General

The Plan, which was effective January 1, 2003, is a defined contribution plan covering eligible employees of Patheon Pharmaceuticals Inc. (the "Plan Sponsor"); Patheon Pharmaceutical Services Inc.; Banner Pharmacaps, Inc.; Banner Life Sciences LLC; Patheon Development Services, Inc.; Patheon Biologics LLC and Patheon Biologics (NJ) LLC (collectively the "Company" or "Employer"). Effective February 1, 2017, the Plan was amended to add Patheon API Inc. as a participating employer. Effective August 29, 2017, the Plan was amended to remove Banner Life Sciences LLC as a participating employer. Eligible employees include full time employees of the Company and part time employees who completed one year (i.e., one thousand hours) of continuous service. There is no age requirement to enter the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered through a trust.

On December 31, 2018, the Plan was merged into the Thermo Fisher Scientific Inc. 401(k) Retirement Plan. Prior to the merger, the Plan's net assets available for benefits were \$253,619,098. The following footnotes describe the Plan prior to this merger.

Contributions

Participants may elect to contribute to the Plan, on a pre-tax basis, 401(k) contributions and catch-up contributions, subject to certain limits permitted by law. Roth 401(k) contributions are also permitted. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined contributions plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation with an auto-escalation provision of 1% per year, after the second plan year of participation, up to a maximum of 6%. Their contributions are invested in a designated balanced fund until changed by the participant. During 2018, the Company contributed discretionary matching contributions equal to 100% of the first 4% of participant deferrals and 50% of the next 1% of participant deferrals. Employees of the Company who are employed on the last day of the plan year may also be allocated an additional discretionary matching contribution as well as a discretionary performance contribution. No additional discretionary matching contributions or discretionary performance contributions were made in 2018. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and transition retirement contributions (if any) plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Additionally, prior to termination from employment, a participant may withdraw all or a portion of his vested account balance upon attaining age 59 1/2 or for financial hardship, if certain requirements are satisfied. In the event of a participant's death, payment will be made to designated beneficiaries. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, or rollover their vested amounts to another qualified retirement account.

Forfeited accounts

At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$0 and \$81,237, respectively. These accounts may be used to reduce future employer contributions or to pay plan expenses. In 2018, employer contributions were reduced by \$445,744 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies:**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosure of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in either net depreciation in fair value of investments or in investment management fee expense.

Subsequent events

The Plan has evaluated subsequent events through the report date, the date the financial statements were available to be issued.

3. Information Certified by the Trustee:

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Institutional Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, as well as the investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

4. Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure the fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability. |

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value.

Money market fund: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Registered investment companies: Valued at the daily closing price as reported by the fund. Registered investments held by the Plan are open-ended registered investments that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The registered investments held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	<u>Investments at Fair Value</u>			
	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Money market fund	\$ 76,963	76,963	-	-
Registered investment companies	<u>237,994,382</u>	<u>237,994,382</u>	<u>-</u>	<u>-</u>
Total investments at fair value	\$ <u>238,071,345</u>	<u>238,071,345</u>	<u>-</u>	<u>-</u>

5. Investment Contract with Insurance Company:

The Plan participates in a traditional fully benefit-responsive investment contract with Voya Retirement Insurance and Annuity Company (Voya). Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed throughout the year and reset annually. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represents contributions made under contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The contract was transferred to the Thermo Fisher Scientific Inc. 401(k) Retirement Plan at December 31, 2018 without issue.

6. Related Party and Party in Interest Transactions:

Certain Plan investments are shares of registered investment company investments managed by Voya Institutional Trust Company. Voya Institutional Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

7. Tax Status:

The Company adopted a prototype plan that received an opinion letter dated September 1, 2014 from the Internal Revenue Service which stated that the prototype plan document, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Sponsor has not obtained its own determination letter. Although the Plan has been amended, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan is exempt from income taxes.

8. Reconciliation of the Financial Statements to Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
