To The Trustees
Gastroenterology Center of the MidSouth, P.C Profit Sharing Plan

We have conducted a DOL limited-scope audit of the financial statements of Gastroenterology Center of the MidSouth, P.C Profit Sharing Plan (“the Plan”) for the year ended December 31, 2018 and have issued our report thereon dated July 30, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental information as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental information, other than that derived from the information certified by the custodian, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 4, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management’s knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

Management’s assessment for each of the Plan’s investment input levels under Financial Accounting Standards Board Accounting Standards Codification (“ASC”) 820, Fair Value Measurements and Disclosures. ASC 820 requires that the Plan assess and disclose in the financial statements the level of input for each Plan investment. We evaluated the key factors

and assumptions used to make your assessments for each Plan investment in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of the measurement of fair value for each investment held by the Plan as of December 31, 2018 in Note 3 to the financial statements. The Plan followed the guidance of ASC 820 which requires the Plan to disclose how it determined the fair value of its investments by three levels of inputs. The three levels of inputs are: 1) quoted prices in the active markets, 2) significant observable inputs, and 3) significant unobservable inputs.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 30, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these

discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the Trustees and management of Gastroenterology Center of the MidSouth, P.C Profit Sharing Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink that reads "Watkins Uiberall, PLLC". The script is cursive and fluid, with the letters "W", "U", and "P" being particularly prominent.

NOTES TO THE FINANCIAL STATEMENTS

December 31, 2018 and 2017

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Gastroenterology Center of the MidSouth, P.C. Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution and profit sharing plan covering all employees of Gastroenterology Center of the MidSouth, P.C. (the “Company”) who are twenty-one years of age or older and have completed one year of service, defined as the completion of 1,000 hours of service within a 12-month period. Voya Life Insurance and Annuity Company (“Voya”) serves as the custodian of the Plan. The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute 1% to 100% of pretax annual compensation as defined in the Plan document, subject to certain Internal Revenue Code (“IRC”) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Plan also allows participants to make Roth 401(k) contributions.

The Company provides a safe harbor matching contribution of up to 100% of the first 3% of the employee’s compensation plus 50% of the deferral that exceeds 3% of the employee’s compensation, not to exceed 5% of the employee’s total compensation. Total safe harbor matching contributions for 2018 were \$724,230. The Company also makes a profit sharing contribution to the Plan in an amount decided upon by the Company’s board of directors. The profit sharing contribution for 2018 was \$1,479,787.

Forfeitures

If an employee terminates before his or her matching and profit sharing contribution accounts have become fully vested, such portions are forfeited. Participant forfeitures may be used to pay any administrative expenses or to reduce the Company’s contributions. For the year ended December 31, 2018, forfeitures in the amount of \$15,964 were used to reduce the Company’s contributions and plan expenses. As of December 31, 2018, there were no accumulated forfeitures.

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested in the funds selected by the participant. The plan currently offers pooled separate accounts and a guaranteed investment contract as investment options for participants. Each participant’s account is credited with the participant’s contributions and allocations of the Company’s safe harbor matching and profit sharing contributions and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Company's safe harbor matching contributions, plus actual earnings thereon. Participants' vesting in the discretionary matching and profit sharing contribution is based on the years of continuous service as follows:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Effective January 1, 2016, there is a specialized vesting schedule for participants formerly employed by Gastroenterology Center of the MidSouth, P.C.. Discretionary matching and profit sharing contributions made on or after January 1, 2016 to employees formerly employed by Gastroenterology Center of the MidSouth, P.C will be subject to the following vesting schedule:

<u>Years of Service</u>	<u>Percentage</u>
1	33%
2	67%
3	100%

Notes Receivable from Participants

New loans are not permitted under the plan document. However, loans issued prior to January 1, 2016 were permitted. Loans transferred into the plan are secured by the balance in the participant's account and bear interest at a rate of 4.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the loan is used for the purchase of a principal residence which results in a repayment of ten years. All notes receivable from participants were paid off during 2018.

Payment of Benefits

Upon termination of service, due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount provided by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Withdrawals by a participant while employees are limited to those requested due to events of financial hardship as defined by the plan document, or upon attainment of 59 1/2.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the plan sponsor and are excluded from these financial statements. Recordkeeping and related administrative fees may be charged to participant accounts and are separately disclosed in the accompanying financial statements. Investment related expenses are included in net depreciation of fair value of investments. Additional fees are charged to participants based on their use of certain plan features.

