INDEPENDENT AUDITORS' REPORT

To the Participants and Trustees of
Supplemental Income 401(k) Plan

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of Supplemental Income 401(k) Plan (the Plan), which comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2018 and 2017; the related statements of changes in net assets available for benefits - modified cash basis for the years then ended; and the related notes to the financial statements.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, which includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making

To the Participants and Trustees of
Supplemental Income 401(k) Plan

those risk assessments, the auditors consider internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits - modified cash basis of Supplemental Income 401(k) Plan as of December 31, 2018 and 2017, and the changes in net assets available for benefits - modified cash basis for the years then ended in accordance with the modified cash basis of accounting described in Note 1.

BASIS OF ACCOUNTING

We draw your attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

SUPPLEMENTAL INCOME 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018 AND 2017

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The financial statements have been prepared using the modified cash basis of accounting. This basis differs from generally accepted accounting principles primarily because the Supplemental Income 401(k) Plan (the Plan) has not recognized contributions receivable from employers and participants, or from accounts payable and related effects on additions and deductions to net assets.

Investment Valuation, Transactions and Income Recognition -

General - Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Plan. Unobservable inputs reflect the Plan's assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities' own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods - In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Plan's investment classes are presented below.

Mutual funds: Values are determined using quoted prices in active markets (Level 1).

Investment contract with insurance company: The Plan invests in a fully benefit-responsive investment contract. The investment contract is based on contract value calculated by the insurance company (see Note 6).

Valuation Methods, Consistency - The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition - Purchases and sales of securities are recorded on a settlement-date basis rather than on a trade-date basis. Interest income and dividends are recorded when received. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unallocated Assets - Amounts reported as cash, cash equivalents and unallocated assets - investment contract with insurance company totaled \$1,963,926 and \$1,915,833, as of December 31, 2018 and 2017, respectively, and represent amounts contributed by employers or deducted from participant accounts in accordance with the Plan's provisions to fund the administrative operations of the Plan. These amounts have not been allocated to the participant accounts.

Notes Receivable from Participants - Notes receivable from participants is measured at the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan Document.

Participant Contributions - Participant contributions are reported net of trust management fees, which are reported as other income on the statements of changes in net assets available for benefits - modified cash basis.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses are generally paid by the Plan.

Estimates - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in mutual funds and an investment contract with an insurance company. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits - modified cash basis and the statements of changes in net assets available for benefits - modified cash basis.

NOTE 2. DESCRIPTION OF THE PLAN

On January 1, 1995, various employer associations and the Board of Trustees established a 401(k) profit sharing plan with a salary reduction provision. The Plan was established to provide retirement benefits for eligible employees of the various employers. The Plan is financed by contributions from the participants and employers and by the net earnings of the investments of the Plan. The Plan is a defined contribution plan covering all employees of the contributing employers whose employment is subject to the terms and conditions of the collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Elective contributions shall be made in a flat monthly amount (subject to a minimum of \$20), a specified hourly contribution rate per compensable hour (subject to a minimum of fifteen cents [15¢] per hour), or as a percentage of total compensation paid to the participant during a reporting period (subject to a minimum of one percent of total compensation). Contributions are subject to the salary reduction agreement and maximum contribution limits established by the Internal Revenue Code.

Employers may make a contribution on behalf of the participants; the rates are set forth in the collective bargaining agreements and participation agreements.

Vesting - Each participant's account will be fully vested at all times.

NOTE 2. DESCRIPTION OF THE PLAN (CONT'D)

Participant Accounts - Each participant's account is credited with the participant's contribution and employers' contributions received on behalf of the participant, if applicable, and earnings on the investments in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Certain participant accounts may be subject to assessment of administrative costs.

Notes Receivable from Participants - The Plan provides for loans to participants. Participants may borrow a minimum of \$1,000 up to a maximum loan amount of the lower of \$50,000 or 50% of the account balance. Five years is the maximum length of the loan, unless it qualifies as a home loan for which the maximum length is 30 years. Loans must be adequately secured and bear a reasonable rate of interest, as determined by the Board of Trustees. Such rate of interest must provide the Plan with a return commensurate with the prevailing interest rate charged by those in the business of making loans under similar circumstances. As of December 31, 2018, the rates of interest on outstanding loans ranged from 3.0% to 11.5%. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan.

Payment of Benefits - A participant may receive the total value of their account only upon attainment of age 59½, retirement, death, disability, termination of employment or as otherwise described in the Plan.

Investment Options - Contributions to the Plan are invested, as directed by the participant, in various investment options, including mutual funds and investment contracts. Participants must evaluate their own investment goals and objectives and choose the investment options best suited to achieve those goals and objectives. Poor investment performance by the investment options selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants should refer to the Summary Plan Description for more information.

NOTE 3. PRIORITIES UPON TERMINATION

Although it has not expressed any intent to do so, the Board of Trustees has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participant account balances would be distributed to the participants and their beneficiaries (adjusted if necessary), as provided for in the Plan, for Plan expenses in excess of unallocated assets available to pay such expenses.

