ThyssenKrupp Materials NA, Inc. 401(k) Plan for Bargaining Unit Employees

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description

The following brief description of ThyssenKrupp Materials NA, Inc. 401(k) Plan for Bargaining Unit Employees (the "Plan") provides only general information. Participants should refer to the plan agreement and various related union agreements for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Copper and Brass Sales, a division of thyssenkrupp Materials NA, Inc. (the "Company"), who are covered by specific collective bargaining agreements. Employees are eligible to participate in the Plan as of the January 1, April 1, July 1, or October 1 following the employee's initial date of employment. Employee participation in the Plan is voluntary. The Plan's investments are managed by the trustee of the Plan, John Hancock Trust Company LLC (John Hancock or the "Trustee"), and disbursed to specific investment option offerings in proportions directed by each participant. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 50 percent of their compensation as a pretax contribution to the Plan, subject to the limits imposed by the Internal Revenue Code. With the consent of the administrator, participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also provides for an after-tax Roth deferral option for participants.

The Company may contribute, on behalf of each participant, other than members of General Teamsters Union, Local 406 hired after September 1, 1998 but before September 1, 2010 or members of the International Brotherhood of Teamsters, Local 337 hired after June 19, 1998, a discretionary matching contribution equal to 50 percent of the first 6 percent of a participant's compensation contributed.

For members of General Teamsters Union, Local 406, with an effective date of hire after September 1, 1998 but before September 1, 2010, a discretionary matching contribution equal to 62.5 percent of the first 6 percent of compensation contributed as elective deferrals is contributed.

For members of the International Brotherhood of Teamsters, Local 337, with an effective date of hire after June 19, 1998, a discretionary matching contribution equal to 25 percent of the first 3 percent of compensation contributed as elective deferrals is contributed.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Participants hired after March 31, 2012 are 100 percent vested in the Company's contribution portion of their accounts, plus actual earnings thereon. Participants who entered the Plan on or before March 31, 2012 had the vested portion of their accounts determined according to years of service, whereby participants with less than three years of service had a vesting percentage of 0 percent, and participants with three or more years of service had a vesting percentage of 100 percent.

Notes to Financial Statements

December 31, 2018 and 2017

Note 1 - Plan Description (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant or his or her beneficiary may elect to receive his or her benefit in the form of partial payments (if the vested account balance exceeds \$1,000), installments (at least annual, if vested account balance exceeds \$1,000), or a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Participant Notes Receivable

Participants may borrow from their accounts subject to a maximum equal to the lesser of \$50,000, which amount shall be reduced by the highest outstanding loan balance during the preceding 12-month period, or 50 percent of their account balance at the issue date. Borrowings may not exceed five years, unless used for purchase of a primary residence. Notes receivable are collateralized by the participant's account balance and bear interest equal to the prime lending rate plus 1 percent. Principal and interest are paid ratably, with payments to be made at least quarterly.

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan agreement. The Company must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future employer contributions or to pay administrative expenses of the Plan.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Party-in-interest Transactions

Certain plan assets are in investment funds managed by John Hancock Trust Company LLC or its affiliates. John Hancock Trust Company LLC is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions, as defined under ERISA guidelines.

Certain administrative expenses of the Plan are paid by the Company, which qualify as party-in-interest transactions as well.

Notes to Financial Statements

December 31, 2018 and 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value, except as noted below.

The common collective trust fund is valued at net asset value per share (NAV) or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on these investments. All other investments are valued based on quoted market prices. See Note 4 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including August 2, 2019, which is the date the financial statements were issued.

Note 3 - Unaudited Information

John Hancock Trust Company LLC (the "Trustee") holds the Plan's investments and participant notes receivable and executes all related transactions. The investment and participant notes receivable balances and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by John Hancock Trust Company LLC.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

Note 4 - Fair Value Measurements (Continued)

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2018 and 2017.

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

		Assets Measured at Fair Value on a Recurring Basis at December 31, 2018	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 3,250,849	\$ 3,250,849
Investments measured at NAV - Common collective trust fund		537,557	
Total investments at fair value		<u>\$ 3,788,406</u>	
		Assets Measured at Fair Value on a Recurring Basis at December 31, 2017	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 3,918,547	\$ 3,918,547
Investments measured at NAV - Common collective trust fund		711,340

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer.
