Note 1: Description of Plan

The following description of the Auto Town, Inc., 401(k) Plan provides only general information. Participants should refer to the Plan agreement and Summary Plan Description for a more complete description of the Plan's provisions.

General. The Auto Town, Inc., 401(k) Plan is a defined contribution plan and was established to provide retirement benefits for the employees of Auto Town, Inc. ("the Company"), the Plan sponsor. Eligible employees become participants in the Plan following one year of service, completion of 1,000 hours of service, and attainment of age 21, as defined in the plan agreement. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions. Employer contributions, if any, may include employer matching contributions, employer discretionary matching contributions, and employer discretionary contributions. There were no employer contributions for the 2018 plan year. Participant contributions consist of participant pre-tax elective deferrals, and rollover contributions.

Total contributions, both participant and employer, including discretionary, are subject to the limits of the Internal Revenue Code Section 415(c). Participant contributions and employer matching contributions of certain highly compensated participants may also be limited based on contribution nondiscrimination tests described in Internal Revenue Code Sections 401(k) and 401(m).

Employer discretionary contributions, if any, are allocated to participants employed on the last day of the plan year in the same ratio as each participant's eligible compensation bears to the total eligible compensation of all participants. Employer discretionary matching contributions to the Plan, if any, are allocated as of the last day of the plan year to the account of each participant who elects to have deferred cash contributions made under the Plan, and who is employed with the employer on the last day of the plan year.

Participant Accounts and Vesting. Each participant's account is credited with the participant's contribution, the employer's contribution, if any, and an allocation of the Plan's earnings. The Plan's earnings are allocated according to participants' relative account balances in the investment options.

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. That portion of the participants' account attributable to employer matching contributions vests ratably over six years of service. Participants' accounts become fully vested upon attainment of the normal retirement age of sixty five, early retirement age as defined in the Plan Agreement, or in the event of death or total disability.

Net assets available for benefits includes the accounts of active participants, as well as certain separated, vested and retired participants who have elected to defer receipt of their benefit until a later date. These participants share in the earnings of the investments held in their account.

Forfeitures. The forfeited non-vested portion of terminated employees account balances are used as additional employer contributions or pay administrative expenses. In 2018, there were $0 of forfeitures generated from forfeited non-vested accounts. No forfeitures were used during 2018. As of December 31, 2018 there were $13 of unused forfeitures available to pay plan expenses or to be used as additional employer contributions.

Risks and Uncertainties. The Plan provides for various investment options which are exposed to a various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is possible that changes in the values of investments will occur in the near term and would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 1: Description of Plan (continued)

Payment of Benefits. On termination of service, normal retirement, or death, a participant may elect to receive a distribution of their vested account balance in a single lump-sum in cash, in equal installments, or in any amounts and at any time (Ad-Hoc). All investments available in the plan will allow for daily redemptions with no redemption notice period required.

In certain hardship situations, as described in the plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship.

Notes Receivable from Participants. Notes receivable are not provided for in this plan.

Plan Termination. Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time. In the event of termination, the respective participant interest, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with Plan documents.

Investment Options. Upon enrollment in the Plan, a participant may direct their contributions in various increments to the investments administered by Empower Retirement. Participants may change their investment options among various mutual funds and collective trust funds.

Amendments. There were no plan amendments in 2018.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition. The Plan's investments with Empower Retirement at December 31, 2018 consist of collective trust funds (CTFs), mutual funds, and stable value funds. CTFs are stated at fair value and the Drive Income Fund (stable value fund) is stated at contract value as determined by Great-West Trust Company, LLC, the trustee of the Plan. Mutual funds are stated at fair value based on quoted market prices.

Use of Estimates. The preparation of financial statements in conformity with generally accepted accounting principles in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events. Plan management has evaluated subsequent events for disclosure in these financial statements through August 21, 2019 the date the financial statements were available to be issued.

