NOTE 1 – DESCRIPTION OF PLAN

The following description of Sugar Bowl Bakery 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a 401(k) salary deferral plan covering substantially all employees of Ly Brothers Corporation (dba Sugar Bowl Bakery) (the Company), and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as plan administrator.

Eligibility – Full-time employees of the Company are eligible to participate in the elective deferral contribution. Employees are eligible to participate in the Company's matching and profit-sharing contribution upon reaching age 18 and after completing one year of service in which at least 1,000 hours are worked. Union employees or nonresident aliens are not eligible to participate.

Contributions and deferrals – There is no maximum limitation on the employees' salary reduction deferrals other than limitations imposed by federal tax law. The Company may elect to make discretionary matching contributions. The Company made discretionary matching contributions of 25% of the participants first 20% of eligible compensation for the year ended December 31, 2018. The Company may also make discretionary profit-sharing contributions and qualified nonelective contributions. The Company did not make a profit-sharing contribution for the year ended December 31, 2018. Contributions and deferrals are subject to regulatory limitations.

Participant accounts – Each participant account is credited with the participants' deferrals and contributions, and allocations of: (a) the Company's contribution; and (b) Plan earnings, net of investment management fees. Allocations are based on participant earnings or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in their salary deferrals and contributions plus actual earnings thereon. In general, vesting in company matching contributions is based on years of service, as defined, beginning with the second year of service, with increases in increments of 20% per year until fully vested after six years. Vesting in the Company's discretionary profit-sharing contributions is based on years of service, as defined, beginning with the third year of service, with increases in increments of 20% per year, until fully vested after seven years.

Notes receivable from participants – Participants may borrow a minimum of $1,000 and up to 50% of their vested account balance, but not in excess of $50,000. Notes are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum note term is five years; unless the note term qualifies as a home loan, in which case a reasonable period of time is to be used as determined at the time the note is made. Principal and interest are paid ratably through payroll deductions. As of December 31, 2018, the rate of interest on outstanding notes was between 5.25% and 7.25%, with various maturities through January 2024.

Payment of benefits – Benefits are payable upon termination of employment, hardship, death, disability, retirement, or attainment of at least age 59½. Participants may elect to receive a lump-sum amount equal to the value of their vested account balance or installment payments.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future company contributions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents the unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2018 or 2017.

Investment valuation and income recognition – Investments are stated at fair value as certified by the Plan's custodian, Standard Insurance Company (Standard). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and recorded as earned. Dividend income is accrued on the ex-dividend date. The net depreciation in fair value of participant-directed investments consists of both the realized gains or losses and unrealized appreciation or depreciation of those investments.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain transaction and investment management fees are paid by the Plan.

Subsequent events – Subsequent events are events or transactions that occur after the Plan's year-end, but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at year-end.

The Plan has evaluated subsequent events through August 12, 2019, which is the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2018 and 2017.

Pooled separate accounts: Units held in pooled separate accounts (PSA) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. There are no redemption restrictions on any of the PSAs held by the Plan.

NOTE 4 – TAX STATUS

The Plan utilizes a volume submitter defined contribution plan provided by its custodian that received an opinion letter from the Internal Revenue Service (IRS) on March 31, 2014, which stated that the volume submitter, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 – RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risk. It is reasonably possible that given the level of risk associated with investment securities, changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

NOTE 6 – INFORMATION CERTIFIED BY THE CUSTODIAN

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard, the custodian of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017.
- Net depreciation in fair value of investments reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2018.
- Investments reflected on the schedule of assets (held at end of year), excluding notes receivable from participants.

NOTE 7 – RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of the Standard, the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 8 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.
