SHEMRAN INC 401(K) PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

1. DESCRIPTION OF PLAN

The following description of the Shemran Inc 401(k) Profit Sharing Plan & Trust (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on January 1, 2006 and qualifies as a defined contribution retirement plan for the Shemran Inc's (the "Company") eligible employees. The Plan was established for the purpose of providing retirement benefits to eligible employees. The Plan is intended to qualify as a cash or deferred arrangement under Section 401(a) of the Internal Revenue Code ("IRC"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for the oversight of the Plan. The investment committee, or equivalent, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Participant Eligibility

Employees are eligible to participate in the 401(k) Plan for the purpose of making elective deferrals, receiving matching contributions, and receiving employer profit sharing contributions upon reaching age 21 and after completing one year of service (1,000 hours). Participants may enroll in the plan on the first day of each quarter after meeting the eligibility requirements.

Contributions

Under the provisions of the Plan, eligible participants can contribute, in pretax dollars, an amount up to 75% of compensation or up to the limits imposed by Code Section 402(g). The 402(g) limit was $18,500 for the year ended December 31, 2018. In addition, all eligible employees who have attained age 50 before the close of the Plan year shall be eligible to make catch-up contributions in accordance with, and subject to, the limitations of, Code Section 414(v).

The Company will also make safe harbor matching contributions equal to 100% of the participant's deferral up to 3% of compensation and 50% of the next 2% of compensation deferred. Safe harbor matching contributions amounted to $112,648 for the year ended December 31, 2018. In addition, the Company made a Qualified Non-Elective Contribution of $20,470 for the year ended December 31, 2018. The Company may make profit sharing contributions in an amount to be determined from year to year based on a pro rata formula. To receive a discretionary profit sharing contribution, the participant must have completed the eligibility requirements, have been employed on the last day of the Plan year, and have completed 500 hours during the Plan year. For the year ended December 31, 2018, the Company did not make a discretionary profit sharing contribution.

1. DESCRIPTION OF PLAN - (Continued)

Participant Accounts

Each participant's account is credited with the participant's allocation of (a) the participant's contribution; (b) the Company's safe harbor matching contribution, (c) the Company's discretionary profit sharing contribution, and (d) Plan earnings.

Vesting

Participants are one hundred percent (100%) vested in their contributions, Company safe harbor matching contributions, plus actual earnings thereon. Participants become vested in their Company discretionary profit sharing contributions and any earnings as follows:

Years of Service For Vesting	**Percent Vested**
Less than two years	0%
At least two year, but less than three	20%
At least three years, but less than four	40%
At least four years, but less than five	60%
At least five years, but less than six	80%
Six years or more	100%

Forfeitures

The unvested portion of a terminated participants employer account will be forfeited and will first be applied to administrative expenses and then to employer contributions. There were no forfeitures for the year ended December 31, 2018.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the mutual fund investment options offered by the Mid Atlantic Trust Company.

Administrative Expenses

Substantially all Plan administrative expenses were paid by the Plan sponsor for the year ended December 31, 2018.

1. DESCRIPTION OF PLAN - (Continued)

Notes Receivable from Participants

The Plan has a provision which allows participants to borrow from their vested account balance. The maximum loan is 50% of the participant's vested balance up to a maximum of $50,000. Loan repayments of principal and interest are made through payroll deductions over a period of one to five years or longer if used to acquire a dwelling unit. Loans to participants are reported at their unpaid principal balances. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Retired or terminated participants receive the vested portion of their Company contributions and earnings on their Company contributions and one hundred percent (100%) of their pre-tax contributions as soon as administratively possible following retirement, termination or upon becoming disabled.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the modified cash basis of accounting. Under the modified cash basis, revenues are recognized when received rather than when earned, and expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present net assets available for benefits and changes in net assets available for benefits in accordance with U.S. generally accepted accounting principles (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

Date of Management's Review

Subsequent events were evaluated through August 15, 2019, which is the date the financial statements were available to be issued.

2. SUMMARY OF ACCOUNTING POLICIES – (Continued)

Investment Valuation and Income Recognition

The Plan's investments reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee, or equivalent, determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Non-Distributed Benefits

The Plan does not accrue non-distributed benefits related to participants who have withdrawn from the Plan, but recognizes such benefits as a deduction from net assets in the period in which such benefits are paid.

Concentrations

As of December 31, 2018 and 2017, two investments accounted for 62% of the Plan's net assets.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

4. RELATED-PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Mid Atlantic Trust Company. Mid Atlantic Trust Company (MATC) is the trustee of the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, Paychex Retirement Services (PRS) provided record keeping services to the Plan. Fees paid to MATC and PRS for administrative services amounted to $1,373 for the year ended December 31, 2018. All of these party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

5. TAX STATUS

The Plan document is a prototype non-standardized profit sharing plan that received a favorable letter from the Internal Revenue Service on April 10, 2014, which stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended and restated. The trustee, plan sponsor, and plan administrator are aware that incorrect compensation was used to calculate deferrals and matching contributions which could adversely affect the qualified status of the Plan. In 2018, The Company used the Internal Revenue Service's Employee Plans Compliance Resolution System ("EPCRS") to self-correct the potential plan qualification failures, and as a result, the Company does not believe that there are any events that may jeopardize the Plan's tax qualified status that are probable of assertion. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken that would require recognition of a liability or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

6. FAIR VALUE MEASUREMENT

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and

6. FAIR VALUE MEASUREMENT – (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual Funds – are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Accounts held by the Plan are interest bearing accounts and the fair value of the assets are based on its current held value.

The following table set forth by level, with the fair value hierarchy, the Plan's fair value measurement at December 31, 2018 and 2017:

Fair Value at December 31, 2018

	Level 1	Level 2	Level 3	Total
Money market account	$ 47,068	$ -	$ -	$ 47,068
Mutual funds	2,192,797	-	-	2,192,797
Total investments at fair value	$ 2,239,865	$ -	$ -	$ 2,239,865

6. FAIR VALUE MEASUREMENT – (Continued)

Fair Value at December 31, 2017

	Level 1	Level 2	Level 3	Total
Money market account	$ 38,088	$ -	$ -	$ 38,088
Mutual funds	2,190,017	-	-	2,190,017
Total investments at fair value	$ 2,228,105	$ -	$ -	$ 2,228,105

7. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of the mutual funds and money market account reflected on the accompanying statements of net assets in available for benefits as of December 31, 2018 and 2017, the schedule of assets held at year end as of December 31, 2018, and all the related investment activity reflected in the statement of changes in net assets in available for benefits for the year ended December 31, 2018.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
