To those charged with governance of
Pemco World Air Services, Inc. 401(k) Plan

We have audited the financial statements of Pemco World Air Services, Inc. 401(k) Plan for the year ended December 31, 2018, and have issued our report thereon dated August 13, 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated January 22, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Pemco World Air Services, Inc. 401(k) Plan are described in Note B to the financial statements. As described in Note B, the Plan changed accounting policies related to the following:

Accordingly, the accounting changes have been retrospectively applied to prior periods presented as if the policies had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Your estimate of the Net Assets Available for Benefits is based on US GAAP. We evaluated the key factors and assumptions used to develop the Net Assets Available for Benefits in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

Note B, Note C, Note G, and Note H

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 13, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of those individuals charged with governance and, if appropriate, management of Pemco World Air Services, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Plan Administrator of
The Pemco World Air Services, Inc. 401(k) Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of **The Pemco World Air Services, Inc. 401(k) Plan** (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2018 and 2017, and the related statement of changes in net assets available for benefits for the year ended December 31, 2018, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Transamerica Life Insurance Company, ("the Trustee of the Plan"), except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets, notes receivable from participants, and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

The Pemco World Air Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note A – Description of Plan

The following description of The Pemco World Air Services, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established by Pemco World Air Services, Inc. (the “Company” or “Plan Sponsor”) on September 20, 2007. The Plan was amended and restated on December 15, 2015 to comply with the requirements of the Pension Protection Act of 2006. The Plan was amended September 15, 2017 to permit forfeitures to be used to reduce Company contributions and to reflect change in the taxpayer entity of the volume submitter practitioner. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Employees may participate in the Plan on the first day of the month following meeting the eligibility requirements. To be eligible, an employee must have attained age 21 and have 60 days of service. Prior service from Pemco Aviation Group, Inc. is recognized towards eligibility requirements.

Pemco World Air Services, Inc. was acquired in December of 2016 by Airborne Maintenance and Engineering Services, Inc.

Administration of the Plan

The accounting records are maintained by the Company. The Plan’s assets are held and managed by Transamerica Life Insurance Company. Contributions are held by the Trustee, who invests cash received, interest and dividend income, as directed by the participant, and makes distributions to participants.

Contributions

Participants may contribute up to 100% of their compensation to their participant account subject to limitations imposed by the Internal Revenue Code (“IRC”) limitations. Participants are also allowed to contribute amounts representing distributions from other qualified Plans. The maximum employee deferral for December 31, 2018 and 2017 was \$18,500 and \$18,000, respectively. A participant who has attained the age of 50 may also make catch up contributions, subject to IRS limitations of \$6,000 for December 31, 2018 and 2017.

The Plan has automatic enrollment for all eligible employees at 2%. If the employee does not make an affirmative election, whether to keep the 2%, change the percentage or opt out of the Plan entirely, the Plan will automatically defer the 2% for the employee. The Trustee website handles all participant changes or opt outs.

During the 2018 Plan year, the Company’s matching contribution was equal to 100% of the employee’s contribution up to 5% of the employee’s compensation.

The Company can also make contributions which are determined by the Board of Directors. Employer contributions are recorded, after reduction for available forfeitures, as an employer contribution receivable on the statement of net asset available for benefits. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also accepts rollovers and direct transfers from the other tax-qualified Plans.

The Pemco World Air Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note A – Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's salary reduction contribution, after tax (Roth) contributions, rollover contributions from other qualified retirement Plans and an allocation of the Company's contributions. Plan earnings and losses are allocated to each participant's account based upon the ratio of their account of the total of all participants' accounts.

Vesting

Participants are immediately 100% vested in their own salary deferral, rollover contributions, employer safe harbor contributions and earnings thereon. Discretionary employer contributions vest ratably over 5 years of credit service as follows.

Years of Services	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Investment Options

Under the Plan, participants may currently direct investments to any of 14 investment options. Participants may change their investment elections daily through a telephone access system or online system.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable. A participant may have up to two loans outstanding at any given time and loan terms can be up to five years, unless the loan is for a primary resident, in which case the participant has 30 years to repay the loan. Principal and interest are paid by payroll deduction in substantially equal payments over the life of the loan, with payments not less frequently than semi-monthly.

In the event of default, the unpaid portion of the participant's loan will be treated as a taxable distribution as of the last day of the calendar quarter following the calendar quarter in which the participant made their last payment.

