EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements
December 31, 2018 and 2017

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor is Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. An eligible employee is defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Vanguard Fiduciary Trust Company is one of the trustees and recordkeeper of the Plan.

[2] Employer contributions:

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. A union contract was entered into and became effective on March 5, 2017 and the contribution amount is set as a provision of this contract, which expires in March 2020. The contract states that each eligible employee will receive a contribution equal to \$46 per month from March 5, 2017 to March 5, 2018, \$46.50 per month from March 6, 2018 to March 5, 2019, and \$47 per month from March 6, 2019 to March 7, 2020.

[3] Participant accounts:

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants are provided with a selection of registered investment companies (mutual funds) and a common/collective trust held by Vanguard Fiduciary Trust Company (“Vanguard”) in which to invest contributions. Earnings are credited to each participant's account based upon the performance of the respective funds selected by the participant. Participants are charged with an allocation of administrative expenses, based on account balances or specific transactions, as defined. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

[4] Vesting:

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65), early retirement (age 55, with 10 years of service) or termination of service for other reasons, a participant (or the beneficiary) may receive the value of the vested interest in his or her account as a joint and survivor annuity, a single life annuity or a lump-sum distribution.

[6] Forfeitures:

If a participant permanently terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses. Effective January 1, 2016, the Plan document was amended to allow for forfeitures to be used to reduce employer contributions. As of December 31, 2018 and 2017, forfeited nonvested accounts available were approximately \$2,000 and \$5,000, respectively. For the Plan year ended December 31, 2018, approximately \$20,000 of forfeited nonvested accounts were used to reduce employer contributions.

[7] Plan transfers:

Plan transfers represent transfers to the Keystone Foods LLC Salaried 401(k) Profit Sharing Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

[6] Recent accounting pronouncement ASU 2018-13:

In August, 2018, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this update apply to all entities that are required to make disclosures about recurring or nonrecurring fair value measurements. Certain of the disclosures that are required by the amendments are not required for nonpublic entities. ASU 2018-13 eliminates, adds and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent annual period presented in the year of adoption. All other amendments should be applied retrospectively to each period for which the financial statements are presented. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date.

The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2018. The amendment has been applied prospectively and retrospectively to applicable amendments as defined above for all periods presented.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for benefits for the year ended December 31, 2018 and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 or 2017.

Registered investment companies – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust – The Plan invests in the Vanguard Retirement Savings Trust ("VRST"), which is a common/collective trust. The VRST seeks stability of principal and a high level of current income consistent with a 2-3 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invests solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's investment in the Trust is valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Trust, less its liabilities. The Trust investments are comprised of alternative investment contracts, traditional insurance contracts as well as cash equivalents at approximately 91%, 4%, and 5%, respectively, as of December 31, 2018 and 93%, 4%, and 3%, respectively, as of December 31, 2017. There are no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made twelve months prior to the designated valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017:

Investment Assets at Fair Value as of December 31, 2018				
	Level 1	Level 2	Level 3	Total
Investments:

Total investment assets at fair value				<u>\$ 1,792,316</u>

Investment Assets at Fair Value as of December 31, 2017				
	Level 1	Level 2	Level 3	Total
Investments:

	<u>\$ 1,911,171</u>	<u>\$ -</u>	<u>\$ -</u>	<u>1,911,171</u>
Common/collective trust, measured at NAV (A)				<u>4,100</u>
Total investment assets at fair value				<u>\$ 1,915,271</u>

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Notes to Financial Statements December 31, 2018 and 2017

NOTE E - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the Plan is qualified under the Internal Revenue Code ("IRC") and the related trust, as established under that Plan, was exempt from taxation. The Plan has been amended since the date of the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2018 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - REGISTERED INVESTMENT COMPANIES FEES

Investments in registered investment companies (mutual funds) are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Company shall make no further contributions to the Plan and participants would become immediately vested in their employer contributions.

NOTE J - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through July 26, 2019, which is the date the financial statements were available to be issued.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor is Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. An eligible employee is defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Vanguard Fiduciary Trust Company is one of the trustees and recordkeeper of the Plan.

