Note A – Description of Plan

The following description of the Mulligan Security Corp. 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan established by Mulligan Security Corp. and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Participation in the plan is entirely voluntary. An eligible employee is any person employed by Mulligan Security Corp. and any participating affiliates, who has completed the eligibility requirements per the Plan agreement.

Contributions. Participants who have completed two months of service, can elect to make pre-tax contributions of their compensation up to the maximum percentage allowable not to exceed the limits of Code Sections 401(k). For 2018, the maximum deferral amount is $18,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company will make a matching contribution equal to 25% of the participants' elective deferral up to the first 5% of the participants' compensation.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting. Participants are vested immediately in their voluntary contributions and transfers from other qualified plans and actual earnings thereon. Participants are 20% vested in the Company's contribution portion of their accounts once they have completed their first year of credited service with the Company and an additional 20% each year thereafter.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest rates which are the prime rates published in *The Wall Street Journal* on the 14th of each month plus one percentage point. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits. On termination of service due to death, disability or retirement, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or receive annual installments paid over a specific period of time. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note A – Description of Plan (continued)

Forfeited Accounts.
These accounts will be allocated to participant accounts as if they were additional employer contributions to the plan. At December 31, 2017 and 2016 there were no forfeited account balances.

Note B – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits
Benefits are recorded when paid.

Note C – Information Certified by the Plan's Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2018, Note D, the supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2018 and the related investment activity reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification*(ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value.

Note D – Fair Value Measurements (continued)

That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end.

Collective trust funds: Valued based on the contractual terms of the underlying guaranteed investment contracts.

Interest-bearing Cash: Valued at face value which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2018 and 2017.

Note D – Fair Value Measurements (continued)

December 31, 2018	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,718,531	$ -	$ -	$ 10,718,531
Common collective trust	187,903	-	-	187,903
Interest-bearing cash	970,566	-	-	970,566
Total	$ 11,877,000	$ -	$ -	$ 11,877,000

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,418,794	$ -	$ -	$ 10,418,794
Common collective trust	139,186	-	-	139,186
Interest-bearing cash	933,356	-	-	933,356
Total	$ 11,491,336	$ -	$ -	$ 11,491,336

Note E – Corrective Distributions Payable

Distributions payable consists of amounts due to participants related to the December 31, 2018 and 2017 ADP/ACP participant testing. At December 31, 2018 and 2017, $13,650 and $2,208 were required to be distributed to these participants based on the results of these tests.

Note F – Related Party Transactions

The Plan invested in shares of common and collective trusts managed by Reliance Trust Company. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $26,296 and $23,169 for the year ended December 31, 2018 and 2017, respectively.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note H – Tax Status

The Internal Revenue Service has determined and informed ADP in a letter dated March 31, 2008 that their prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) and is exempt from federal income tax. The Plan has been amended since receiving the opinion letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note J – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2018
Net assets available for benefits per the financial statements	$ 12,586,025
Add: corrective distributions payable	13,650
Net assets available for benefits per Form 5500	$ 12,599,675

The following is a reconciliation of deductions per the financial statements to Form 5500:

	December 31, 2017
Deductions to net assets available for benefits per the financial statements	$ 1,619,022
Add: corrective distributions accrued as of December 31, 2017 and paid in 2017	2,208
Total deductions per the Form 5500	$ 1,621,230
Contribution income per the financial statements	$ 2,616,821
Add: corrective distributions accrued as of December 31, 2018 and paid in 2019	13,650
Contribution income per Form 5500	$ 2,630,471

Note K – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets, and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or $500,000. At December 31, 2018, the Plan's sponsor maintained bond coverage in the amount of $500,000.

Note L – Subsequent Events

Subsequent events were evaluated through July 16, 2019, which is the date the financial statements were available to be issued. No events have occurred that would require adjustment to, or disclosure in, the financial statements of the Plan.
