# GTCR 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2018 and 2017 and For the Year Ended December 31, 2018

## NOTE 1 - Description of the Plan

The following description of the GTCR 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

*General*

The Plan is a defined contribution plan covering generally all employees of GTCR LLC (the "Company") who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan's Board of Trustees is responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Trustees.

*Contributions*

Participants may contribute up to 75 percent of annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may designate all or a portion of their deferral contributions as either pre-tax or after tax contributions (roth). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Company made a safe harbor nonelective Company contribution equal to three percent of participant's eligible compensation, as defined by the plan document, for the year ended December 31, 2018. The Company nonelective contribution for plan year ended December 31, 2018 was $592,750. In addition the Company may contribute additional discretionary amount at the option of the Board of Trustees of the Company. There was no discretionary Company contribution approved for Plan year 2018. Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to the applicable limits of the IRC.

*Participant Accounts*

Each participant's account is credited with the participant's contributions and the Company's nonelective contribution and discretionary contributions, as applicable, as well as allocation(s) of the Plan's earnings or losses. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting*

Participants are vested immediately in their participant, company and rollover contributions plus earnings thereon.

## NOTE 1 - Description of the Plan (cont.)

*Notes Receivable From Participants*

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate of 4.25% at December 31, 2018, which is commensurate with local prevailing rates at inception of loan as determined quarterly by the plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions and are reinvested in the investment option(s) designated by the participant. Terms range from one to five years or greater for the purchase of a primary residence.

*Payment of Benefits*

Benefits may be paid to the participant or beneficiary upon termination of service due to death, disability, retirement, or other reasons, a participant may receive a lump-sum distribution equal to the value of the participant's vested interest in their account. The Plan provides for normal retirement at age 65. In-service distribution are also allowed after age of 59 1/2 years. In addition, the Plan allows for hardship distributions if certain criteria are met, as defined by the plan document.

## NOTE 2 - Summary of Significant Accounting Policies

*Basis of Accounting*

The accompanying financial statements have been prepared on the accrual basis and represent the net assets available for benefit and changes in those assets in accordance with principles generally accepted in the United States of America ("U.S. GAAP").

*Use of Estimates*

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

*Investment Valuation and Income Recognition*

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and Fidelity Management Trust Company, the trustee of the Plan ("Trustee"). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

**NOTE 2 - Summary of Significant Accounting Policies** (cont.)

*Notes Receivable from Participants*

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

*Expenses*

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments. A participant's account balance will be charged with certain fees and expenses. Asset-based fees (eg. management fees and other operating expenses) are used to cover expenses related to running an investment fund and are generally deducted directly from participant investment returns.

*Payment of Benefits*

Benefits are recorded when paid.

*Subsequent Events*

The Plan has evaluated subsequent events for recognition or disclosure through September 3, 2019, the date the financial statements were available to be issued.

**NOTE 3 - Information Certified by Trustee**

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Accordingly, the Trustee has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2018.

**NOTE 4 - Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

**NOTE 4 - Fair Value Measurements** (cont.)

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable's and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2018 and 2017.

Registered Investment Companies are valued at the daily closing price as reported by the fund. Investments in registered investment companies held by the Plan are open-end investments that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The investments held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2018 and 2017:

| | Assets at Fair Value as of December 31, 2018 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 19,987,109 | $ - | $ - | $ 19,987,109 |

| | Assets at Fair Value as of December 31, 2017 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Registered investment companies | $ 20,252,270 | $ - | $ - | $ 20,252,270 |

## NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee who invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

## NOTE 6 - Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are with the Trustee and are party-in-interest transactions. These fees are netted against investment income. These transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

## NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## NOTE 8 - Tax Status

The IRS has determined and informed the Company by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

As of December 31, 2018 and 2017, the Plan had an investment of $3,755,338 and $3,914,995 respectively, which that was concentrated in one fund.
