1. DESCRIPTION OF PLAN

The following description of Adams-Robinson Enterprises, Inc. Employee 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Adams-Robinson Enterprises, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is entirely voluntary. An eligible employee is any person employed by Adams-Robinson Enterprises, Inc. who has completed one year of continuous service and is employed on the next entry date. A year of service, for eligibility purposes, means a consecutive 12-month period in which the employee is credited with at least 1,000 hours of service. The Company also makes prevailing wage contributions to the Plan on behalf of eligible employees. Employees (other than highly compensated employees) who are performing services for the Company under a public contract subject to the Davis-Bacon Act or any state or municipal prevailing wage law are eligible to receive prevailing wage contributions under the Plan beginning on their first day of employment with the Company.

The Plan was amended effective January 1, 2017 to provide a safe harbor matching contribution for those participants who satisfy the eligibility requirements.

Contributions - Participants may contribute up to 100% of pretax compensation, subject to annual dollar limits of the Internal Revenue Code, as defined in the Plan. Participants direct the investment of their contributions and Company contributions into one or more funds offered by the Plan. Effective January 1, 2017 the Company made safe harbor matching contributions in an amount equal to 100% of elective deferral contributions that are not in excess of 3% of Plan compensation, plus 50% of elective deferral contributions that exceed 3% of Plan compensation but do not exceed 5% of Plan compensation. Prior to January 1, 2017, the Company could, but was not required to, make discretionary matching contributions to the Plan. In addition, the Company may be required to make prevailing wage contributions on behalf of eligible employees. Company matching contributions for the years ended December 31, 2017 and 2016 were $139,787 and $73,881, respectively. Company prevailing wage contributions for the years ended December 31, 2017 and 2016 were $182,133 and $436,086, respectively.

Participants' Accounts - Each participant's account is credited with its proportionate share of employee elective deferrals, the Company's safe harbor matching, discretionary matching, and prevailing wage contributions, and the Plan's earnings. Allocations of contributions and Plan earnings are based on participants' compensation or account balances, as provided in the Plan agreement. Each participant is entitled only to the benefits that can be provided from that participant's account.

Excess Contributions - Contributions made by certain active participants during a plan year are returned to them in order to satisfy the relevant nondiscrimination provisions of the Plan. Excess deferral contributions payable at December 31, 2016 and returned to participants during the year ended December 31, 2017 were $16,550. Excess deferral contributions payable at December 31, 2015 and returned to participants during the year ended December 31, 2016 were $22,563.

Vesting - Participants are immediately vested in their contributions, the Company's safe harbor matching and prevailing wage contributions, plus earnings thereon. Participants' vested interests in Company matching contributions increase from 20% for the first year of service to 100% after the fifth year.

Notes Receivable From Participants - Participants may borrow from their account up to a maximum of 50% of their total vested account balance, not to exceed $50,000, reduced by their highest outstanding note balance during the preceding twelve months. Transactions are treated as transfers between an investment fund and notes receivable. Notes receivable must be repaid within five years unless the purpose is to acquire, construct or reconstruct a principal residence. Each note is secured by the balance in the participant's account and bears a fixed rate of interest commensurate with local prevailing rates as set by the Administrative Committee. Interest rates range from 4.25% to 5.25% at December 31, 2017 and from 4.25% to 4.5% at December 31, 2016. Repayments of loans by participants must be made at least monthly by payroll deduction or check.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a lump-sum amount or over a period of time not to extend beyond the participant's life expectancy (or the life expectancy of the participant and his designated beneficiary). There were no benefits payable to terminated participants at December 31, 2017 and 2016.

Forfeiture Accounts - Forfeitures of nonvested account balances are first used to reduce administrative expenses and then used to reduce the employer's future matching contributions. Forfeitures used to reduce administrative expenses were $1,546 in 2017 and $2,067 in 2016. No forfeitures were used to reduce employer matching contributions during 2017 and 2016. Forfeited nonvested accounts at December 31, 2017 and 2016 were $12,109 and $12,152, respectively.

Tax Status - The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code (IRC) and, accordingly, the trust's net investment income is exempt from income taxes. The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving its acceptance under Section 401 of the IRC, the Plan administrator and Company believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2014 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 9, 2018, the date the financial statements were available to be issued.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts - Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

ASU 2015-12 clarifies that the measurement and presentation requirements of a fully benefit-responsive investment contract apply only to direct investments. The Plan has an indirect investment in guaranteed investment contracts with PNC Bank, National Association (PNC) as part of its common/collective trust at December 31, 2017 and 2016. Therefore the statements of net assets available for benefits presents the fair value of the investment contracts.

Investment Valuation and Income Recognition - The Plan's investments in securities are stated at fair value determined using year-end market prices which represent the net asset value of shares held by the Plan. PNC Bank, National Association provides market prices to the Plan. Unrealized gains or losses are allocated to participants' accounts. Security transactions are recorded on trade dates; the specific-identification method is used in computing gains or losses. Investment income is stated net of investment fees.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - Administrative expenses are paid by the Plan as a general charge. Administrative expenses were $37,959 and $38,218 for 2017 and 2016, respectively. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of and for the years ended December 31, 2017 and 2016 was obtained from data prepared by PNC Bank, National Association, the trustee of the Plan. The plan administrator has obtained certification from the trustee that such information is complete and accurate. The following represents the fair values of the investments in the separate identifiable funds administered by the trustee:

	2017	2016
Investments, at fair value	$ 6,599,496	$ 6,248,392
Notes receivable from participants	206,450	162,664
Interest and dividend income	278,828	220,321
Net appreciation in fair value of investments	709,823	354,299

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities are based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly

Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2017 and 2016.

Mutual and money market funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Money market funds are valued at the NAV based on the market value of the underlying assets in the money market fund.

Common/collective trust funds: Valued at the NAV of shares held by the Plan at year end, as reported to the Plan by the trustee. A fund's NAV reflects an exit price, is the same for all holders of the fund, and provides the basis for current transactions.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2017:

	Level 1	Level 2	Level 3	Total
Money market funds		$ 374,483		$ 374,483
Mutual funds	$ 6,182,824			6,182,824
Common/collective trust funds		42,189		42,189
Total investments at fair value	$ 6,182,824	$ 416,672		$ 6,599,496

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money market funds		$ 602,294		$ 602,294
Mutual funds	$ 5,609,599			5,609,599
Common/collective trust funds		36,499		36,499
Total investments at fair value	$ 5,609,599	$ 638,793		$ 6,248,392

5. NONPARTICIPANT-DIRECTED INVESTMENTS

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	2017	2016
Net assets - money market fund and common/collective trust	$ 12,109	$ 12,152
Changes in net assets:		
Forfeitures from participants	$ 1,340	$ 4,334
Earnings	163	97
Forfeitures used to reduce administrative expenses	(1,546)	(2,067)
Net increase (decrease) in net assets	$ (43)	$ 2,364

6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. RELATED PARTY AND PARTY-IN-INTEREST

Certain Plan assets are invested in a money market fund and a common/collective trust with PNC Bank, National Association. PNC Bank, National Association is the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.
