Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Dohmen Life Science Services, LLC 401(k) Plan (Plan), which comprise the statement of net assets available for benefits as of December 31, 2018, the related statement of changes in net assets available for benefits for the nine month period ended December 31, 2018 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the nine month period ended December 31, 2018, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of assets (held at end of year) as of December 31, 2018 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance with Department of Labor Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Fidelity Management Trust Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Notes to Financial Statements
December 31, 2018

1. Description of Plan and Significant Accounting Policies

General

The Dohmen Life Science Services, LLC 401(k) Plan (Plan) is a defined contribution plan offered to all eligible full-time employees of Dohmen Life Science Services, LLC (Company) who are at least 21 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following are descriptions of the more significant characteristics of the Plan. For a complete description, participants should refer to the Summary Plan Description.

Contributions

The Plan provides for all participant contributions to be made with tax-deferred or after-tax Roth dollars under Section 401(k) of the Internal Revenue Code (IRC). The tax-deferred contributions are excluded from the participant's current wages for federal income tax purposes. The maximum employee contribution as determined by the IRC for 2018 was \$18,500 with an additional \$6,000 of catch-up contributions allowed for participants age 50 and older.

The Company must make a safe harbor matching contribution equal to 100% of eligible participant salary deferrals that do not exceed 4% of compensation. At its discretion, the Company may make a discretionary nonelective contribution on behalf of participants. To be eligible for the Company contributions, a participant must have completed 6 months of service during the year the contribution is made. In addition, participants must also have to have completed 501 hours of service and be employed on the last day of the Plan year to receive the discretionary nonelective contribution.

No federal income tax is paid on the tax-deferred contributions and growth thereon until the participant withdraws them from the Plan.

Contributions from participants are recorded when the Company makes payroll deductions from Plan participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company contributions and investment earnings. Allocations of the Company contributions and forfeited balances are based on the ratio of a participant's compensation to the compensation of all participants eligible to share in the Company contributions. Allocations of investment earnings are based on the participant's account balance (in each fund) in relation to all account balances.

Vesting

Participants are immediately vested in their tax-deferred contributions, after-tax Roth contributions, rollover contributions, safe harbor matching contributions, and related earnings. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan, are considered 100% vested. Participants become 100% vested in their discretionary nonelective contributions, if made, and related earnings after five years of service.

Notes to Financial Statements
December 31, 2018
(Continued)

1. Description of Plan and Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants represent the loans to participants for the purchase of a primary residence, education expenses, medical expenses, or to prevent eviction or foreclosure. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account; bear interest at rates between 4.25% and 6.25% which is commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Payment of benefits

Benefits are recorded when paid. On termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Participants may also receive distributions while they are still employed by the Company. Distributions available to participants while they are still employed by the Company may be subject to certain income tax penalties for withdrawals or distributions prior to age 59 $\frac{1}{2}$.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined in the Plan, represents a forfeiture. Forfeitures of non-vested Company contributions are to be retained in the Plan and used to offset Plan expenses or future Company contributions. At December 31, 2018, forfeited non-vested accounts totaled \$3,584. During the nine month period ended December 31, 2018, there were no forfeitures used to offset Plan expenses or Company contributions.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Options

Participants may direct their contributions and Company contributions and redistribute accumulated contributions between various investment options maintained by the Plan.

The Plan is designed to satisfy the requirements under Section 404(c) of ERISA, and therefore provides that participants may choose to direct contributions, and all or part of their account balances, among any of the Plan's investment alternatives on a daily basis.

1. Description of Plan and Significant Accounting Policies (Continued)

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis.

Valuation of Investments

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices that are observable for securities, either directly or indirectly. Examples include matrix pricing utilizing yield curves, prepayment speeds, credit risks, etc.; quoted prices for similar assets in active markets; and inputs derived from observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses and unrealized appreciation and depreciation of plan assets are reported in the statements of changes in net assets available for benefits as net appreciation in fair value of investments.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2018.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of shares of a bank collective trust held by the Plan at year-end. The NAV is based on the fair value of the underlying investments held by the fund. Participant transactions (issuances and redemptions) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

1. Description of Plan and Significant Accounting Policies (Continued)

Administrative Expenses

Administrative expenses of the Plan are generally paid by the Plan and include audit fees, transaction fees paid to a third party administrator, and investment broker advice fees.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Information Certified by Third Party

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from Fidelity Management Trust Company (Fidelity), that all of the information provided by them is complete and accurate. All investment related amounts and information disclosed in the accompanying financial statements, notes to financial statements and supplemental schedule, including investments held at December 31, 2018, the net appreciation in fair value of investments, interest and dividends are presented in reliance solely upon those certifications.

The Plan's independent auditors did not perform any auditing procedures generally accepted in the United States of America with respect to the above information, except for comparing such information as certified by the Trustee to the related amounts included in the accompanying financial statements, notes to financial statements and supplemental schedule.

3. Investments

The following summarizes the classification of investments by classification and method of valuation in accordance with U.S. GAAP:

Description	Assets at Fair Value as of December 31, 2018			
	Total	Level 1	Level 2	Level 3
Interest-bearing cash	\$ 7,103	\$ 7,103	\$ ---	\$ ---
Mutual funds	30,624,739	30,624,739		
Total assets in the fair value hierarchy	30,631,842	\$ 30,631,842	\$ ---	\$ ---
Investments measured at NAV (a):				
Common/collective trusts	1,429,087			
Total	\$ 32,060,929			

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

3. Investments (Continued)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2018:

		<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Common/collective trusts	\$	1,429,087	N/A	Daily	None

4. Tax Status

The Plan is a prototype plan adopted from the prototype plan sponsor. The prototype plan sponsor has received a notification letter from the Internal Revenue Service (IRS) which indicates that the form of the prototype plan is acceptable under the IRC. The Plan has not received a determination letter from the IRS. However, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Department of Labor or IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Risks and Uncertainties

The Plan's investments are exposed to various risks of loss, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

6. Party-in-Interest Transactions

All transactions involving Fidelity, the Company or plan participants are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

7. Subsequent Events

Plan management has evaluated subsequent events through the date the financial statements were available to be issued (July 12, 2019), for possible inclusion as a disclosure in the notes to the financial statements. Subsequent to year end, on January 1, 2019, the Company completed a merger with six other organizations, and the new company & plan sponsor is organized as EVERSANA.

Plan Administrator and Participants
Dohmen Life Science Services, LLC 401(k) Plan
Milwaukee, Wisconsin

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Dohmen Life Science Services, LLC 401(k) Plan (Plan) as of and for the nine month period ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by U.S. generally accepted auditing standards and did not include a consideration of internal control relating to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We have conducted a DOL limited-scope audit of the financial statements of the Plan for the nine month period ended December 31, 2018 and have issued our report thereon dated July 12, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 2 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedule taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 20, 2019. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Dohmen Life Science Services, LLC 401(k) Plan are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the nine month period ended December 31, 2018. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- The fair value of the Plan's investments in non-publicly traded securities. We evaluated the key factors and assumptions used to develop the valuation in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

- The disclosure of risks and uncertainties in Note 5 to the financial statements which points out that the Plan's assets are subject to market volatility and could decline significantly in future periods

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Significant Audit Findings (Continued)

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. You have represented to us in your letter dated July 12, 2019 that you have considered the effects of uncorrected misstatements and that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated July 12, 2019.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.