Note 3: Information Certified by Trustee

Great-West Trust Company, LLC, the trustee of the Plan, has certified as to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2018 and 2017, the investment activities and interest income from participant notes reflected on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2018, and all investment information reflected in the supplemental Schedule of Assets Held for Investment Purposes at December 31, 2018, in accordance with 29 CFR 2520.103-8(c) of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This information has been certified as complete and accurate to the best of their knowledge and is summarized below:

	2018	2017
Investments at fair value	$ 5,013,791	$ 5,489,893
Investments at contract value (Drive Income Fund)	118,955	340,590
Dividend income	113,697	
Net appreciation in value of investments	(457,427)	

Note 4: Fair Value Measurements

Financial Accounting Standards Board ASC 820-10 (formerly FASB Statement No. 157, Fair Value Measurements), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets:

Quoted prices for identical or similar assets or liabilities in inactive markets;

Inputs other than quoted prices that are observable for the asset or liability;

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 4: Fair Value Measurements - continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018 and 2017.

Mutual funds: Valued at the net asset value ('NAV') of shares held by the plan at year end based on quoted market prices

Collective Trust Funds (CTFs): Valued at net asset value ('NAV') as provided by Great-West Trust Company, LLC, the trustee of the Plan, based on the number of units held, and market prices of the underlying mutual fund investments. The NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, the Plan's assets at fair value as of December 31, 2018 and 2017:

Asset Hierarchy as of December 31, 2018

	Level 1	Level 2	Level 3	Total

Total investments measured at NAV	-	-	-	4,342,777
Total assets at fair value	$ 1,147,116	$ -	$ -	$ 5,489,893

Note 5: Stable Value Fund - Drive Income Fund

The Drive Income Fund is a stable value fund, held as a common collective trust fund, that seeks to preserve capital, provide sufficient liquidity to pay benefits to participants and beneficiaries, and provide stable and predictable returns. The Income Fund is fully benefit responsive and withdrawals are made at contract value for qualified benefit payments including participant directed transfers. Under certain circumstances, non-benefit related withdrawals from the fund, such as the termination of a participating plan, may be transacted at fair value which may be lower than contract value. There minimum crediting rate is no less than 0%.The contract value is as follows:

	2018	2017
Traditional stable value investment contract	$ 118,955	$ 340,590

Note 6: Tax Status

The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has obtained a favorable tax determination letter from the Internal Revenue Service dated March 31, 2014. The Plan has been amended since receiving the determination letter, and the Plan sponsor believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator evaluates tax positions taken by the plan and recognizes a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administration has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2018, there are no uncertain positions. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2015.

Note 7: Investment and Administrative Fees

The Plan paid $23,752 in record keeping and administrative fees to Empower. These administrative fees, include a base rate per plan, a $20 per year charge per participant, an asset charge of .40%, and participant transaction fees. Empower also receives indirect record keeping compensation paid by each mutual fund or collective trust fund ("CTF") that is part of the Plan. The fee is based on average assets held in each fund, and the rate varies by underlying mutual fund provider. Total investment expenses charged by each mutual fund or CTF, not including record keeping fees of .40%, range from .01% to .95% of average assets depending on which investments are selected. The estimated investment expenses in total, including the asset charge, are .93% of average assets at December 31, 2018.

Note 8: Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits and net increase in assets available for benefits per the financial statements at December 31, 2018 and 2017 to the amounts shown on schedule H of the Form 5500. The Form 5500 for 2018 and 2017 has been prepared on a cash basis and doesn't include contributions receivable or corrective distributions payable at December 31, 2018 or 2017.

Note 9: Reconciliation to Form 5500 - continued

	2018	2017
Net assets available for benefits per financial statements	$ 5,096,816	$ 5,830,483
Add corrective distributions payable at December 31,	35,930	-
Net Assets per schedule H of form 5500	$ 5,132,746	$ 5,830,483

Add corrective distributions payable at December 31, 2018	35,930	
Total income (loss) per form 5500	$ (697,737)	

Note 10: Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Some of the plan investments are Collective Trust Funds managed by Great-West, the trustee. Great-West is the investment advisor for these investments, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Great-West for investment management services of these collective trust funds is included as a reduction of the return on each fund. Notes receivable from participants also reflect party-in-interest transactions.

Note 11: Excess Contributions

For the year ending December 31, 2018, the Plan was required to make $35,930 of corrective distributions to satisfy the relevant nondiscrimination provisions of the Plan. This amount is included in the plan's statement of net assets available for benefits as excess contributions payable at December 31, 2018.
