Integral Ad Science, Inc.
401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE A - DESCRIPTION

The following description of the Integral Ad Science, Inc. 401(K) Plan (the Plan), is provided for general information purposes only. More complete information regarding the Plan's provisions may be found in the Plan document.

1. General

The plan is a defined contribution plan established by Integral Ad Science, Inc. (the Company), under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in Section 401(K) of the Internal Revenue Code (IRC), for the benefit of eligible employees of the Company. All employees of the Company, as defined, are eligible to participate in the plan as of their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

2. Contributions

Eligible employees can contribute to the plan up to an annual limit of the lesser of 80 percent of eligible compensation or $18,500 in 2018 and $18,000 in 2017; thereafter as adjusted by the Secretary of the Treasury in a calendar year. Participants age 50 and older can make catch-up contributions of an additional $6,000 in 2018 and 2017.

3. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions and related employer matching contributions, as well as the participant's share of the Plan's income and any related administrative expenses.

4. Vesting

Participants will always be 100% vested in their accounts. These contributions may be distributed under the same circumstances which allow Deferral Contributions to be distributed (i.e., death, disability, separation from service, age 59 ½, and termination of the plan without the establishment of a successor plan) but participants may not request a hardship withdrawal of these contributions.

5. Notes Receivable from Participants

A participant may borrow, from his or her account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loan terms range up to five years. Participant loans are secured by the balance in the participant's account and bear interest at a reasonable interest rate charged by persons in the business of lending money for loans made under similar circumstances. Principal and interest payments are made through payroll deductions.

6. Payment of Benefits

On retirement, death, disability, or termination of service, a participant (or participant's beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant's vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United states of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend rate. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as well as held during the year.

4. Notes Receivables from Participants

Notes Receivables from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

5. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

6. Payment of Benefits

Benefits are recorded when paid.

7. Administrative Expenses

Certain expenses including loan origination fees associated with notes receivable are charged to participant accounts. Administrative expenses of maintaining the Plan are paid by the Company.

8. Subsequent Events

The Plan has evaluated subsequent events through July 16, 2019, the date the Financial Statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in inactive markets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 – Fair Value Measurement

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Fair Value Measurements

Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and maximize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measure at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the quoted market value of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are correct, different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurement at December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018

	Level 1	Level 2	Level 3	Total
Mutual funds	$11,346,564	-	-	$11,346,564
Investment measured at net asset value				2,366,079
Total investments at fair value				$13,712,643

Assets at Fair Value as of December 31, 2017

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,669,875	-	-	$ 9,669,875
Investment measured at net asset value				2,109,416
Total investments at fair value				$11,779,291

NOTE D - NON-PARTICIPANT DIRECTED INVESTMENTS

As of December 31, 2018 and 2017, the Plan did not have any non-participant directed investments.

NOTE E - ROLLOVER CONTRIBUTIONS

An aggregate of $331,230 and $550,063 was rolled into the Plan during the years ended December 31, 2018 and 2017 respectively, and is included in rollovers on the statements of changes in net assets available for benefits.

NOTE F - RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by Fidelity Management Trust Company and by Reliance Trust Company (the trustees for the Plan) and, therefore, these transactions qualify as party in interest transactions.

NOTE G - TAX STATUS

The IRS has determined and informed the Company by a letter dated July 16, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was established under the prototype 401(K) plan of ADP, LLC. The Plan administrator believes that the Plan is designated and is currently being operated in compliance with the applicable requirements of the IRC. Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their account balances.

NOTE I - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
