**NOTES TO FINANCIAL STATEMENTS**

**December 31, 2018 and 2017**

## A. Description of Plan

### General

The following brief description of the Western Extrusions Retirement and Savings Plan (the "Plan") is provided for general information purposes only. The Plan is sponsored by Western Extrusions Corporation (the "Company"). Participants should refer to the plan document for more complete information. The Company's corporate offices are located in Carrollton, Texas.

The Plan was effective January 5, 2010, restated effective May 5, 2015, and is a defined contribution plan available to all full-time employees of the Company who have attained age 18 and completed six months of service. All full-time employees of the Company are eligible to participate in the Plan, except for those employees covered by a collective bargaining agreement. Eligible employees may enter the Plan immediately upon completing eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The purpose of the Plan is to encourage the Company's employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

### Contributions

Participants may contribute up to 75% of pre-tax annual compensation, as defined by the Plan. Participants are automatically enrolled into the Plan with a three percent contribution rate. Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the "Code") as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Company may make discretionary matching contributions to the Plan as determined annually by its Retirement Committee. Participants must be: (1) made a contribution election for the plan year, (2) employed on the last day of the year; or, (3) have died, retired, or suffered disability during such year to be eligible to receive discretionary matching contributions. In 2018 and 2017, the Company made discretionary matching contributions of twenty-five percent of the first $2,000 of the participant's elective deferral and then ten percent of the elective deferral above $2,000, up to a maximum of five percent of participant's total compensation for the plan year.

## A. Description of Plan – continued

### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution; (b) plan earnings; and, (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

### Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Plan's vesting requirements in the Company's discretionary matching contributions, plus actual earnings thereon is as follows:

| Years of Service | Vested Percentage |
|---|---|
| Less than 2 years | 0% |
| 2 years | 20% |
| 3 years | 40% |
| 4 years | 60% |
| 5 years | 80% |
| 6 years | 100% |

In the event of disability, early retirement, or death, the participant will become fully vested.

### Participant Loans

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% percent of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Company. As of December 31, 2018 and 2017, interest rates range from 5.25% to 7.25% and 5.25% to 6.25%, respectively. Principal and interest is paid ratably through payroll deductions. Participant loans are classified as notes receivable from participants in the Plan's financial statements.

### Benefit Payments

Participants withdrawing during the year for reasons of service or disability, retirement, death, or termination are entitled to their vested account balance. Benefits are distributed in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited. Certain in-service withdrawals are allowed. A participant may also elect to withdrawal all or a portion of their vested account balance while employed after reaching age 59 ½.

## A. Description of Plan – continued

### Benefit Payments – continued

A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) to pay for funeral or burial expenses for the participant's parent, spouse or dependents; (6) to repair damage of the participant's principal residence that would qualify for a casualty loss deduction; or (7) for any other financial need determined to be immediate and heavy under rules and regulations issued by the Secretary of the Treasury.

### Forfeited Accounts

Forfeited balances of terminated participants' non-vested accounts may be used to offset employer matching contributions and non-elective contributions for the year. Forfeitures can also be used for administrative expenses, at the discretion of the Company. No forfeitures were allocated to reduce matching contributions during the year ended December 31, 2018. Unallocated forfeitures outstanding were $21,475 and $8,290 as of December 31, 2018 and 2017, respectively.

### Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

### Plan Expenses

Employees of the Company perform certain administrative functions with no compensation from the Plan. In accordance with the Plan's provisions, the Company pays substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses are paid by the Company and are not reflected in the accompanying financial statements.

## B. Summary of Significant Accounting Policies

### Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in United States of America ("GAAP").

### Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

## B. Summary of Significant Accounting Policies – continued

### Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

### Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

### Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

### Payment of Benefits

Benefits are recorded when paid.

## C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.

**C. Fair Value Measurements – continued**

- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.

- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- The money market fund is valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2018 and 2017. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

| | Level 1 | |
|---|---|---|
| | **2018** | **2017** |
| Money market fund | $ 1,756,132 | $ 1,687,273 |
| Mutual funds | 9,152,470 | 9,866,523 |
| Total investments at fair value | $10,908,602 | $11,553,796 |

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2018 and 2017, there were no significant transfers between levels.

## D. Information Certified by the Trustee

The Plan Administrator elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by Fidelity Management Trust Company (the "Trustee") which included total investments as of December 31, 2018 and 2017, the total investment loss for the year ended December 31, 2018, and all information included in the supplemental schedule H, line 4i – schedule of assets (held at end of year).

## E. Tax Status

The Plan adopted the Fidelity Volume Submitter Profit Sharing Plan with CODA which has a favorable advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014. This advisory letter states that the form of the volume submitter plan is acceptable under Section 401 of the Code. The Company may rely on this letter with respect to the qualification of the Plan under Code Section 401(a) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Company believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## F. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant's accounts will become 100% vested.

## G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

## G. Parties-in-Interest Transactions – continued

The Plan invests in shares of mutual funds and a money market fund managed by the Trustee. Fidelity Management Trust Company acts as trustee for only those investments as defined by the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan may pay certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

## H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2018 and 2017, per the accompanying financial statements to the Form 5500:

| | 2018 | 2017 |
|---|---|---|
| Net assets available for benefits per the financial statements | $11,423,559 | $12,005,033 |
| Employer contributions receivable per the financial statements | (160,813) | (196,767) |
| Net Assets available for benefits per the Form 5500 | $11,262,746 | $11,808,266 |

The following is a reconciliation of the net decrease of assets available for benefits for the year ended December 31, 2018, per the accompanying financial states to the Form 5500.

| | |
|---|---|
| Net decrease in assets available for benefits per the financial statements | $ (581,474) |
| Prior year employer contributions receivable per the financial statements | 196,767 |
| Current year employer contributions receivable per the financial statements | (160,813) |
| Net decrease in assets available for benefits per the Form 5500 | $ (545,520) |

The reconciling items noted above are due to the difference in the method of accounting used in preparing the Form 5500 as compared to the Plan's financial statements.

## I. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through August 15, 2019, the date the financial statements were available for issuance.
