LOURDES EMPLOYEES 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Lourdes Employees 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all full-time employees of Lourdes Industries, Inc., and Lourdes Industries LLC (the "Company"), who have three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions

Each year, participants may contribute, subject to ERISA limitations, up to $18,500 (for 2018) of their pretax annual compensation, as defined in the Plan. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into any, and/or all of the various investment options offered by the Plan. The Company may at its option make contributions to the Plan, which is based upon a percentage of employee contributions. The Company did not make any contributions for the current plan year. The Plan provides investment options through the Principal Life Insurance Company in the form of participation in a group annuity contract, which includes pooled separate accounts. Each participant may choose any of the funds for their investment account.

C. Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

1. DESCRIPTION OF PLAN (Continued)

E. Participant Loans

Participants may borrow up to 50% of their vested account balance. The minimum amount a participant may borrow is $1,000 and the maximum amount is $50,000. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 6.75% to 9.25%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator.

F. Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Recent Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)." As it relates to the Plan, ASU 2015-12 eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits. Additionally, the net appreciation or depreciation in investments, including fair value disclosures, for the period still will be required to be presented in the aggregate, but will no longer be required to be disaggregated and disclosed by general type. The Plan has adopted ASU 2015-12, which became effective for plan years beginning after December 15, 2015, as of December 31, 2017. Accordingly, the Plan's statements of assets available for benefits and notes to financial statements reflect the amended disclosure requirements on a retrospective basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

D. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Participant loans are valued at their outstanding balances, which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Effective fiscal year ending December 31, 2009, The Plan adopted The Fair Value Measurements Topic of FASB's ASC that defines fair value as the price that the Plan would receive upon selling an investment in a timely transaction to an independent buyer in the principal or most advantageous market for the investment. The Fair Value Measurements Topic established a three-tier hierarchy to maximize the use of observable market data and minimize the use of unobservable inputs to establish classification of fair value measurements for disclosure purposes. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

Level 1 – quoted prices in active markets for identical investments
Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
Level 3 – significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments)

Level 2 investments consist of pooled separate accounts and a collective investment trust. The pooled separate accounts invest in short term securities, such as commercial paper, mutual funds, domestic stocks, international stocks and fixed securities, including domestic and foreign corporate bonds, asset backed securities, and commercial mortgage backed securities and government bonds. The collective investment trust contains synthetic investment contracts comprised of investment and contractual components which have observable Level 1 or Level 2 pricing inputs. The fair values of the underlying mutual funds and domestic stocks are a publicly quoted pricing input and are used in determining the net asset values of the pooled separate accounts, which are not publicly quoted. The short term securities and international stocks have observable level 1 and 2 pricing inputs, including quoted prices for similar assets in active and non-active markets. The fixed securities have observable level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Investment Valuation and Income Recognition (Continued)

Level 3 investments consist of participant loans and guaranteed interest investment contracts. Participant loans are reported at unpaid balances which approximates fair value. The fair value of guaranteed interest investment contracts is the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other then death, disability, termination or retirement. This fair value represents contract value adjusted to take into account the current rates of interest available in market place.

The following is a summary of the inputs used as of December 31, 2018 and 2017 in valuing the Plan's investments carried at fair value:

		Fair Value Measurements at Reporting Date Using		
Description	12/31/18	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$4,135,363	$ -	$4,135,363	$ -
Collective investment trust	1,483,784	-	1,483,784	-
Total	$5,619,147	$ -	$5,619,147	$ -

Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus interest less withdrawals, if any.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Payments of Benefit

Benefits are recorded when paid.

F. Plan Expense

Expenses related to administration, loan processing and ERISA compliance are absorbed by the Plan sponsor.

G. Date of Management's Review

Subsequent events have been evaluated through July 1, 2019, which is the date the financial statements were available to be issued.

3. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by The Principal Life Insurance Company. These transactions are considered as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $1,044 for the year ended December 31, 2018.

4. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

5. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated August 30, 1993, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

6. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian.

	2018	2017
Investments at fair value determined by custodian:		
Pooled separate accounts	$4,135,363	$4,425,606
Common/collective trusts	1,483,784	1,383,056
Net (depreciation)/appreciation on pooled accounts	(292,147)	740,228

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
