December 31, 2017 and 2016

Note 1: Description of the Plan

The following description of the Non-Ferrous Founders' Society MEP (Plan) provides only general information. Participants should refer to plan documents for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Non-Ferrous Founders' Society, Inc. and Bunting Bearings, LLC (together, the Companies) who meet the eligibility requirements described below. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Eligibility

Employees of Non-Ferrous Founders' Society, Inc. are eligible to participate in the Plan on the first day of any month after the employee is 21 years of age or older and has completed one year of service and 1,000 hours. Employees of Bunting Bearings, LLC (Bunting) are eligible to participate in the Plan on the first day of each quarter after the employee is 21 years of age or older and has completed one year of service and 1,000 hours.

Contributions

Each year, participants may contribute up to 50% of pre-tax or post-tax annual compensation as defined in the Plan. Participants who have obtained age 50 before the end of the plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies also allow for matching contributions based on the amount of salary that a participant contributes to the Plan. All contributions are subject to maximum amount limitations under current tax law. Effective January 1, 2013, eligible employees hired after January 1, 2013, are automatically enrolled into the Plan at a contribution rate of 3% of compensation with an automatic increase of 1% of compensation annually up to a maximum of 6% of compensation.

Matching Contributions

For the year ended December 31, 2017, Bunting elected to make a safe harbor matching contribution to the Plan in an amount equal to the sum of: 100% of eligible employee's elective contributions that are not in excess of 4% of compensation, plus 50% of eligible employee's elective contributions that exceed 4% of compensation but not in excess of 6% of compensation. Bunting made matching contributions of \$188,002 for 2017. The Companies can also make discretionary non-matching contributions to the Plan on behalf of all employees whether or not the employee makes elective contributions to the Plan. No discretionary contributions were made in 2017 by Bunting.

Notes to Financial Statements

December 31, 2017 and 2016

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Companies' contributions, if any, and the Plan's earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances in respective investment options. The benefit to which a participant is entitled is the vested balance that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in the Companies' matching contribution portion of their accounts plus actual earnings thereon is also immediate for employees of Non-Ferrous Founders' Society, Inc. Employees of Bunting Bearings, LLC have a six year vesting schedule.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$42,902 and \$18,861, respectively. These accounts will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. Forfeitures of \$72 were used to pay administrative expenses in 2017.

Payment of Benefits

On termination of service due to retirement, death, disability or termination of employment, the participant (or the participant's beneficiary) may elect to receive a distribution of the vested account balance in a single lump-sum payment. The Plan allows for age 59½ withdrawals and also hardship withdrawals.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% to 100% increments in any of the various investment options, including a group annuity contract and pooled separate accounts, offered by the Plan. Participants may change their investment options on the phone or on-line as often as they would like.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the group annuity contract which is fully benefit-responsive and is reported at contract value. Investments held in pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities, including gains or losses on sales of securities, are recorded as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Costs

Certain operating expenses of the Plan are paid by the Plan and allocated among the investment funds, as provided in the plan document. All other administrative costs of the Plan are paid by the

Non-Ferrous Founders' Society MEP

Notes to Financial Statements

December 31, 2017 and 2016

Companies. Administrative expenses paid by the Plan totaled \$14,174 for the year ended December 31, 2017. Additionally, certain investment management fees are included in the net appreciation in fair value of investments.

Note 3: Fair Value Measurements

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments Measured Using the Net Asset Value per Share Practical Expedient

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2017				
Pooled separate accounts	\$ 2,468,361	\$ -	Daily	Daily
December 31, 2016				
Pooled separate accounts	\$ 1,945,525	\$ -	Daily	Daily

Note 4: Group Annuity Contract

The Plan invests in a benefit-responsive investment contract through a group annuity contract with Transamerica Financial Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Transamerica. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The group annuity contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) completed or partial plan termination or (2) the failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe that the

Non-Ferrous Founders' Society MEP

Notes to Financial Statements

December 31, 2017 and 2016

occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, the trustee of the Plan, has certified to completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017, and all investment income components reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6: Party-in-Interest Transactions

The Plan's investment funds are managed by Transamerica Financial Life Insurance Company, the trustee for the Plan at December 31, 2017 and 2016. Accordingly, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan during 2017 for investment management, recordkeeping, auditing and other professional services were rendered by parties-in-interest. The Companies provide certain administrative services at no cost to the Plan.

Note 7: Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become 100% vested in their accounts and the assets of the Plan are then distributed to the participants in proportion to their respective interests in the Plan.

Non-Ferrous Founders' Society MEP

Notes to Financial Statements

December 31, 2017 and 2016

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter multiple employer tax-favored savings and discretionary contribution plan and trust (volume submitter plan) sponsored by Transamerica Retirement Solutions Corporation. This volume submitter plan has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated July 7, 2014, from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 9: Nonexempt Transactions

During the plan year ended December 31, 2017, the Plan engaged in prohibited transactions related to late deposits of employee contributions totaling \$295. Plan management is currently evaluating a corrective action to remit lost earnings to affected participants.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 15, 2018, which is the date the financial statements were available to be issued.

Note 1: Description of the Plan

The following description of the Non-Ferrous Founders' Society MEP (Plan) provides only general information. Participants should refer to plan documents for a more complete description of the Plan's provisions.

General

The Plan is a multiple employer defined contribution plan covering substantially all employees of Non-Ferrous Founders' Society, Inc. and Bunting Bearings, LLC (together, the Companies) who meet the eligibility requirements described below. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA), as amended by subsequent legislation.

Eligibility

Employees of Non-Ferrous Founders' Society, Inc. are eligible to participate in the Plan on the first day of any month after the employee is 21 years of age or older and has completed one year of service and 1,000 hours. Employees of Bunting Bearings, LLC (Bunting) are eligible to participate in the Plan on the first day of each quarter after the employee is 21 years of age or older and has completed one year of service and 1,000 hours.

Contributions

Each year, participants may contribute up to 50% of pre-tax or post-tax annual compensation as defined in the Plan. Participants who have obtained age 50 before the end of the plan year are eligible to make "catch-up" contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Companies also allow for matching contributions based on the amount of salary that a participant contributes to the Plan. All contributions are subject to maximum amount limitations under current tax law. Effective January 1, 2013, eligible employees hired after January 1, 2013, are automatically enrolled into the Plan at a contribution rate of 3% of compensation with an automatic increase of 1% of compensation annually up to a maximum of 6% of compensation.

Matching Contributions

For the year ended December 31, 2017, Bunting elected to make a safe harbor matching contribution to the Plan in an amount equal to the sum of: 100% of eligible employee's elective contributions that are not in excess of 4% of compensation, plus 50% of eligible employee's elective contributions that exceed 4% of compensation but not in excess of 6% of compensation. Bunting made matching contributions of \$188,002 for 2017. The Companies can also make discretionary non-matching contributions to the Plan on behalf of all employees whether or not the employee makes elective contributions to the Plan. No discretionary contributions were made in 2017 by Bunting.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Companies' contributions, if any, and the Plan's earnings or losses and administrative expenses. Allocations are based on participant earnings or account balances in respective investment options. The benefit to which a participant is entitled is the vested balance that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. Vesting in the Companies' matching contribution portion of their accounts plus actual earnings thereon is also immediate for employees of Non-Ferrous Founders' Society, Inc. Employees of Bunting Bearings, LLC have a six year vesting schedule.

Forfeited Accounts

At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$42,902 and \$18,861, respectively. These accounts will first be used to pay administrative expenses. Any remaining amounts will be used to reduce future employer contributions payable under the Plan. Forfeitures of \$72 were used to pay administrative expenses in 2017.

Payment of Benefits

On termination of service due to retirement, death, disability or termination of employment, the participant (or the participant's beneficiary) may elect to receive a distribution of the vested account balance in a single lump-sum payment. The Plan allows for age 59½ withdrawals and also hardship withdrawals.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in 1% to 100% increments in any of the various investment options, including a group annuity contract and pooled separate accounts, offered by the Plan. Participants may change their investment options on the phone or on-line as often as they would like.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting and in conformity with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the group annuity contract which is fully benefit-responsive and is reported at contract value. Investments held in pooled separate accounts are valued at net asset value (NAV) of units held. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liability. Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities, including gains or losses on sales of securities, are recorded as of the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan provides for investments that, in general, are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Costs

Certain operating expenses of the Plan are paid by the Plan and allocated among the investment funds, as provided in the plan document. All other administrative costs of the Plan are paid by the

Companies. Administrative expenses paid by the Plan totaled \$14,174 for the year ended December 31, 2017. Additionally, certain investment management fees are included in the net appreciation in fair value of investments.

Note 3: Fair Value Measurements

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2017 and 2016. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investments Measured Using the Net Asset Value per Share Practical Expedient

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
December 31, 2017				
Pooled separate accounts	\$ 2,468,361	\$ -	Daily	Daily
December 31, 2016				
Pooled separate accounts	\$ 1,945,525	\$ -	Daily	Daily

Note 4: Group Annuity Contract

The Plan invests in a benefit-responsive investment contract through a group annuity contract with Transamerica Financial Life Insurance Company (Transamerica). Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by Transamerica. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The group annuity contract is fully benefit-responsive; therefore, contract value is the relevant measurement. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) completed or partial plan termination or (2) the failure of the trust to qualify for exemption from federal income taxes. The plan administrator does not believe that the

Non-Ferrous Founders' Society MEP

Notes to Financial Statements

occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 5: Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Transamerica Financial Life Insurance Company, the trustee of the Plan, has certified to completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2017 and 2016, and the supplemental schedule of assets (held at end of year) as of December 31, 2017, and all investment income components reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2017.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6: Party-in-Interest Transactions

The Plan's investment funds are managed by Transamerica Financial Life Insurance Company, the trustee for the Plan at December 31, 2017 and 2016. Accordingly, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan during 2017 for investment management, recordkeeping, auditing and other professional services were rendered by parties-in-interest. The Companies provide certain administrative services at no cost to the Plan.

Note 7: Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants become 100% vested in their accounts and the assets of the Plan are then distributed to the participants in proportion to their respective interests in the Plan.

Note 8: Tax Status

The Plan operates under an adoption agreement in connection with a volume submitter multiple employer tax-favored savings and discretionary contribution plan and trust (volume submitter plan) sponsored by Transamerica Retirement Solutions Corporation. This volume submitter plan has been filed with the appropriate agency and the sponsor has obtained an opinion letter dated July 7, 2014, from the Internal Revenue Service stating that the volume submitter plan constitutes a qualified plan under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Note 9: Nonexempt Transactions

During the plan year ended December 31, 2017, the Plan engaged in prohibited transactions related to late deposits of employee contributions totaling \$295. Plan management is currently evaluating a corrective action to remit lost earnings to affected participants.

Note 10: Subsequent Events

Subsequent events have been evaluated through October 15, 2018, which is the date the financial statements were available to be issued.
