Participants are automatically enrolled in the Plan on their first day of eligibility at a contribution rate of 4% unless a waiver of participation is submitted or an affirmative election is made to enroll at a different rate. Employees are eligible to participate in the Plan after 60 days of employment. Participants may elect to contribute in whole percentages ranging from 1%-75% of eligible compensation as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to certain limitations under the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2017, the Plan was amended to exclude temporary and seasonal employees from participating in the Plan.

JJTC may make a discretionary matching contribution to eligible participants in the plan. Additional contributions may be made at the discretion of the Board of Directors of JJTC. For 2018, JJTC made a matching contribution equal to 50% of the eligible participant's contribution that does not exceed 10% of the participant's eligible compensation as defined in the Plan. For employees subject to a collective bargaining agreement, the Plan provides that for each pay period, JJTC will contribute an amount equal to 6% and 3% of the employee's gross compensation for eligible non-supplemental and supplemental employees, respectively. Union employees under the Collective Bargaining Agreement will be eligible for employer contributions to their individual 401(k) plans once they have completed one full year of service. Contributions are subject to certain limitations. All contributions during a Plan year are subject to maximum dollar limitations established by the IRC. For the year ended December 31, 2018, the total maximum allowable tax-deferred contribution to the Plan under the IRC from employee sources was $18,500, plus catch-up contributions of $6,000 for eligible employees.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions, actual earnings thereon and matching contributions if eligible to be invested in any of the investment options offered by the Plan. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, JJTC's contributions, actual earnings thereon, and charged with an allocation of administrative expenses as defined by the Plan. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants must work 1,000 hours per calendar year to get credit for a year of service. Participants vest in JJTC contributions based upon the following schedule:

Years of Service	Vested Percentage
Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, excluding any employer contributions and earnings there on. Each participant is allowed to have a maximum of one loan outstanding at a time. Loan terms range up to five years. The loans are secured by the balance in the participant's account and bear interest at the rate commensurate with the local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. As of December 31, 2018, interest rates on participant loans ranged from 5.25% to 7.25%. As of December 31, 2017, interest rates on participant loans ranged from 5.25% to 6.25%.

NOTE A - DESCRIPTION OF THE PLAN - Continued

Forfeited Accounts

Forfeitures of nonvested account balances are used by JJTC to reduce the discretionary matching contributions for the plan year in which the forfeiture occurs. As of December 31, 2018 and 2017, the remaining balance of forfeited non-vested accounts totaled approximately $10,000 and $13,000, respectively. These amounts will be used to reduce future JJTC discretionary contributions or JJTC plan expenses. During 2018, JJTC contributions were reduced by approximately $104,000 from forfeitures.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or participant's beneficiary may receive periodic payments or a lump-sum amount equal to the value of the participant's vested interest in his or her account. If a participant meets certain criteria, benefits may also be received as an in service withdrawal.

Benefits paid to participants are recorded as deductions from net assets available for benefits when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed investment option, which is stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E - Fair Value Measurements for additional information.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation and Income Recognition (continued)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net Appreciation/Depreciation in Fair Value of Investments

Net realized and unrealized appreciation/depreciation of investments is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation/depreciation in fair value of investments and includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Administration of the Plan

Certain administrative functions are performed by officers or employees of JJTC. No such officers or employees receive compensation from the Plan. Certain administration expenses, such as professional fees, are paid directly by the Plan and JJTC. Fees paid by the Plan were approximately $168,000 during the year ended December 31, 2018.

NOTE C - RISKS AND UNCERTAINTIES

The Plan provides for investment options in a variety of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market volatility, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE D - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan maintains a fully benefit responsive investment contract, the Guaranteed Interest Fund with Great-West Life & Annuity Insurance Company ("Great-West"), a related party to Great-West Trust Company, LLC (the "Custodian" and "Trustee"), who also functions as the Plan's record keeper. Great-West maintains the contributions in a general account. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero percent. The account is credited with earnings on underlying investments to which it adds interest at a rate that is reset quarterly (1.50% and 1.49% at December 31, 2018 and 2017), respectively, and charged for participant withdrawals and administrative expenses.

As described in Note B, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: premature termination of the contracts by the Plan, plant closings, layoffs, Plan termination, bankruptcy, mergers, and early retirement incentives. The Plan Administrator does not believe the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE E - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

NOTE E - FAIR VALUE MEASUREMENTS - Continued

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 60,327,479	$ -	$ -	$ 60,327,479
	$ 60,327,479	$ -	$ -	$ 60,327,479

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 64,923,534	$ -	$ -	$ 64,923,534
	$ 64,923,534	$ -	$ -	$ 64,923,534

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, JJTC has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

NOTE G - TAX STATUS

The Internal Revenue Service has determined and informed JJTC by letter dated August 25, 2005, that the Plan and related trust are designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC, and accordingly is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan's policy is to recognize interest and penalties as a component of administrative expenses and there were no interest and penalties recognized during the year ended December 31, 2018 and 2017. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments include a guaranteed investment contract managed by Great-West Trust Company, LLC that is also the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants are considered party-in-interest transactions.

Administrative expenses paid directly to the Custodian totaled approximately $54,000 during the year ended December 31, 2018.

NOTE I - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Trust Company, LLC certified that the following data included in the financial statements and supplemental schedule is complete and accurate.

a. Investments (except for the Guaranteed Interest Fund which is certified by Great-West Life & Annuity Insurance Company, an affiliate of Great-West Trust Company, LLC) and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.

b. Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

c. Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2018.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information certified by the custodian to the related information included in the financial statements and supplemental schedule.

NOTE J - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to amounts reported in the Form 5500, as of December 31:

	2018	2017
Net assets available for benefits per the financial statements	$ 68,651,210	$ 73,433,598

Less: Employer contributions due at end of the plan year	-	-
Net assets available for benefits per the Form 5500	$ 68,651,210	$ 73,433,598

NOTE K - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events of the Plan through August 26, 2019, which is the date these financial statements were available to be issued. The Plan is not aware of any subsequent events, which would require recognition or disclosure in the financial statements.