Distribution of Benefits

Participants may be eligible to withdraw a portion of their vested account balances while employed by the Company. Employee elective deferral contributions may be distributed to a participant while still employed only to meet a qualifying financial hardship. Employee after-tax contributions and rollover contributions may be withdrawn in single sum payments.

The Pemco World Air Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note A – Description of Plan (continued)

On termination of service due to death, disability, retirement or termination from the Employer, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan agreement. The lump-sum can be paid in a cash distribution, direct rollover distribution, or a combination cash & direct rollover distribution.

A participant who terminates with a vested balance less than \$1,000 will be mandatorily cashed out.

Forfeitures

Forfeitures occur when a participant terminates employment and has not vested in a portion of the Company's contribution amount. Forfeited balances of terminated participants' non-vested accounts are used to reduce future employer contributions or Plan expenses. During the year ended December 31, 2018, employer contribution payments and Plan expenses were reduced by forfeited non-vested accounts of approximately \$168,000. The outstanding forfeiture balances for December 31, 2018 and 2017 were approximately \$8,000 and \$106,000, respectively, which could be used to offset future Company contributions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, each participant's account will become fully vested and non-forfeitable. All appropriate accounting provisions of the Plan will continue to apply until the accounts of all participants have been distributed.

Note B – Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the changes in net assets available for benefits and disclosure of contingent assets and liabilities during the reporting period. Such estimates include those regarding fair value. Actual results could differ from these estimates.

Valuation of Investments

The Plan's investments are stated at fair value. If available, quoted market prices are used to value investments. Shares of pooled separate accounts are valued at the net asset value of shares held by the Plan at year end. The Plan's guaranteed interest contract is stated at contract value as determined by Transamerica, see note G.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

The Pemco World Air Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note B – Summary of Significant Accounting Policies (continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Fair Value Measurements

The FASB has established a framework for measuring fair value in ASC 820, *Fair Value Measurements*. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Pooled separate accounts: Valued at the net asset value ("NAV") provided by the custodian. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying assets owned by the trust, minus its liabilities, divided by the number of units outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. There were no unfunded commitments to purchase investments at December 31, 2018 and 2017. Participant-directed redemptions have no restrictions and are recorded at the end of every business day.

The Pemco World Air Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note B – Summary of Significant Accounting Policies (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Investments measured using the NAV as a practical expedient are exempt from being presented in the fair value hierarchy. As all of the Plan's investments are exempt from the fair value hierarchy, the table has been excluded.

Note C – Certified Investments

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the auditors not to perform any auditing procedures with respect to the information certified by the Trustee, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan Administrator has obtained a certification from the Trustee that the information provided to the Plan Administrator by the Trustee as of December 31, 2018 and 2017, and for the year ended December 31, 2018, is complete and accurate. Such information includes all investments, notes receivable from participants, investment income and the information in the supplemental schedule.

Note D – Income Tax Status

The Internal Revenue Service determined and informed the Company by a letter dated March 31, 2014 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

The Plan Administrator evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements. The Plan is no longer subject to examination by taxing authorities for years prior to 2016.

Note E – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Pemco World Air Services, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2018 and 2017

Note F – Party-In-Interest Transactions

Fees paid during the year for accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such services. Certain Plan investments and the related transactions as of December 31, 2018 and 2017, and for the year ended December 31, 2018, were in investment funds managed by the Trustee; therefore, these investments and transactions qualify as party-in-interest transactions. Notes receivable from participants are also considered to be party-in-interest transactions because they are transacted with Plan participants. Fees paid to the Trustee by the Plan for investment services amounted to approximately \$17,000 during the year ended December 31, 2018.

Note G – Fully Benefit-Responsive Investment Contracts

Fully benefit-responsive investment contracts, at contract value on the statement of net assets consist of the following investment(s):

<u>Investment Type</u>	<u>Investment name</u>	<u>December 31, 2018</u>	<u>December 31, 2017</u>
Guaranteed interest contract	Transamerica Stable Value Core Option	\$ 209,652	\$ 215,065

The Plan invests in a guaranteed interest contract (Transamerica Stable Value Core Option, “the Fund”) provided through a group annuity contract. Under the Fund a crediting rate is established and is credited with contributions and charged for participant withdrawals and administrative expenses charged by the trustee of the Funds. The guaranteed interest contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan.

The Plan’s ability to receive amounts due is dependent on the issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Specific coverage provided by each contract may be different from each issuer and can be found in the contract of the Funds. Examples of such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan’s prohibition on competing investments options or deletion of equity wash provision, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan’s ability to transact at contract value with participants, is probable.
