1. DESCRIPTION OF PLAN

The following description of Lyon Management Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Employees, who have completed one month of service and attained age 18, become eligible to participate on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute a portion of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution related to the participant's salary deferral, as determined by the Company's Board of Directors. For 2018, the Company made an employer matching contribution on the first 2 percent of compensation deferred by each eligible participant. Participants are eligible for a matching contribution if they are employed on December 31 and completed 1000 hours of service. The Company may, at its discretion, make additional contributions. Contributions are subject to certain limitations.

Participant Accounts

The Plan maintains an individual account for each participant, wherein each participant directs the investment of his or her account in one or more of the available investment fund options. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and an allocation of Plan earnings and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid within five years, except in the case of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 4.25% to 6.25% at December 31, 2018. Principal and interest are normally paid ratably through payroll deductions.

Payments of Benefits

Upon retirement, disability, death or termination of employment, a participant may elect to receive a lump-sum distribution in an amount equivalent to their vested account balance. In-service withdrawals are permitted under certain circumstances.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings. Vesting in the Company's matching contribution and related earnings is based on years of service. Participants vest 20 percent upon completion of the first year of credited service, and 20 percent each year of service thereafter; thus becoming 100 percent vested after five years of credited service. Participant accounts are deemed 100 percent vested upon death, disability or attaining age 62.

Forfeited Accounts

The nonvested portion of terminated participants' accounts is deemed forfeited upon the participant separating from service. At December 31, 2018 and 2017, forfeited accounts totaled $0 and $20,037, respectively. These accounts were used to reduce future employer contributions or to pay Plan administrative expenses. In 2018, the Plan paid administrative expenses totaling $18,750 and employer contributions were reduced by $16,199 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosures regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance. Interest income associated with the notes receivable is recorded when interest payments are received, usually bi-weekly. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments and corrective distributions are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, and also for fees related to the guaranteed income feature offered on the Plan's investments in lifestyle funds, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of financial information included in the Plan financial statements as of and for the year ended December 31, 2018, as certified by Fidelity Management Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Total loss certified	$ (620,564)

In addition, the investment information included on the supplemental schedule of assets (held at end of year) was certified by Fidelity Management Trust Company.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy with the related inputs to the valuation methodology are described as follows:

> Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
>
> Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.
>
> Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common/collective trust fund: The Plan's stable value fund is a common/collective trust which invests in fully benefit-responsive investment contracts and that is valued at the net asset value of the units of the common/collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. The stable value common/collective trust fund has no unfunded commitments and has daily redemption frequency; however, transfers into a competing fund are restricted for 90 days due to an equity wash provision and a 12 month delay may apply for Company withdrawal requests. Were the Plan to initiate a full redemption of the common/collective trust fund, the provider reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

As of December 31, 2018	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$ 10,441,350	$ -	$ -	$ 10,441,350
Investments measured at NAV (a)- Common/collective trust fund				272,428
Total investments, at fair value				$ 10,713,778

As of December 31, 2017	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$10,312,941	$ -	$ -	$ 10,312,941
Investments measured at NAV (a)- Common/collective trust fund				242,074
Total investments, at fair value				$ 10,555,015

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company, who is an affiliate of the trustee. Investment management fees are paid to this affiliate and are included in net appreciation in fair value of investments. In addition, certain administrative services are provided by Fidelity Management Trust Company and totaled $49,784 for 2018, of which $8,100 is reflected in accrued expenses at December 31, 2018. The Plan incurred additional administrative expense of $45,878 from other service providers during 2018. These transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

8. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through August 19, 2019, the date the financial statements were available to be issued.

1. DESCRIPTION OF PLAN

The following description of Lyon Management Group, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established under the provisions of Section 401(a) of the Internal Revenue Code ("IRC"), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. Employees, who have completed one month of service and attained age 18, become eligible to participate on the first day of the month following completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute a portion of their annual compensation, as defined in the Plan. Participants who have attained age 50 before the Plan year-end are also eligible to make additional catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may make a discretionary matching contribution related to the participant's salary deferral, as determined by the Company's Board of Directors. For 2018, the Company made an employer matching contribution on the first 2 percent of compensation deferred by each eligible participant. Participants are eligible for a matching contribution if they are employed on December 31 and completed 1000 hours of service. The Company may, at its discretion, make additional contributions. Contributions are subject to certain limitations.

