NOTES TO FINANCIAL STATEMENTS

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 1 - Description of the Plan

The following description of the New West Physicians 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of New West Physicians, P.C. (the "Company") or New West Management Services Organization, Inc. (a participating employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Employees who have at least six months of service and who are age 21 or older are eligible to participate in the Plan.

The Company is the plan sponsor. The UnitedHealth Group Employee Benefits Plans Administrative Committee ("Plan Administrator") is responsible for oversight of the Plan. The UnitedHealth Group Employee Benefits Plans Investment Committee ("Investment Committee") determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions

Participants may elect to contribute a percentage up to 100% of their eligible compensation to the Plan each year, up to the maximum dollar amount permissible under the Internal Revenue Code (the "Code"). Elective contributions include pre-tax deferrals, Roth deferrals, and rollover contributions.

Participants who have attained age 50 before the end of the plan year may make additional catch-up contributions, subject to limitations imposed by the Code.

The Company makes a safe-harbor matching contribution equal to 100% of contributions up to 3% of eligible compensation, plus 50% of the next 2% of eligible compensation for a maximum contribution of 4% per payroll period as defined in the Plan document. The Company made a discretionary matching contribution of 100% of contributions up to 6% of eligible compensation. Additional discretionary contributions may also be made by the Company. For the Plan year ended December 31, 2018, the Company made no additional discretionary matching contributions to eligible participants.

Participant Accounts

Each participant's account is credited with the participant's deferral and catch-up contributions, rollover contributions, safe-harbor matching contributions, discretionary matching contributions, additional discretionary contributions, if any, and Plan earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments Classification

All investments are participant directed. The Plan is intended to comply with ERISA section 404(c). Participants have the right to individually select the percentage of their accounts to be invested among different classifications of investments made available to them through a registered investment company.

New West Physicians 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 1 - Description of the Plan (cont.)

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, safe-harbor matching contributions and earnings thereon. Discretionary matching contributions and additional discretionary contributions and earnings thereon vest in accordance with provisions of the Plan as follows:

<u>Years of Service</u>	<u>Vesting</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 or more	100%

Notwithstanding the vesting schedule above, discretionary matching contributions and additional discretionary contributions, if any, will become fully vested (100%) upon the occurrence of any of the following events while the participant is employed by the Company: death, attainment of normal retirement age (age 65), disability, partial plan termination with respect to the participant, complete termination of the Plan or complete discontinuance of employer contributions.

Forfeited Accounts

As of December 31, 2018 and 2017, forfeited nonvested accounts totaled \$103,757 and \$81,133, respectively. During the year ended December 31, 2018, \$78,294 was used from forfeiture accounts to reduce Company contributions and to pay certain administrative expenses. At the discretion of the Company, forfeitures can be allocated to participants.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, age 59 ½, retirement, and termination of employment as defined in the Plan document. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment. An involuntary distribution will be made for participants that have terminated service and have an account balance with a vested interest value of \$1,000 or below.

With the Plan Administrator's approval, participants may withdraw all or a part of their aggregate contributions in the event of financial hardship.

There are no amounts owed to participants who had elected to withdraw from the Plan, but had not been paid as of December 31, 2018 and 2017.

Notes Receivable from Participants

Participants may borrow from their account balance a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 (subject to reduction for certain loan balances in the prior 12 months) or 50% of their vested account balance. These loans are secured by the balance in the participant's account. The loans bear interest at rates which are commensurate with local prevailing rates at the date of inception of the loan as determined quarterly by the Plan Administrator. All loans are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings unless the participant is paying the loan in full.

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2018 and 2017.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

New West Physicians 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Subsequent Events

Subsequent events have been evaluated through September 3, 2019, the date of the financial statements were approved and available to be issued.

NOTE 3 - Information Prepared and Certified by Trustee

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2018 and 2017. Accordingly, Fidelity Management Trust Company (the "Trustee") has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2018, and the related investment and note receivable activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018.

NOTE 4 - Fair Value of Financial Instruments

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan can access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs for the asset.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 4 - Fair Value of Financial Instruments (cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the daily closing price reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: Valued at the closing price reported on the active market on which the funds are traded.

Self-directed brokerage accounts: The self-directed brokerage account allows participants the opportunity to invest in a wide array of individual securities including stocks, corporate bonds, zero-coupon bonds, U.S. Treasury securities, mortgage securities and U.S. government agency bonds, certificates of deposit, unit investment trusts, foreign securities, exchange-traded funds, and mutual funds. The investments are primarily valued using the methodology described above for mutual funds, the closing price reported on active markets on which securities are traded, or using price models maximizing the use of observable inputs for similar securities.

The table below presents the balances of assets and liabilities measured at fair value on a recurring basis by level within the hierarchy.

December 31, 2018				
	Total	Level 1	Level 2	Level 3
Mutual funds	\$ 49,204,433	\$ 49,240,433	\$ -	\$ -

December 31, 2017				
	Total	Level 1	Level 2	Level 3

Money market fund	1,668,425	1,668,425	-	-

Total investments at fair value	<u>\$ 62,070,038</u>	<u>\$ 62,070,038</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 5 - Administration of Plan Assets

The Plan's assets are administered under a contract with the Trustee of the Plan. The Trustee invests funds received from contributions, investment sales, interest, and dividend income and makes distribution payments to participants.

New West Physicians 401(k) Retirement Plan

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2018 and 2017 and for the Year Ended December 31, 2018

NOTE 6 - Related Party and Party-in-interest Transactions

Certain of the Plan's investments are managed by the Trustee, and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment manager services are included in net depreciation in fair value of investments. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as exempt party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

NOTE 7 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 8 - Tax Status

The Plan uses a volume submitter document sponsored by Fidelity Management & Research Company. The volume submitter sponsor received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014, which states the volume submitter document satisfies the applicable provisions of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2018 and 2017, the Plan had investments of \$6,603,634 and \$6,658,538, respectively, concentrated in one investment.
