Notes to the Financial Statements

1. Description of the Plan

The following description of the Halfaker & Associates, LLC (the Company) 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have completed one month of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's management is responsible for oversight of the Plan. The Company's management determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions

Eligible participants may contribute up to the maximum amount allowed by the Internal Revenue Code (IRC). In addition, the Plan allows for catch up contributions by employees 50 years and older. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company's management. For the year ended December 31, 2018, the Company elected to match 100% of the first 3% of each employee's elective deferrals during the Plan year, which totaled \$809,862, net of forfeitures. Both employee and employer contributions are subject to the nondiscrimination requirements of the IRC.

An aggregate of \$1,366,113 was rolled into the Plan during the year ended December 31, 2018, and is included in participant contributions in the statement of changes in net assets available for benefits.

Participant accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, the Company's matching contributions, and Plan earnings and losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings and losses thereon. Vesting in the employer contributions is based on years of continuous service. A participant is 100% vested ratably over five years of credited service or in the event of death or total and permanent disability.

Halfaker & Associates, LLC

Notes to the Financial Statements

Notes receivable from participants

Notes receivable from participants are not permitted under the Plan.

Payment of benefits

Upon termination of service due to death, disability, retirement or any other reason, a participant or beneficiary with an account balance of \$1,000 or greater may elect to receive either a lump sum payment or periodic payments. A participant with an account balance of less than \$1,000 is required to take a lump sum payment upon termination of service. For termination of service for other reasons, a participant may either directly roll over their vested balance to an individual retirement account or another employer plan, or receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited amounts

At December 31, 2018 and 2017, forfeited accounts totaled \$25,406 and \$121,884, respectively. Forfeited accounts are utilized first to reduce Plan expenses and second to reduce employer contributions. During the year ended December 31, 2018, no forfeitures were used to reduce the employer contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The Plan's financial statements and supplemental schedule are prepared on the accrual basis of accounting, in accordance with the accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from estimated amounts.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 5 for additional information related to fair value measurements.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value measurement at the reporting date.

Halfaker & Associates, LLC

Notes to the Financial Statements

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation of fair value of investments.

New accounting pronouncements not yet adopted

The Financial Accounting Standard Board ("FASB") issued Accounting Standard Update ("ASU") No. 2018-13 *Fair Value Measurements Topic (820), Disclosure Framework –Changes to the Disclosure Requirements for Fair Value Measurements*, in August 2018. ASU No. 2018-13 eliminates certain disclosures including the disclosure related to transfers between Level 1 and 2 investments, the valuation policies for Level 3 measurements, and for nonpublic entities, the change in the Level 3 investment unrealized gains and losses included in earnings. ASU No. 2018-13 also amends certain disclosures including disclosing purchases, sales, and transfers for Level 3 investments instead of the Level 3 roll forward. ASU No. 2018-13 is effective for periods beginning after December 15, 2019. Early adoption is permitted. Management does not expect the adoption of the ASU to have a material impact on the Plan's financial statements.

3. Concentration of Significant Investments

As of December 31, 2018 and 2017, the Plan's significant investments are as follows:

<i>December 31, 2018</i>		Percent of total investments
T. Rowe Price Retirement 2040 Fund – Class R	\$ 1,478,774	19%
<i>December 31, 2017</i>		Percent of total investments
T. Rowe Price Retirement 2040 Fund – Class R	\$ 525,646	11%

4. Information Certified by the Reliance Trust Company

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate.

Halfaker & Associates, LLC

Notes to the Financial Statements

<i>December 31,</i>	2018	2017
Mutual funds	\$ 6,552,711	\$ 4,063,907
Collective trust fund	834,874	689,647
Money market fund	409,110	197,448

Year Ended December 31, 2018

Investment income:

Net depreciation in fair value of mutual funds	\$ (1,116,484)
Interest and dividends	489,966

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to

Halfaker & Associates, LLC

Notes to the Financial Statements

publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: The Plan's investments in money market funds are valued at the NAV of shares held by the Plan at year end based upon quoted market prices.

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value. The NAV is based upon the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value As of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018					
	Total	Fair Value Hierarchy Level			
		Level 1	Level 2	Level 3

The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

6. Related Party Transactions and Party-in-Interest Transactions

Certain investments held by the Plan are shares of mutual funds, a collective trust fund, and a money market fund that are managed by Reliance. Reliance is the custodian and trustee as defined by the Plan and, therefore, transactions with these investments qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments as they are paid through revenue sharing rather than a direct payment.

Halfaker & Associates, LLC

Notes to the Financial Statements

7. Income Tax Status

Effective February 1, 2007, the Plan adopted a prototype plan sponsored by ADP Retirement Services. The prototype plan has received an opinion letter from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

U.S. GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2018 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017 to Form 5500:
