INTERGRITY EMPLOYEE LEASING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Integrity Employee Leasing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a multiple-employer plan maintained by Integrity Employee Leasing, Inc. and its affiliates (the Company or Sponsor) as a defined contribution plan covering eligible employees of the Company and Adopting Employers. With the consent of the Company, an Adopting Employer or Participating Employer may adopt the Plan by executing an Adoption Agreement. The provisions of the Plan as applicable to the Participating Employer and its employees are based on the selections of the Participating Employer with respect to the variable features provided by the Plan Document and the Adoption Agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is a multiple-employer plan as described in Section 413(c) of the Internal Revenue Code (IRC). The Company is a Professional Employer Organization (PEO) and provides payroll processing and human resources to its clients. Each client of the Company has the option of adopting this Plan for the benefit of its employees. A client establishes its eligibility requirements related to age and length of service for its employees in accordance with the Plan Document and IRC. An Adopting Employer may elect to waive or change the service eligibility requirements for individuals who are performing services for the Adopting Employer as of the date the Plan is adopted. However, hiring individuals after the adoption date is subject to the standard requirements, unless otherwise elected.

The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions

Employees who are eligible to participate in the Plan may elect to defer, through payroll deductions, a portion of their eligible compensation, as defined by the Plan. For the years ended December 31, 2018 and 2017, individual participants' contributions were limited to \$18,500 and \$18,000, respectively. Participants who are age 50 and older may also contribute an additional \$6,000 on an annual basis. Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. Contributions are subject to certain IRS limitations.

The terms of the Plan provide that the Adopting Employers may contribute matching contributions, as defined in the Plan and each Adoption Agreement specific to the Adopting Employer. Participants are eligible to receive matching contributions if they have completed 1,000 hours of service and are employed at the end of the Plan year. Matching contributions are credited to eligible participants' accounts based on a percentage of participants' compensation, as defined in the Plan and related Adoption Agreement.

Participant accounts

Each participant account is credited with the participant's contributions and allocation of: (a) the Adopting Employer's contributions and (b) Plan earnings or losses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. All participant contributions are participant-directed and may be invested in one fund or allocated among different funds. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Allocation and vesting of benefits

Participants are immediately vested in their voluntary contributions and the Company's or Adopting Employer's safe harbor contributions and non-elective contributions plus actual earnings thereon. The Company or the Adopting Employer matching contributions made on behalf of a participant, and earnings thereon, vest in accordance with the schedule specified in the corresponding Adopting Employer's Adoption Agreement. Adopting Employers may also elect to make safe harbor contributions with automatic enrollment.

Forfeitures

Forfeitures are used to reduce the Participating Employer's elective contribution and/or used to pay Plan administration expenses. Forfeitures are allocated to participants' accounts in the same manner as Adopting Employer's matching contributions. Forfeitures used to reduce Adopting Employer's matching contribution or pay Plan expenses during the years ended December 31, 2018 and 2017, approximated \$2,700 in each year. There were no forfeitures available as of December 31, 2018 and 2017.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$1,000 or elect a lump sum distribution. Participants with vested amounts less than \$1,000 must elect a lump-sum distribution, and participants with a vested amount in excess of \$1,000 are placed in an IRA provided by the Plan Administrator or may elect a lump-sum distribution. Funds may also be accessed prior to the date they become distributable by way of a financial hardship withdrawal. Hardship withdrawals are allowable in accordance with Internal Revenue Service (IRS) guidelines.

Participant notes receivable

Plan participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans, which are collateralized by the balance in the participant's account, bear interest at 1% above the prime rate, determined as of the date of the loan request, ranging from 6.00% to 6.25% at December 31, 2018. Principal and interest are paid ratably through monthly payroll deductions. All loans are required to be repaid within a period of five years, except loans to acquire the participant's principal residence which must be repaid in a reasonable period of time, not to exceed fifteen years.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets.

Plan administration

The Plan is administered by the Company pursuant to the terms and conditions of the Plan and trust. Under the terms of the Plan, by action of the Board of Directors of the Company, the Company may designate one or more of its employees to perform the duties of the Plan Administrator. Massachusetts Mutual Life Insurance Company (Mass Mutual or the Custodian) is the Custodian and record keeper. Full Spectrum Retirement Plans, LLC is the Plan's third party administrator.

Plan amendments

Effective November 6, 2018, a participating employer, Fruit by Design, LLC, removed Fruit by Design 2 from the Plan and the Adoption Agreement.

Effective January 1, 2019, a participating employer, Woolf & Associates, Inc. will change the Safe Harbor provision in its Adoption Agreement from a Safe Harbor matching contribution, to a Safe Harbor 3% non-elective contribution.

Note 2 – Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and such differences could be material.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable

Participant notes receivable are valued at their unpaid principal balance plus accrued interest which approximates fair value. Any delinquent notes receivable from participants are recorded as distributions. No allowance for credit losses has been recorded at December 31, 2018 and 2017.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to interest rate, market and credit risks. Due to the risks associated with investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in such risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

INTEGRITY EMPLOYEE LEASING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Concentration of credit risk

The Custodian maintains the Plan's investments with high credit-quality institutions and attempts to limit the credit exposure of any particular investment.

Payment of benefits

The Plan records benefits when paid.

Uncertain tax positions

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) FASB ASC Topic 740, *Income Taxes*, requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan has determined it does not have any positions at December 31, 2018 that it would be unable to substantiate.