NOTE 4. TAX STATUS

The Plan obtained its latest determination letter, dated September 11, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of Internal Revenue Code Sections 410(b) and 401(a)(4). The Plan's administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2018, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's administrator believes the Plan is no longer subject to income tax examinations for the fiscal years prior to 2015.

NOTE 5. MUTUAL FUND FEES

The Plan contracts with John Hancock Retirement Plan Services, LLC (John Hancock) to: (1) provide day-to-day administrative services, including recordkeeping, enrollment and related participant services, and (2) maintain a platform of mutual funds and other participant-directed investment vehicles. The contract allows John Hancock to receive fees from non-proprietary mutual funds selected by the Board of Trustees and provides that these fees are intended to defray the costs of administering the Plan. The Plan's investment income, as reported on the statements of changes in net assets available for benefits - modified cash basis, is shown net of these fees.

For the years ended December 31, 2018 and 2017, John Hancock's portion of the mutual fund's expense ratio ranged from .30% to .50% and .30% to .65%, respectively. Based on the investment balances and expense ratios as of December 31, 2018 and 2017, the approximate fees paid to John Hancock would be \$4,800,000 and \$4,400,000, respectively.

NOTE 6. INVESTMENT CONTRACTS WITH INSURANCE COMPANY

The Plan invests in a fully benefit-responsive investment contract with New York Life Insurance Company (New York Life). New York Life maintains the contributions in a guaranteed interest account. The account is credited with the earnings and is charged for participant withdrawals and administrative expenses.

The issuer of the investment contracts is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits - modified cash basis attributable to the guaranteed

NOTE 6. INVESTMENT CONTRACTS WITH INSURANCE COMPANY (CONT'D)

investment contract. Contract value, as reported to the Plan by New York Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than one percent (1%). The interest rate is reviewed periodically for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan's sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause significant withdrawal from the Plan; or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. If the Plan terminates the contract and provides proper notice to New York Life in accordance with the investment contract, the Plan will continue to transact at contract value with the issuer. The Plan's administrator does not believe that an occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 7. PLAN MERGER AND OTHER TRANSFERS

Trustee-to-trustee transfers in represents transfers of participant account balances of new and existing employers into the Plan. Trustee-to-trustee transfers out represents transfers out of the Plan for participant account balances for all or a specific group of participants of the employer. During the years ended December 31, 2018 and 2017, trustee-to-trustee transfers in totaled \$5,928,832 and \$656,395, respectively. Trustee-to-trustee transfers out totaled \$782,719 and \$1,496,864 during the years ended December 31, 2018 and 2017, respectively.

NOTE 8. LITIGATION

During the year ended December 31, 2017, a Complaint was filed in the U.S. District Court for the Central District of California against the Board of Trustees of the Plan, both collectively and individually, by two Plan participants. The Plan and the Trustees were served with the Complaint, which alleges that the Trustees, both collectively and individually, breached their fiduciary duties under ERISA by offering retail class mutual fund shares for a number of the Plan's investment options when lower-cost institutional class shares were available and overpaying recordkeeping fees through revenue-sharing between the record keeper and mutual funds. The Plan and its Trustees are being vigorously defended against the allegations made and the Plan tendered defense to its insurance carrier. In November 2018, the parties reached an agreement to settle the plaintiffs' claims, and the settlement class identified, at approximately \$8.75 million, in addition to certain non-monetary equitable relief. Amounts defined in the class settlement are expected to be reimbursed to the Plan by the insurance carrier. Refer to Note 9.

NOTE 9. SUBSEQUENT EVENTS

On April 15, 2019, the plaintiffs filed a motion for preliminary approval of the parties' settlement in exchange for full release of all claims by the plaintiffs and the settlement class. Subject to approval of the Court, the litigation matter has been resolved.

Subsequent events were evaluated through the date on which the financial statements were available to be issued. This date is approximately the same as the independent auditors' report date.

ADDITIONAL INFORMATION

INDEPENDENT AUDITORS' REPORT ON ADDITIONAL INFORMATION

To the Participants and Trustees of
Supplemental Income 401(k) Plan

We have audited the financial statements of Supplemental Income 401(k) Plan (the Plan) for the year ended December 31, 2018, and have issued our report thereon dated July 19, 2019, which contained an unmodified opinion on those basic financial statements. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying information, which appears on Schedule H - Financial Schedules (IRS Form 5500), is presented for the purpose of additional analysis and is not a required part of the basic financial statements. The Schedule H - Financial Schedules (IRS Form 5500) is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

Attachment to Schedule H, Line 4a of Form 5500

The Plan is a multiemployer IRC Section 401(k) plan in which well over 650 employers participate through collective bargaining agreements, each containing their own unique payroll requirements. The entries listed on the Schedule H attachment reflect participating employers for whom contributions were received in excess of the period provided for in DOL Regulation 29 CFR 2510.3-102. All, or substantially all, of these contributions were subsequently paid into the Plan.