[2] Employer contributions:

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. A union contract was entered into and became effective on March 5, 2017 and the contribution amount is set as a provision of this contract, which expires in March 2020. The contract states that each eligible employee will receive a contribution equal to \$46 per month from March 5, 2017 to March 5, 2018, \$46.50 per month from March 6, 2018 to March 5, 2019, and \$47 per month from March 6, 2019 to March 7, 2020.

[3] Participant accounts:

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants are provided with a selection of registered investment companies (mutual funds) and a common/collective trust held by Vanguard Fiduciary Trust Company (“Vanguard”) in which to invest contributions. Earnings are credited to each participant's account based upon the performance of the respective funds selected by the participant. Participants are charged with an allocation of administrative expenses, based on account balances or specific transactions, as defined. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

[4] Vesting:

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65), early retirement (age 55, with 10 years of service) or termination of service for other reasons, a participant (or the beneficiary) may receive the value of the vested interest in his or her account as a joint and survivor annuity, a single life annuity or a lump-sum distribution.

[6] Forfeitures:

If a participant permanently terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses. Effective January 1, 2016, the Plan document was amended to allow for forfeitures to be used to reduce employer contributions. As of December 31, 2018 and 2017, forfeited nonvested accounts available were approximately \$2,000 and \$5,000, respectively. For the Plan year ended December 31, 2018, approximately \$20,000 of forfeited nonvested accounts were used to reduce employer contributions.

[7] Plan transfers:

Plan transfers represent transfers to the Keystone Foods LLC Salaried 401(k) Profit Sharing Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date.

The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2018. The amendment has been applied prospectively and retrospectively to applicable amendments as defined above for all periods presented.

The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Notes to Financial Statements December 31, 2018 and 2017

NOTE E - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the Plan is qualified under the Internal Revenue Code ("IRC") and the related trust, as established under that Plan, was exempt from taxation. The Plan has been amended since the date of the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2018 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - REGISTERED INVESTMENT COMPANIES FEES

Investments in registered investment companies (mutual funds) are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940. These annual fees are used to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity, and thus not separately identifiable as an expense.

NOTE I - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the Company shall make no further contributions to the Plan and participants would become immediately vested in their employer contributions.

Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information discussed in Note C, which was certified by Vanguard Fiduciary Trust Company ("Vanguard"), one of the trustees of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that this trustee holds the Plan's investment assets and executes investment transactions. NOTE A - DESCRIPTION OF THE PLAN

The following description of the Equity Group – Alabama Division Money Purchase Pension Plan (the “Plan”) provides only general information. The Plan sponsor is Keystone Foods LLC (the “Company”). Participants should refer to the Plan document for a more complete description of the Plan's provisions.

[1] General:

The Plan is a money purchase pension plan covering eligible employees who have completed at least one year of service and are at least 18 years of age. An eligible employee is defined as any employee who is (a) compensated on an hourly basis, (b) employed by the Equity Group - Alabama Division of the Company and (c) covered by the Collective Bargaining Agreement. An employee will become eligible to enter the Plan on the first day of the calendar month coinciding with, or subsequent to, the date the participant meets the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Vanguard Fiduciary Trust Company is one of the trustees and recordkeeper of the Plan.

[2] Employer contributions:

The Company contributes a set amount for each calendar month in which an eligible employee completes at least five days of service. A union contract was entered into and became effective on March 5, 2017 and the contribution amount is set as a provision of this contract, which expires in March 2020. The contract states that each eligible employee will receive a contribution equal to \$46 per month from March 5, 2017 to March 5, 2018, \$46.50 per month from March 6, 2018 to March 5, 2019, and \$47 per month from March 6, 2019 to March 7, 2020.

[3] Participant accounts:

Individual accounts are maintained for each of the Plan's participants to include the employer's contributions, as well as the participant's share of the Plan's investment income and expenses. Participants are provided with a selection of registered investment companies (mutual funds) and a common/collective trust held by Vanguard Fiduciary Trust Company (“Vanguard”) in which to invest contributions. Earnings are credited to each participant's account based upon the performance of the respective funds selected by the participant. Participants are charged with an allocation of administrative expenses, based on account balances or specific transactions, as defined. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly.

