Memorial Health System of East Texas 403(b) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Memorial Health System of East Texas 403(b) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in conformity with U.S. generally accepted accounting principles; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free of material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the certified investment information described in Note 3, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the entity that certified the investment information meets the requirements of 29 CFR 2520.103-8. The plan administrator has obtained certifications as of December 31, 2018 and 2017, and for the year ended December 31, 2018, stating that the investment information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion on Financial Statements

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Compliance of Form and Content with Department of Labor's Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the certified investment information, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements

December 31, 2018

1. Description of the Plan

The following description of the Memorial Health System of East Texas 403(b) Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description and plan document for a more complete description of the Plan's provisions.

Plan Merger

Effective December 31, 2018, the Plan merged with and into the Catholic Health Initiatives (ERISA) Employee Savings Plan (ERISA Plan). As a result of this merger, net assets in the amount of approximately \$54.1 million were transferred out of the Plan and into the ERISA Plan on December 31, 2018 and January 2, 2019. The following describes the Plan just prior to its merger.

General

The Plan was an Internal Revenue Code (the Code) Section 403(b) defined contribution plan with an effective date of January 1, 1995. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Lincoln Financial Group Trust Company, Inc. (Lincoln) was the custodian of the Plan. Lincoln also served as record-keeper for the Plan. The Plan was administered by the Catholic Health Initiatives (CHI) Retirement Plans Subcommittee (the Committee). The Committee had overall responsibility for the operation and administration of the Plan. The Committee determined the appropriateness of the Plan's investment offerings, monitored investment performance and reported to CHI's HR Committee of the Board of Stewardship Trustees.

Contributions

Participants could contribute an amount of pretax annual compensation as defined in the Plan, up to limitations imposed by the Code. Contributions were limited by the Code's annual limit or by plan limits. Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan included an automatic enrollment provision whereby all newly eligible employees were automatically enrolled in the Plan unless they affirmatively elected not to participate. Automatically enrolled participants had their deferral rate set at 1% of eligible compensation and their contributions

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

invested in a designated fund (American Century Strategic Allocation Moderate Fund) until changed by the participant. The automatic enrollment feature took effect 45 days following the participant's date of hire. The automatic percentage increased 1% annually until the percentage reached 6%.

The Company matched from 25% to 50%, based upon years of service, of the participant's contributions, up to 6% of compensation. Employees classified as PRNs or Option-pay employees were not eligible to receive the matching contribution. The Company could also contribute a discretionary contribution. No such contribution was made in 2018.

Participants directed all contributions into various investment options offered by the Plan and could change their investment options on a daily basis.

Participant Accounts

Each participant's account was credited with the participant's contributions, the Company's contributions, allocations of plan earnings and was charged a fixed per annum rate of administrative expenses. Plan earnings were allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Administrative expenses were based on a fixed per annum rate. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts plus actual earnings thereon was based on years of service. A participant was 100% vested after three years of service.

At December 31, 2018 and 2017, forfeited non-vested accounts total approximately \$0 and \$5,782, respectively. These accounts will be used first to pay administrative expenses then to reduce employer contributions. During 2018, the Plan used \$61,429 to reduce employer contributions.

Memorial Health System of East Texas 403(b) Savings Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Participant Loans

Notes receivable from participants represented participant loans. Participants could borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were issued by the Plan and secured by the balance in the participant's account. All loans were required to be repaid within a period of 5 years, unless the loan was used to purchase a principal residence, in which case the loan was required to be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the plan agreement, loans bore a reasonable rate of interest determined by the local prevailing rate. Principal and interest were paid ratably through monthly payroll deductions.

Payment of Benefits

Participants were entitled to distributions from the Plan upon death, disability, normal or early retirement, or other termination of employment. Upon termination of service, a participant would receive his or her vested benefits under the Plan. The forms of distribution included a lump-sum distribution, installments, or an annuity.

Additionally, participants could request distribution of certain portions of their accounts due to financial hardship, as defined.

Administrative Fees

Substantially all administrative and trustee fees were paid by the participants through a fixed per annum fee, charged on a quarterly basis, and investment fees were deducted directly from investment returns.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Memorial Health System of East Texas 403(b) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for fully benefit-responsive investment contracts) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for further discussion and disclosures related to fair value measurements.

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

- Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2 – Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
- Level 3 – Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Memorial Health System of East Texas 403(b) Savings Plan

Notes to Financial Statements (continued)

2. Summary of Accounting Policies (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2018 or 2017.

Mutual Funds: Mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 or 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

3. Investments

All investment information disclosed in the accompanying financial statements, including investments held and notes receivable from participants at December 31, 2018 and 2017, and net depreciation in fair value of investments, interest and dividends, and interest income from notes receivable from participants for the year ended December 31, 2018, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln, the custodian of the Plan.

Memorial Health System of East Texas 403(b) Savings Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Level 1	Level 2	Level 3	Total
December 31, 2018				
Mutual funds	\$ –	\$ –	\$ –	\$ –
Total assets at fair value	\$ –	\$ –	\$ –	\$ –
December 31, 2017				
Mutual funds	\$ 48,941,613	\$ –	\$ –	\$ 48,941,613
Total assets at fair value	\$ 48,941,613	\$ –	\$ –	\$ 48,941,613

5. Fully Benefit-Responsive Investment Contract

The Plan held the Lincoln Stable Value Account, which is a fixed annuity contract issued by Lincoln. This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The Lincoln Stable Value Account was maintained in a general account with Lincoln. The contract issuer was contractually obligated to repay the principal and interest at a specified interest rate that was guaranteed to the Plan. The crediting rate was based on a formula established by the contract issuer but could not be less than 0%. The crediting rate was reviewed on a quarterly basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts was dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations could be affected by future economic and regulatory developments.

Memorial Health System of East Texas 403(b) Savings Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contract (continued)

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Code or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allowed the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

The Plan terminated the Lincoln Stable Value Fund contract effective November 9, 2018, which will be paid out in a lump sum 12 months after the effective date on November 9, 2019.

Memorial Health System of East Texas 403(b) Savings Plan

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Related-Party and Party-in-Interest Transactions

The Plan invests in certain funds managed by Lincoln, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

8. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Subsequent Events

Plan management has evaluated subsequent events for the Plan through August 8, 2019, the date the accompanying financial statements were available to be issued.