New accounting pronouncement

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement* (Topic 820), *Disclosure Framework – Changes to Disclosure Requirements for Fair Value Measurement* (ASU 2018-13). The amendments in ASU 2018-13 modify the disclosure requirements in Topic 820 of the disclosure framework. The modifications include the removal of the requirement to disclose the amount of and reason for transfers between Level 1 and Level 2 of the fair value hierarchy, the policy of timing between levels, the valuation processes for Level 3 fair value measurements, and the changes in unrealized gains and losses for the period included in earnings for recurring Level 3 fair value measurements held at the end of the reporting period.

Also, in lieu of a roll forward for Level 3 fair value measurements, a nonpublic entity is required to disclose transfers into and out of Level 3 of the fair value hierarchy and purchases and issues of Level 3 assets and liabilities. Additionally, for certain entities that calculate net asset value, an entity is required to disclose the timing of an investee's assets and the date when restrictions from redemptions lapse only if the investee has communicated the timing to the entity or announced the timing publicly. ASU 2018-13 is effective for fiscal years beginning December 15, 2019 with early adoption permitted to any removed or modified disclosures of this update. Plan management is evaluating the effect of ASU 2018-13 on its financial statements and related disclosures.

Note 3 – Information Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2018 and 2017;
- Net investment activity and interest income on participant notes receivable as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017;
- Investment information included in the footnotes and supplemental information, schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

INTEGRITY EMPLOYEE LEASING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2018.

The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts – are measured using the unit value calculated based on the net asset value (NAV) of the underlying pooled securities. The NAV is based on the fair value of the underlying investments held by each fund. The unit values of the pooled separate accounts are based upon significant observable inputs, but are not based upon quoted market prices in an active market and are therefore considered Level 2 investments within the fair value hierarchy.

Guaranteed account - is a fixed account with a guaranteed rate of return and a guarantee of principal that is backed by the Massachusetts Mutual Life Insurance Company (MassMutual) general investment account. The guaranteed account is provided through a Group Annuity contract or Group Funding Agreement. Under the contract, a crediting rate is established for amounts invested in the fixed account. Liquidation value is based on an actuarial formula as defined under the terms of the Group Annuity Contract or Group Funding Agreement. There are no unobservable inputs within this formula, therefore this investment option is considered Level 2 investment within the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

INTEGRITY EMPLOYEE LEASING RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

Investments measured at fair value on a recurring basis consist of the following types of instruments as of December 31, 2018 and 2017:

Fair Value Measurements as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,591,805	\$ -	\$ 2,591,805

Investments, at fair value	<u>\$ -</u>	<u>\$ 2,652,494</u>	<u>\$ -</u>	<u>\$ 2,652,494</u>

Fair Value Measurements as of December 31, 2017 (Unaudited)				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 2,566,758	\$ -	\$ 2,566,758
Fixed account	-	8,411	-	8,411
Investments, at fair value	<u>\$ -</u>	<u>\$ 2,575,169</u>	<u>\$ -</u>	<u>\$ 2,575,169</u>

Note 5 – Group Annuity Contract with Insurance Company

The following table summarizes the investment measured at fair value based on contract value as of December 31, 2018 and 2017:

	2018	2017
Massachusetts Mutual Life Insurance Company Fixed Account	<u>\$ 60,689</u>	<u>\$ 8,411</u>

The Plan has a Group Annuity Contract with Massachusetts Mutual Life Insurance Company (Mass Mutual) which is a fully benefit responsive guaranteed investment contract. Mass Mutual offers a fixed account that a participant may elect to transfer all or part of their funds into. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported by Mass Mutual, is the beginning balance plus any deposits and credited interest, less any withdrawals, charges, or expenses, a measurement that approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk related to Mass Mutual or otherwise. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and with no set maturity. The Fixed Account is not a separate account investment choice – it is an investment in Mass Mutual's general account. The crediting rate is reviewed on at least annually for resetting, and is based on a formula established by Mass Mutual but may not be less than 1 percent.

Certain events may limit the ability of the Plan to transact at contract value with Mass Mutual. Such events include the following: (1) the Plan is changed so as to significantly affect Mass Mutual's obligations to the contract, (2) the contract can no longer be treated as a pension plan contract, (3) the Plan is terminated, (4) failure to comply with the contract's requirements, (5) failure to provide information, (6) the sum of the contract account values at any time equals \$20,000 or less, or (7) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

At December 31, 2018, the Plan Administrator is not aware of any events that are probable of occurring, which would limit the Plan's ability to transact at contract value with participants.

INTEGRITY EMPLOYEE LEASING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 6 – Party-In-Interest Transactions

The Plan's investments include shares of pooled separate accounts and a fixed account administered by the Custodian. Therefore, transactions in these investments qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation or depreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in the Company's non-elective contributions and the Company would authorize the Custodian to continue the Plan until all benefits have been distributed, or liquidate the Plan and distribute all assets to the participants.

Note 8 – Plan Transfers

In the normal course of business, the Company adds Adopting Employers, and assets from the individual qualified plans that the added Adopting Employers previously sponsored are transferred into the Plan, when administratively feasible to do so. Likewise, as Adopting Employers leave the Plan and adopt different qualified plans, assets attributable to these outgoing Adopting Employers are transferred out of the Plan.

Note 9 – Fidelity Bond

The Plan has complied with the fidelity bonding requirements of ERISA.

Note 10 – Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated September 30, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 11 – Subsequent Events

The Plan evaluated events occurring subsequent to December 31, 2018 through August 20, 2019, the date the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the notes thereto.
