption of this amendment is not expected to have a material impact on the presentation of the Plan's financial statements.

*Notes Receivable From Participants* – Borrowings on a participant's vested account balance in the Plan are carried as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest, on the Statements of Net Assets Available for Benefits.

*Investment Valuation and Income Recognition* – The fair value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income (loss) less actual distributions. The Master Trust's assets are allocated among participating plans by assigning to each plan those transactions which can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income (loss) and expenses resulting from the collective investment of the assets of the Master Trust. The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are accounted for on the trade date. Gains or losses on the sale or distribution of securities are computed on an average cost basis. Dividend income is accrued on the ex-dividend date and interest income is accrued as earned. The net appreciation or depreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation of those investments, is included in "Investment gain (loss) from the Lyondell Chemical Company, Equistar Chemicals, LP, and Houston Refining LP Master Trust" in the Statement of Changes in Net Assets Available for Benefits.

*Transfer Activity* – Transfer activity includes transfers to and from other plans participating in the Master Trust.

*Benefits Paid to Participants* – Benefits are recorded when paid.

*Use of Estimates* – The preparation of the Plan's financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period and, when applicable, the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

*Risks and Uncertainties* – The Master Trust provides for various investment options in any combination of money market funds, mutual funds, common stock, bonds, and other investments consisting of stock options, rights, and warrants. Investment securities are exposed to various risks, such as market and credit risks. Changes in the values of investment securities will continue to occur in the near term and such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

## 3. Tax Status

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). The plan administrator has analyzed the tax positions of the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan is a qualified plan under Sections 401(a) and (k) of the Code. The Plan has received a favorable determination letter from the IRS dated December 12, 2014. The BAC believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, the related trust is tax-exempt. Accordingly, no provision is made for federal income taxes.

## 4. Reconciliation of the Plan Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the Plan's net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Schedule H of Form 5500:

| | December 31, | |
|---|---|---|
| | 2018 | 2017 |
| Net assets available for benefits per the financial statements | $ 79,424,600 | $ 83,962,073 |
| Deemed distributions of participant loans | (195,544) | (146,712) |
| Net assets available for benefits per Schedule H of Form 5500 | $ 79,229,056 | $ 83,815,361 |

The following is a reconciliation of total distributions paid to participants per the financial statements for the year ended December 31, 2018 to Schedule H of Form 5500:

| | 2018 |
|---|---|
| Total benefits paid to participants per the financial statements | $ 6,162,087 |
| Deemed distributions of participant loans | 48,146 |
| Total distributions paid to participants per Schedule H of Form 5500 | $ 6,210,233 |

Amounts allocated to deemed distributions of participant loans are recorded as notes receivable in the financial statements and recorded as an expense on Schedule H of Form 5500.

*Deemed Distribution* – A participant loan is deemed distributed during the plan year under the provisions of Internal Revenue Code section 72(p) and Treasury Regulation section 1.72(p)-1 if the participant loan is treated as a direct investment solely of the participant's individual account and the participant has failed during the year to make a repayment when due (including any grace period). For financial statement purposes, the loan balance is still considered as an outstanding loan until the loan obligation has been satisfied, and to the extent the loan balance cannot be offset

against withdrawable amounts at the time of default, it is not treated as an actual distribution until such time that the participant's vested account balance is fully distributed.

## 5. Information Certified by the Plan's Trustee and Custodian

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee or the Custodian, as applicable, have certified that the following data included in the accompanying financial statements and schedule are complete and accurate:

- Plan interest in the Master Trust, at fair value, at December 31, 2018 and 2017, respectively
- Investment income (loss) from the Master Trust
- Investment amounts as shown in Note 6 and Note 7

## 6. Lyondell Chemical Company, Equistar Chemicals, LP, and Houston Refining LP Master Trust

The Master Trust is a pooled investment trust composed of the beneficial interests of certain participating defined contribution plans of Lyondell Chemical Company, Equistar Chemicals, LP, and Houston Refining LP, all of which are related entities.

The Plan's investment assets are held in a trust account with the Trustee and consist of a specific interest in the Master Trust. The Plan's specific interest in the Master Trust was approximately 4.68% and 4.64% at December 31, 2018 and 2017, respectively.

The net assets available for benefits of the Master Trust as of December 31, 2018 and 2017 are as follows:

| Total | 83,706,173 |
| Total investment income (loss) | $ (97,932,501) |

**7. Fair Value Measurements**

ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants. ASC 820 also specifies a fair value hierarchy based upon the observability of inputs used in valuation techniques. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally-developed market assumptions. In accordance with ASC 820, fair value measurements are classified using the following hierarchy:

Level 1 – Quoted prices for identical instruments in active markets.

Level 2 – Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations in which all significant inputs or significant value-drivers are observable in active markets.

Level 3 – Model-derived valuations in which one or more significant inputs or significant value-drivers are unobservable.

