SALISBURY HOUSE, INC. 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2018 and 2017

NOTE A – DESCRIPTION OF THE PLAN

The following brief description of Salisbury House, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

1. General

The Plan is a 401(k) defined contribution plan established by Salisbury House, Inc. effective July 1, 1996. The Plan covers substantially all employees of Salisbury House, Inc. and affiliated employers named in the adoption agreement (collectively, the Sponsor) who have met the eligibility requirements. Union members, non-resident aliens, leased employees, zero hour employees, on-call employees, consumer work program employees, and temporary employees are not eligible for the Plan. Effective January 1, 2018, the Green Tree School 401(k) plan was terminated, and all its employees became eligible to participate in the Plan, subject to the Plan eligibility requirements. The Green Tree School 401(k) plan's assets were transferred to the Plan on February 1, 2018. The Plan is subject to Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the plan administrator.

2. Eligibility

Each employee is eligible to make contributions to the Plan on the first day of the calendar quarter following the attainment of age twenty-one, one year of service and one year of employment. One year of service is defined as completion of 1,000 hours of work during the relevant computation period.

3. Contributions

Each year, participants may contribute up to 80 percent of eligible pretax compensation as defined by the Plan. Participants who have attained age 50 before year end are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified defined benefit or defined contribution plans, and Roth contributions are permitted. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan implemented an auto-enrollment provision in June 2017, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 1 percent of eligible pretax compensation and their contributions are invested in a designated balanced fund until changed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Sponsor makes matching contributions for participants who have attained one year of service equal to 50 percent of the first percent of eligible compensation that a participant contributes, on a per-payroll basis. The Sponsor's matching contributions are invested in the same manner as those directed by the participants.

NOTE A – DESCRIPTION OF THE PLAN – Continued

3. Contributions– Continued

The Sponsor may also make a discretionary profit sharing contribution to the Plan as determined by management on an annual basis. Participants are eligible to receive the discretionary profit sharing contribution if they have completed one year of service. The contribution is allocated pro rata based on each participant's compensation in proportion to the compensation of all participants eligible to receive the contribution. During the years ended December 31, 2018 and 2017, the Sponsor did not make discretionary profit sharing contributions.

4. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, without regard to their intended use of the funds. Participants may have only one note outstanding at a time. Notes are collateralized by the participant's vested account balance and are measured at their unpaid principal balance plus any accrued but unpaid interest. The notes bear interest at prime plus 1.00% at the time of origination which ranges from 4.25% to 6.25%. Interest and principal payments are made ratably through bi-weekly payroll deductions. Note terms range from one to five years except when used for the purchase of a primary residence. Notes become due immediately upon termination of the participant's employment. Delinquent notes are treated as distributions based upon the terms of the Plan document.

5. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Sponsor's contributions and (b) Plan earnings and losses, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

6. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in Sponsor matching and discretionary profit sharing contributions plus earnings thereon according to the following schedule:

<u>Years of service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	33%
3	66%
4	100%

Participants become 100 percent vested in Sponsor matching and discretionary profit sharing contributions upon attainment of normal retirement age or in the event of death or disability.

NOTE A – DESCRIPTION OF THE PLAN – Continued

7. Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or the participant's estate or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in the participant's account, a single sum distribution of a portion of their vested balance, or installments for a specified term. If the vested account balance is less than \$1,000, it will be paid in a lump sum. If the vested balance is between \$1,000 and \$5,000, it will be rolled over to an IRA account. In service distributions for participants 59 ½ are permitted and upon proof, to the satisfaction of the plan administrator, of an immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose from a participant's account.

8. Forfeited Accounts

Forfeited non-vested account balances are applied to reduce future Sponsor contributions or pay administrative expenses. Forfeited non-vested accounts totaled \$17,526 and \$6,403 as of December 31, 2018 and 2017, respectively. The amount of forfeitures used to reduce the Sponsor contributions totaled \$18,894 and \$9,581 for the years ended December 31, 2018 and 2017.

9. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Sponsor. Expenses paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in the administrative expenses. Investment related expenses are included in the net (depreciation) appreciation of fair value of investments.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Plan is presented to assist in understanding the Plan's financial statements.

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

3. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are reported on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2018 excess contributions to the applicable participants prior to March 15, 2019.

5. Payment of Benefits

Benefits are recorded when paid.

6. Subsequent Events

The Plan has evaluated events and transactions for potential recognition or disclosure through August 5, 2019, the date the financial statements were available to be issued.

NOTE C – INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable for participants held at December 31, 2018 and 2017, and net (depreciation) appreciation in fair value of investments, interest and dividends for the years then ended, was obtained from information supplied to the plan administrator and certified as complete and accurate by the trustees. Reliance Trust Company was the trustee for the period April 1, 2017 to December 31, 2018 and Deutsche AM Trust Company was the the trustee for the period from January 1, 2017 to March 31, 2017.

NOTE D – FAIR VALUE OF FINANCIAL INSTRUMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The hierarchy includes three levels. Level 1 includes instruments whose inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. Level 2 includes instruments whose inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 includes instruments whose inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Registered investment companies are valued at quoted market prices on the active market on which the shares are traded. These are level 1 assets.

Common collective trusts include components that are valued at the net asset value (NAV) of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly business manner.

NOTE D – FAIR VALUE OF FINANCIAL INSTRUMENTS – Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2018 and 2017:

Fair Value of Investments in Entities that use NAV

The common collective trust investment objective is to preserve invested principal while providing a competitive current rate of return. There are no restrictions on redemption and there were no unfunded commitments as of December 31, 2018 and 2017.

NOTE E –RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ADP, LLC (ADP) is the Plan's record keeper, and transactions between the Plan and ADP qualify as party-in-interest transactions. The total amount paid to ADP by the Plan for record keeping services totaled \$15,887 and \$6,636 during the years ended December 31, 2018 and 2017, respectively. UBS is an investment advisor to the Plan and transactions with UBS qualify as party-in-interest transactions. UBS received indirect compensation for advisory services totaling -\$0- and \$6,147 for the years ended December 31, 2018 and 2017, respectively.

NOTE F – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. At termination, each participant's account may be distributed.

NOTE G – TAX STATUS OF THE PLAN

The Plan is a qualified prototype plan under Section 401(a) of the Internal Revenue Code (IRC) from ADP, Inc. The Internal Revenue Service (IRS) issued an opinion letter to ADP, Inc. dated July 16, 2014 stating that its prototype plan document was designed in accordance with IRC requirements as of that date.

Although the Sponsor has not applied for a determination letter for the Plan and the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan has not taken any uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
