Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Massachusetts Mutual Life Insurance Company and Great-West Life & Annuity Insurance Company, the Custodians of the Plan (the "Custodians"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Great-West Life & Annuity Insurance Company held the Plan's investment assets and executed investment transactions from February 8, 2017 to December 31, 2018, and that Massachusetts Mutual Life Insurance Company held the Plan's investment assets and executed investment transactions for the period January 1, 2017 to February 7, 2017. The plan administrator has obtained certifications from the Custodians as of December 31, 2018 and 2017, and for the years then ended, that the information provided to the plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a summary of certain provisions of the American Medical Technology 401(k) Profit Sharing Plan (the "Plan"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan established as of October 1, 1996 covering all eligible employees of Applied Medical Technology, Inc. and Affiliates (the "Company"). Employees become eligible to participate in the Plan immediately upon performance of six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is sponsored and administered by the Company.

Contributions – Each year, participants may contribute up to the maximum contributions allowable by law of their eligible compensation. The Plan allows for Roth 401(k) contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for a discretionary employer matching contribution for each participant, which was 20% of the first 4% of compensation deferred by the participant. Effective May 2017, the matching contribution formula was increased to equal 40% of the first 5% of compensation deferred by the participant. The Plan also provides for an additional discretionary contribution as determined by the Company. No discretionary contributions were made for the years ended December 31, 2018 and 2017.

Participant Accounts – Each participant's account is credited with the participant's contribution and the Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of continuous service at a rate of 20% per year after years two through six. A participant is fully vested after six years of credited service.

Payment of Benefits – Upon retirement, termination, disability, or attainment of age 65, a participant or a participant's beneficiary upon the participant's death may elect to receive a lump-sum amount equal to the value of the participant's vested account. Active participants may make hardship withdrawals of their account balance, subject to Plan provisions.

Forfeitures – At December 31, 2018 and 2017, forfeited nonvested accounts totaled \$20,173 and \$7,527, respectively. These accounts will be used to pay certain Plan expenses and any remaining forfeitures will be used to reduce future employer contributions. For the years ended December 31, 2018 and 2017, employer contributions were reduced by \$-0-, from forfeited nonvested accounts.

Note 1. Description of Plan (Continued)

Termination Provisions – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements are prepared using the accrual basis of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by Massachusetts Mutual Life Insurance Company, the Custodian of the Plan from January 1, 2017 through February 7, 2017, and Great-West Life & Annuity Insurance Company ("Great-West"), the Custodian of the Plan from February 8, 2017 through December 31, 2018 (collectively the "Custodians"). See Note 4 for a discussion of fair value measurements.

Purchases and sales of investment securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions – Participant contributions are recorded and credited to each participant's account when received by the Custodians from the Company. Any contributions attributable to the Plan year not received by the trust by the last day of the Plan year are recorded as a receivable.

Payment of Benefits – Benefits are recorded when paid.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the affected participant's account and are included in administrative expenses. Indirect investment related expenses are included in net (depreciation) appreciation in fair value of investments.

Evaluation of Subsequent Events – The Plan has evaluated subsequent events through August 21, 2019, the date on which the financial statements were available to be issued.

Note 3. Unaudited Information

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified to the completeness and accuracy of all investments reflected in the statements of net assets available for benefits at December 31, 2018 and 2017, the supplemental schedule at December 31, 2018, the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 2018 and 2017, and the investment related information in the accompanying notes to the financial statements. This information is unaudited by independent accountants.

Note 4. Fair Value Measurements

The Plan estimates the fair value of financial instruments using available market information and other generally accepted valuation methodologies. The inputs used to measure fair value are classified into three levels:

- Level 1 – Quoted market prices in active markets for identical assets and liabilities
- Level 2 – Observable market-based inputs or unobservable inputs that are corroborated by market data
- Level 3 – Unobservable inputs in which little or no market data exists

The following is a description of the valuation methodologies used for plan assets measured at fair value:

- The fair value of investments held in the pooled separate accounts is based on their reported net asset value ("NAV"). The NAV is based primarily on observable inputs, the market value of the underlying investments, and is classified as Level 2.
- The investment in the common/collective trust is held and managed by Great-West. The fair value of investments held in these accounts is valued on their reported NAV. The NAV is based primarily on observable inputs and the market value of the underlying investments, and is classified as Level 2.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. There have been no changes in the methodologies used from 2017 to 2018. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level the Plan's assets at fair value as of December 31, 2018 and 2017:

Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 2,995,299		\$ 2,995,299
Common/collective trust fund		61,369		61,369
Total	\$ -	\$ 3,056,668	\$ -	\$ 3,056,668

Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Pooled separate accounts		\$ 2,738,846		\$ 2,738,846
Common/collective trust fund		46,439		46,439
Total	\$ -	\$ 2,785,285	\$ -	\$ 2,785,285

Note 5. Income Tax Status

The prototype on which the Plan is based obtained a determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The plan administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require such recognition or disclosure in the financial statements.

Note 6. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