Date of Managements Review

The plan sponsor evaluated the Plan's December 31, 2018 financial statements for subsequent events through July 30, 2019, the date the financial statements were available to be issued. The Plan sponsor is not aware of any subsequent event which would require recognition or disclosure in the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared using the accrual basis of accounting.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

The Plan's investments are stated at fair market value, as defined by generally accepted accounting principles. See Note 3 for disclosure of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments which consists of realized gains (losses) and the unrealized appreciation (depreciation) on investments.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as deemed loan distributions. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Benefits are recorded when paid.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritized the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under Topic 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Fair values of shares of an underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations, considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 44,712,505	\$ -	\$ 44,712,505
Guaranteed investment contract	-	5,916,748	-	5,916,748
Total assets at fair value	\$ -	\$ 50,629,253	\$ -	\$ 50,629,253

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	\$ -	\$ 46,701,205	\$ -	\$ 46,701,205
Guaranteed investment contract	-	7,832,407	-	7,832,407
Total assets at fair value	\$ -	\$ 54,533,612	\$ -	\$ 54,533,612

NOTE 4 – GUARANTEED INTEREST CONTRACTS WITH INSURANCE COMPANY

The Plan has guaranteed interest contracts with Voya Retirement Insurance and Annuity Company (“Voya”). Voya maintains the contributions in pooled unallocated accounts. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by Voya. The contracts are included in the financial statements at fair value because they are not considered fully benefit responsive. While they promise contract value for a benefit event, such as termination or disability, there is a possible market value adjustment when the funds are withdrawn prior to maturity. The fair value of the guaranteed interest contract at December 31, 2018 and 2017 was \$5,916,748 and \$7,832,407, respectively.

NOTE 5 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possibly that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of assets available for benefits.

NOTE 6 – TAX STATUS

The Internal Revenue Service issued an opinion letter dated March 31, 2014 stating that the Volume Submitter Profit Sharing Plan, which the Plan adopted, was designed in accordance with applicable IRC requirements. The Plan has not requested a determination letter of its own. However, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. The plan administrator believes that the Plan has not generated any taxable income and no federal or state income tax returns have been filed. Federal and state taxing authorities could request an examination of the financial records of the Plan to ascertain if any such taxable income exists, but no such examination has occurred or is pending.

NOTE 7 – RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by Voya, the custodian and therefore, qualify as party-in-interest transactions. In addition, certain Plan expenses paid by the Company qualify as party-in-interest transactions. Fees incurred by the Plan for administrative services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing rather than direct payment. These transactions are exempt from the prohibited transaction provision of ERISA and the Internal Revenue Code.

NOTE 8 – SUMMARY OF INFORMATION CERTIFIED BY ASSET CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the asset custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments as shown in the statements available for benefits as of December 31, 2018 and 2017.
- Investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2018.
- The schedule of assets (held at end of year) as of December 31, 2018.

The Plan's independent accounts did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

NOTE 9 – PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participant accounts will become 100 percent vested in their accounts and Plan assets will be used solely to provide benefits for participants. The net assets of the Plan are to be distributed in accordance with the Plan document in a uniform and nondiscriminatory manner.

NOTE 10 – RECONCILIATION TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2018 and 2017.

	2018	2017
Net assets available for benefits per the financial statements	\$ 52,125,567	\$ 56,031,582
Add: Current year forfeitures used	15,965	-
Less: Adjustment to record investment contract at fair value	176,453	(213,489)
Net assets available for benefits per the Form 5500	<u>\$ 52,317,985</u>	<u>\$ 55,818,093</u>

The following is a reconciliation of the net change in net assets available for benefits per the financial statements for the year ended December 31, 2018 and 2017 to the Form 5500:

Net change in net assets available for benefits per the financial statements	\$ (3,906,015)	\$ 8,361,742
Add: Prior year adjustment to investment contract at fair value	213,489	-
Less: Current year forfeitures used	15,965	-
Less: Adjustment to record investment contract at fair value	<u>176,453</u>	<u>(213,489)</u>
Net change in net assets available for benefits per the Form 5500	<u>\$ (3,500,108)</u>	<u>\$ 8,148,253</u>

The above differences arise from the financial statements recording certain investments at fair value and the Form 5500 recording them at contract value.