When available, quoted market prices are used to determine fair value and such measurements are classified within Level 1. In some cases where market prices are not available, observable market based inputs are used to calculate fair value, in which case the measurements are classified within Level 2. If quoted or observable market prices are not available, fair value is based upon internally-developed models that use, where possible, current market-based parameters such as interest rates, yield curves and currency rates. These measurements are classified within Level 3.

Fair value measurements are classified according to the lowest level input or value-driver that is significant to the valuation. A measurement may therefore be classified within Level 3 even though there may be significant inputs that are readily observable.

*Changes in Fair Value Levels* – Management reviews the disclosures regarding fair value measurements annually at year end. If an instrument classified as Level 1 subsequently ceases to be actively traded, it is transferred out of Level 1. In such cases, instruments are reclassified as Level 2, unless the measurement of its fair value requires the use of significant unobservable inputs, in which cases it is reclassified as Level 3.

Valuation methodologies used for major investment types measured at fair value include:

*Mutual funds* – Valued at the net asset value price of shares held by the Master Trust at year end.

*Money market funds* – Valued at the net asset value price of shares held by the Master Trust at year end.

*Common stock* – Valued at the closing price reported on the active market on which the individual securities are traded.

*Corporate bonds* – Certain bonds that are not traded on an exchange are valued at the quoted closing price reported by pricing services. Other bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings.

*U.S. government and agency securities* – Certain securities are valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The investments of the Master Trust that are measured at fair value as of December 31, 2018 are summarized below:

| | December 31, 2018 | | | |
|---|---|---|---|---|
| | Fair Value | Level 1 | Level 2 | Level 3 |
| Mutual Funds | $ 1,317,055,421 | $ 1,317,055,421 | $ — | $ — |
| Self-Directed Brokerage Account | 194,708,421 | 193,370,076 | 1,338,345 | — |
| Total investments in Master Trust | $ 1,511,763,842 | $ 1,510,425,497 | $ 1,338,345 | $ — |

The investments of the Master Trust that are measured at fair value as of December 31, 2017 are summarized below:

| | December 31, 2017 | | | |
|---|---|---|---|---|
| | Fair Value | Level 1 | Level 2 | Level 3 |
| Mutual Funds | $ 1,424,765,859 | $ 1,424,765,859 | $ — | $ — |
| Self-Directed Brokerage Account | 210,749,457 | 209,267,248 | 1,018,060 | — |
| Total investments in Master Trust | $ 1,635,515,316 | $ 1,634,033,107 | $ 1,018,060 | $ — |

**8. Fully Benefit-Responsive Investment Contract**

The Master Trust invests in a fully benefit-responsive group annuity contract ("GAC"). The GAC primary investment objective is to provide preservation of principal, maintain a stable interest rate, and provide daily liquidity at contract value for Participant withdrawals and transfers. The GAC is reported at contract value. The contract value is generally

equal to the principal amounts invested in the underlying investments, plus interest accrued at a crediting rate established under the contract, less any adjustments for withdrawals. There are no events that limit the ability of the Master Trust to transact at contract value with the issuer nor events which prevent the issuer from terminating the contract with the Plan and settling at contract value. The total contract value of the GAC is $112,658,237.

## 9. Related-Party Transactions

Certain Master Trust investments are shares of mutual funds managed by Fidelity Management & Research Company. Fidelity Management Trust Company is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. These party-in-interest transactions are permissible under the provisions of ERISA.

A revenue credit account has been established under the Plan to which the Trustee credits a negotiated portion of the revenue sharing payments it receives from fund managers with respect to investments under the Plan. The portion of the revenue sharing payments retained by the Trustee is intended to cover the Trustee's routine administrative and trustee fees. The portion credited back to the Plan can be used to pay other reasonable administrative fees of the Plan or allocated to participants' accounts. During the year ended 2018, a total of $94,443 was credited to the revenue credit account, of which $8,665 was used to pay administrative fees of the Plan and $85,778 was allocated to participants' accounts.

Fees paid by HRO on behalf of the Plan for certain administrative costs were approximately $22,000 in 2018.

## 10. Commitments and Contingencies

In 2009, while in Bankruptcy, the Company ceased matching employee 401(k) contributions for all U.S. employees. In 2010, the Company resumed matching 401(k) contributions, but at a lower rate than pre-bankruptcy. The Union at the Houston Refinery filed grievance number 0-08-10 contesting the Company's resumption of the 401(k) match at the lower level. The parties selected an arbitrator to decide this dispute and arbitration was scheduled for June 6, 2019. On May 24, 2019, the Company moved to dismiss the grievance. The Union has until July 18, 2019 to respond, and the Company will have 14 days to file a reply brief. The arbitrator canceled the scheduled arbitration and has indicated that he intends to rule on the Company's motion before rescheduling. A resolution in the Union's favor could result in additional employer contributions to the Plan for the years beginning 2010 and for future contributions.

## 11. Subsequent Events

The Company has evaluated subsequent events through June 27, 2019 the date the financial statements were available to be issued.
