Notes to Financial Statements

1. Description Of The Plan

The following description of the BSN Medical, Inc. Savings and Investment Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan was adopted effective April 1, 2001 and is a defined contribution plan that includes a Section 401(k) provision. The Plan covers salaried and hourly non-union employees of BSN Medical, Inc. and participating affiliates (the “Company”), who are age twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Transfers

In April 2017, the Company was acquired by Swedish Essity AB (the “Parent Company”). The Parent Company sponsors the Essity North America Investment and Retirement Plan (the “Essity Plan”). In September 2018, the Company elected to merge the Plan into the Essity Plan. Effective December 31, 2018 the Plan merged into the Essity Plan and all assets of the Plan were transferred.

Contributions

Each year, participants may elect salary deferral contributions ranging from 1% to 50% of their pretax annual compensation, as defined in the plan document, subject to Internal Revenue Code (“IRC”) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. A discretionary safe harbor match contribution has been made by the Company for each payroll period. The safe harbor match contribution is equal to 100% of the first 1% of the participant’s salary deferral plus 50% of the participant’s salary deferral that exceeds 1%, but not to exceed 6%. Effective January 1, 2015, the Plan was amended to include discretionary non-elective contributions. There were \$807,750 and \$879,468 of Company discretionary non-elective contributions for the years ended December 31, 2018 and 2017, respectively.

Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan offered mutual funds and a common/collective trust fund as investment options for participants.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contributions, and plan earnings, and charged with benefit payments, plan losses and allocations of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested in safe harbor match contributions after two years of credited service and retirement contributions after three years of credited service.

Notes Receivable from Participants

Participants are allowed one general purpose loan and one primary residence loan ranging from one to ten years. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. All loans, except residential mortgage loans, must be repaid by regular periodic payments for a period not greater than five years. For active employees of the Company, loan repayments will be paid by payroll withholding each pay period.

Payment of Benefits

On termination of service, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or various installment and annuity options as provided by the Plan. Hardship distributions are permitted upon demonstration of financial hardship. All fully vested balances are available for distribution after the participant reaches the age of 59 ½.

Forfeitures

At December 31, 2017, forfeited nonvested accounts totaled \$3. There was no forfeiture balance at December 31, 2018. These accounts when available are used to reduce future Company contributions. Forfeitures of \$99,915 and \$99,762 were used to reduce Company contributions during 2018 and 2017, respectively.

2. Summary Of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchase and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded upon distribution.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account.

Subsequent Events

The Plan's has evaluated subsequent events through June 24, 2019, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value as defined under GAAP is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1 – Observable inputs such as quoted prices in active markets.
- Level 2 – Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3 – Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2018 and 2017. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by the trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

BSN Medical, Inc. Savings and Investment Plan
Notes to Financial Statements

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2017.

	Fair Value as of December 31, 2017		
	Level 1	Level 2	Total
Mutual funds	<u>\$ 72,147,705</u>	<u>\$ --</u>	<u>\$ 72,147,705</u>
Total assets in the fair value hierarchy	<u>\$ 72,147,705</u>	<u>\$ --</u>	<u>\$ 72,147,705</u>
Investments measured at NAV (a)			<u>3,018,635</u>
Investments at fair value			<u>\$ 75,166,340</u>

(a) *In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2017. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2017	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 3,018,635	None	Daily	12 months

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified By Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2018 and 2017 and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee:

	2018	2017
Investments	<u>\$ --</u>	<u>\$ 75,166,340</u>
Notes receivable from participants	<u>\$ --</u>	<u>\$ 904,617</u>
Net depreciation (appreciation) in fair value of investments	<u>\$ (8,330,941)</u>	<u>\$ 9,072,778</u>
Interest and dividend income	<u>\$ 5,050,194</u>	<u>\$ 3,513,309</u>
Interest income on notes receivable from participants	<u>\$ 31,611</u>	<u>\$ 30,889</u>

The certification mentioned above includes all investment information disclosed in Note 3.

5. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the trustee by the Plan for administrative services were \$4,463 and \$15,984 for the years ended December 31, 2018 and 2017, respectively.

6. Plan Termination

See Note 1 regarding the merger of the Plan into another plan on December 31, 2018. The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by letter dated September 20, 2011 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018 and 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
