1. Description of the Plan

The following brief description of the LifeWorks US Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by LifeWorks US Inc. (the Company) effective January 1, 2017 to provide deferred tax benefits and after-tax savings to eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan covers all active employees of the Company who are at least 21 years of age, excluding residents of Puerto Rico and employees hired under an internship agreement. Enrollment is allowed on the day coinciding with or subsequent to completion of the eligibility requirements.

Contributions

Each year, participants may contribute up to the dollar limitation set forth in Section 402(g) of the Internal Revenue Code (IRC) in effect at the beginning of the Plan year. Eligible employees who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions are subject to certain limitations. Newly hired employees who become eligible to participate in the Plan are automatically enrolled at 6% of their compensation, unless another option is selected by them, with no automatic annual increases.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

The Company has elected to operate the Plan under a safe harbor provision whereby participants in the Plan receive a non-elective matching contribution of 100% of the first 1% of compensation contributed to the Plan, plus 50% of the next 5% of compensation contributed to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses). Allocations are based on participant compensation, deferrals or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of $1,000, up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Note receivable transactions are treated as a transfer between the investment fund(s) and the participant note receivable fund. The notes receivable from participants are secured by the balance in the participant's account and bear a reasonable rate of interest as defined by the Plan. Interest rates on all outstanding loans range from 3.25% to 5.25%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable were used to purchase a primary residence in which case the note receivable terms may exceed five years.

1. Description of the Plan (cont.)

Vesting

Participants are 100% vested in employee deferrals, their voluntary and rollover contributions, plus actual earnings thereon. Vesting in the Company contribution is based on years of credited service. The Plan document allows crediting for years of service for participants who terminate and rehire, subject to certain rules. A participant is 100% vested after two years of credited service.

Participants are considered fully vested in their account upon death or disability.

Payment of Benefits

On exiting the Plan due to death, disability, retirement or termination of employment, if vested benefits in the Plan exceeds $5,000, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. If a participant's vested benefit in the Plan does not exceed $5,000, a participant may elect to receive a lump sum amount or have the payment rolled over directly to another individual retirement account or eligible plan. If no election is made by the participant within the period prescribed by the Plan administrator, vested funds will be automatically rolled over. Under certain qualifying circumstances, hardship withdrawals are permitted under the Plan.

Forfeitures

Forfeited non-vested accounts totaled $41,028 and $5,161 at December 31, 2018 and 2017, respectively. Matching contribution amounts forfeited, plus earnings (losses) thereon, are used to reduce Company contributions or pay Plan expenses. During the year ended December 31, 2018, $22,493 of forfeited funds were used to pay Plan expenses.

Plan Expenses

Certain administrative expenses of the Plan are paid by the Plan. Certain other administrative expenses of the Plan are paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment fees are paid by the Plan in the form of reductions of net investment income earned by Plan participants.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales are recorded on a trade-date-basis. Investment income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2018. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Management has evaluated subsequent events through August 30, 2019, which is the date the financial statements were available to be issued.

3. Summary of Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, T. Rowe Price Trust Company (T. Rowe Price) has certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedule as of December 31, 2018 and 2017, and for the year ended December 31, 2018 is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2018 and 2017.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust - The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2018 and 2017.

December 31, 2018	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 13,762,732**	**$ -**	**$ -**	**$ 13,762,732**
Common collective trust, at net asset value*				**609,991**
Total investments, at fair value				**$ 14,372,723**

December 31, 2017	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,092,558	$ -	$ -	$ 15,092,558
Common collective trust, at net asset value*				786,283
Total investments, at fair value				$ 15,878,841

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statement of net assets available for benefits.

Fair value of investments in certain entities that calculate NAV per share (or its equivalent) is as follows:

Investment	**Fair Value 2018**	Fair Value 2017	**Unfunded Commitments**	**Redemption Frequency**	**Redemption Notice Period**
Common collective trust	**$ 609,991**	$ 786,283	**None**	**Immediate**	**None**

5. Tax Status

The Plan is based on the Volume Submitter Profit Sharing Plan with CODA (volume submitter plan) of T. Rowe Price Retirement Plan Services, Inc. which received an opinion letter from the IRS dated March 31, 2014, stating that the volume submitter plan was designed in accordance with the provisions of the Internal Revenue Code (IRC). The Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that, as of December 31, 2018, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become fully vested in their Company contributions.

7. Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the financial statements.

8. Related Parties and Party-In-Interest Transactions

Certain Plan investments are managed by T. Rowe Price Trust Company. These transactions, as defined by the Plan, qualify as party-in-interest transactions. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.