Participant Accounts

The Plan maintains an individual account for each participant, wherein each participant directs the investment of his or her account in one or more of the available investment fund options. Each participant's account is credited with the participant's contribution, the Company's matching contribution, if any, and an allocation of Plan earnings and administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. Loans must be repaid within five years, except in the case of the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates range from 4.25% to 6.25% at December 31, 2018. Principal and interest are normally paid ratably through payroll deductions.

Payments of Benefits

Upon retirement, disability, death or termination of employment, a participant may elect to receive a lump-sum distribution in an amount equivalent to their vested account balance. In-service withdrawals are permitted under certain circumstances.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings. Vesting in the Company's matching contribution and related earnings is based on years of service. Participants vest 20 percent upon completion of the first year of credited service, and 20 percent each year of service thereafter; thus becoming 100 percent vested after five years of credited service. Participant accounts are deemed 100 percent vested upon death, disability or attaining age 62.

Forfeited Accounts

The nonvested portion of terminated participants' accounts is deemed forfeited upon the participant separating from service. At December 31, 2018 and 2017, forfeited accounts totaled $0 and $20,037, respectively. These accounts were used to reduce future employer contributions or to pay Plan administrative expenses. In 2018, the Plan paid administrative expenses totaling $18,750 and employer contributions were reduced by $16,199 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company is under no obligation or liability to continue its contributions and may discontinue such contributions or terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING PRINCIPLES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for disclosures regarding fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Management fees and operating expenses charged to the Plan for investments in the mutual funds and common/collective trust funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are stated at the unpaid principal balance. Interest income associated with the notes receivable is recorded when interest payments are received, usually bi-weekly. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018 and 2017. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments and corrective distributions are recorded when paid.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company, at its option, and are excluded from these financial statements. Fees related to specific participant transactions, such as for participant loans and benefit payments, and also for fees related to the guaranteed income feature offered on the Plan's investments in lifestyle funds, are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. FINANCIAL INFORMATION CERTIFIED BY THE TRUSTEE

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy with the related inputs to the valuation methodology are described as follows:

> Level 1 - Quoted prices (unadjusted) in active markets for identical assets that the Plan has the ability to access.
>
> Level 2 - Significant other observable (directly or indirectly) inputs, including quoted prices for similar assets in active markets or in inactive markets and other market observable inputs such as interest rate, credit risks, etc.
>
> Level 3 - Significant unobservable inputs, including the Plan's own assumptions in determining the fair value of investments.

Following is a description of the valuation methodologies used for the Plan's investment assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value common/collective trust fund: The Plan's stable value fund is a common/collective trust which invests in fully benefit-responsive investment contracts and that is valued at the net asset value of the units of the common/collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. Participant transactions (purchases and sales) may occur daily. The stable value common/collective trust fund has no unfunded commitments and has daily redemption frequency; however, transfers into a competing fund are restricted for 90 days due to an equity wash provision and a 12 month delay may apply for Company withdrawal requests. Were the Plan to initiate a full redemption of the common/collective trust fund, the provider reserves the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

4. INVESTMENTS AND FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018:

Investments in the fair value hierarchy - Mutual funds	$ 10,441,350	$ -	$ -	$ 10,441,350

As of December 31, 2017	Level 1	Level 2	Level 3	Total
Investments in the fair value hierarchy - Mutual funds	$10,312,941	$ -	$ -	$ 10,312,941
Investments measured at NAV (a)- Common/collective trust fund				242,074

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company, who is an affiliate of the trustee. Investment management fees are paid to this affiliate and are included in net appreciation in fair value of investments. In addition, certain administrative services are provided by Fidelity Management Trust Company and totaled $49,784 for 2018, of which $8,100 is reflected in accrued expenses at December 31, 2018. The Plan incurred additional administrative expense of $45,878 from other service providers during 2018. These transactions, including the notes receivable from participants, qualify as allowable party-in-interest transactions for which there are statutory exceptions.

6. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the trustees believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances.

8. SUBSEQUENT EVENTS

In preparing these financial statements, the Plan administrator has evaluated subsequent events and transactions for potential recognition or disclosure through August 19, 2019, the date the financial statements were available to be issued.
