1. DESCRIPTION OF PLAN

The following description of The Mennel Milling Company Savings and Investment Plan and Trust (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions. The management committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investments offerings and monitors investment performance.

General - The Mennel Milling Company (Company) established this defined contribution plan on September 1, 1986. The Plan covers all eligible employees of the Mennel Milling Company and Subsidiaries. Substantially all employees of these companies are eligible and can become participants in the Plan if they have completed six months of service within a 12-month period. Employees are treated as participants upon entry into the plan quarterly on January 1, April 1, July 1 or October 1 immediately following satisfaction of eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Each year the Plan provides that active participants may make voluntary contributions to the Plan between 1% and 60% of their eligible pretax, after-tax, or a combination thereof, annual compensation, up to the maximum allowed by the Internal Revenue Code ($18,000 or $24,000 including "catch-up contributions" for 2016, as defined by the Code). Employees are automatically enrolled with 3% pre-tax deferral elections, unless the participant opts out. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans. The Company matching and other Company contributions are as follows:

- Match 40% of the first 5% of participant contributions made during the Plan year.
- Fixed Percentage between 1% and 9% or a fixed flat dollar amount based on salary, hourly, or union and length of service.
- Enhanced 401k percentage between 2% and 7% or a fixed flat amount based on salary, hourly, or union and age of participant for those hired or rehired prior to January 1, 2008.

The Company may contribute additional amounts if it so decides. Participants direct the investment of their contributions, as well as their portion of the Company's contributions, into various investment options offered by the Plan. Participants may change the level of their contributions each quarter.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of: (a) the Company's contribution, (b) Plan earnings and (c) administrative expenses. Allocations are based on weighted average of account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions plus the earnings thereon. Participants shall be fully vested with respect to Company contributions upon early or normal retirement age, death or disability. Otherwise, vesting is based on the elapsed time method, which uses whole years of service to compute vesting. A participant is 100% vested after five whole years of service.

1. DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance (reduced by the highest outstanding loan balance during the 12-month period), whichever is less, and may have a maximum of two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 6.00%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through payroll deductions over five years, unless the loan was to acquire a principal residence, in which case the repayment period may not exceed 10 years.

Retirement Age - Early retirement age is the first day of the month after the participant attains 55 years of age and completes 10 years of vesting service. Normal retirement age is 65 years of age.

Benefits Paid - On termination of service due to death, disability, retirement, or other reasons, a participant with a balance greater than $5,000 may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments. Distributions to participants whose vested accounts do not exceed $5,000 but are greater than $1,000 shall be made upon termination of services in a lump-sum payment or a rollover to an IRA. For those accounts with a balance of $1,000 or less, a distribution shall be made upon termination of services in a lump-sum payment.

Forfeited Accounts - At December 31, 2016 and 2015, forfeited nonvested accounts totaled $2 and $1,839, respectively. These amounts are first used to pay administrative expenses and any remaining amounts are used to reduce future employer contributions. In 2016, employer contributions were reduced by $33,828 from forfeited nonvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates - The accompanying financial statements are prepared on the accrual basis of accounting. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect: (1) the reported amounts of assets and liabilities, (2) disclosures such as contingencies, and (3) the reported amounts of revenues and expenses included in such financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors. The purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change includes the Plan's gains and losses on investment purchases and sold as well as held during the year.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of the Plan may be paid directly by the Company and are therefore excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Some investment related expenses maybe included in net change in fair value of investments.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principle balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Subsequent Events - These financial statements considered subsequent events through September 22, 2017, the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY FIDELITY MANAGEMENT TRUST COMPANY (UNAUDITED)

The following is a summary of the information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Fidelity Management Trust Company (Fidelity) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Fidelity that information provided to the Plan Administrator by Fidelity related to the following is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information below, the values in Note 4, and the values in the supplemental schedule related to the following assets:

	2016	2015
Investments at fair value:		
Mutual funds	$ 21,959,393	$ 19,853,702

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following are three levels of inputs that may be used to measure fair value:

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Mutual Funds

These investments are valued using a quoted price in an active market and are classified within level 1 of the valuation hierarchy.

Money Market Funds

These investments are valued using $1 for the NAV. The funds' objective is to provide current income while maintaining liquidity and a stable share price of $1. The funds invest primarily in high-quality, short-term money market instruments, including certificates of deposit, banker's acceptances, commercial paper and other money market securities that utilize a valuation methodology other than quote prices in active markets. These investments do not have a finite life, unfunded commitments or significant restrictions on redemptions.

The fair value at December 31, 2016 and 2015, of the Plan's financial instruments that are valued on a recurring basis in accordance with the above fair value hierarchy, as provided by Fidelity, is as follows (there are no level 2 or level 3 investments):

	Fair Value as of December 31, 2016		
	Level 1	Not Classified	Fair Value (Unaudited)
Investments:			
Mutual funds	$ 21,959,393	$ --	$ 21,959,393
Money market fund (a)	--	1,006,991	1,006,991
	$ 21,959,393	$ 1,006,991	$ 22,966,384

4. FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value as of December 31, 2015		
	Level 1	Not Classified	Fair Value (Unaudited)
Investments:			
Mutual funds	$ 19,853,702	$ --	$ 19,853,702
Money market fund (a)	--	806,920	806,920
	$ 19,853,702	$ 806,920	$ 20,660,622

(a) Certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy as allowed by U.S. accounting policies. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2016 and 2015, respectively.

	December 31, 2016			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Money market fund (a)	$ 1,006,991	$ --	Daily	Daily

	December 31, 2015			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Money market fund (a)	$ 806,920	$ --	Daily	Daily

5. DELINQUENT TRANSMITTALS

During 2016, the Company failed to remit certain employer match to the Plan aggregating approximately $4. The Company computed the lost earnings on these 2016 deposits and subsequently remitted the deposits and made a contribution for lost earnings to the Plan.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan assets are managed by Fidelity Management Trust Company (party-in-interest), therefore, these transactions qualify as party-in-interest transactions. The various funds' operating expense ratios ranged from .04 to 1.05 percent, as of December 31, 2016. The Plan paid $7,583 for administrative expenses for the year ended December 31, 2016.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions and terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in the Company's contributions to their accounts.

8. INCOME TAX STATUS

The IRS has determined and informed the Company by a letter dated December 20, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. No provision or liability for income taxes has been included in the financial statements.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