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may change their investment options at any time.

[4] Vesting:

Participants become vested in the employer contributions and the earnings or losses thereon over a five-year vesting schedule as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	100%

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[5] Benefit payments:

Upon termination of service due to death, disability, retirement (age 65), early retirement (age 55, with 10 years of service) or termination of service for other reasons, a participant (or the beneficiary) may receive the value of the vested interest in his or her account as a joint and survivor annuity, a single life annuity or a lump-sum distribution.

[6] Forfeitures:

If a participant permanently terminates his or her employment for reasons other than death, disability, or retirement, and the participant is not fully vested, the nonvested balance in his or her account is forfeited as of the last day of the Plan year in which the termination occurred. Forfeitures of terminated participants' nonvested employer contributions will first be used to reinstate previously forfeited accounts of former participants rehired prior to a five-year break in service or will be used to pay administrative expenses. Effective January 1, 2016, the Plan document was amended to allow for forfeitures to be used to reduce employer contributions. As of December 31, 2018 and 2017, forfeited nonvested accounts available were approximately \$2,000 and \$5,000, respectively. For the Plan year ended December 31, 2018, approximately \$20,000 of forfeited nonvested accounts were used to reduce employer contributions.

[7] Plan transfers:

Plan transfers represent transfers to the Keystone Foods LLC Salaried 401(k) Profit Sharing Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The accompanying financial statements are prepared under the accrual method of accounting.

[2] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

[3] Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[4] Payment of benefits:

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[5] Plan expenses:

Certain expenses incurred in connection with the administration of the Plan are paid by the Company.

[6] Recent accounting pronouncement ASU 2018-13:

In August, 2018, Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2018-13, *Fair Value Measurement (Topic 820) Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement*. The amendments in this update apply to all entities that are required to make disclosures about recurring or nonrecurring fair value measurements. Certain of the disclosures that are required by the amendments are not required for nonpublic entities. ASU 2018-13 eliminates, adds and modifies certain disclosure requirements for fair value measurements as part of its disclosure framework project. ASU 2018-13 is effective for fiscal years beginning after December 15, 2019 and interim periods within those fiscal years. The amendments on changes in unrealized gains and losses, the range and weighted average of significant unobservable inputs used to develop Level 3 fair value measurements, and the narrative description of measurement uncertainty should be applied prospectively for only the most recent annual period presented in the year of adoption. All other amendments should be applied retrospectively to each period for which the financial statements are presented. Early adoption is permitted. An entity is permitted to early adopt any removed or modified disclosures and delay adoption of the additional disclosures until their effective date.

The Plan elected to adopt ASU 2018-13 as of and for the year ended December 31, 2018. The amendment has been applied prospectively and retrospectively to applicable amendments as defined above for all periods presented.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Vanguard Fiduciary Trust Company, one of the trustees of the Plan, has certified to the completeness and accuracy of all investments and related investment activity in the accompanying statements of net assets available for benefits as of December 31, 2018 and 2017, the statement of changes in net assets available for benefits for the year ended December 31, 2018 and the supplemental schedule of assets (held at end of year) as of December 31, 2018.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

EQUITY GROUP – ALABAMA DIVISION MONEY PURCHASE PENSION PLAN

Notes to Financial Statements December 31, 2018 and 2017

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 - Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; or (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2018 or 2017.

Registered investment companies – Shares of registered investment companies (mutual funds) are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust – The Plan invests in the Vanguard Retirement Savings Trust ("VRST"), which is a common/collective trust. The VRST seeks stability of principal and a high level of current income consistent with a 2-3 year average maturity. The trust is a tax-exempt collective trust invested primarily in investment contracts issued by insurance companies and commercial banks, and similar types of fixed-principal investments. The VRST invests solely in the Vanguard Retirement Master Trust (the "Trust"). The VRST's investment in the Trust is valued at the NAV of the units in the trust. The NAV, as provided by Vanguard, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the Trust, less its liabilities. The Trust investments are comprised of alternative investment contracts, traditional insurance contracts as well as cash equivalents at approximately 91%, 4%, and 5%, respectively, as of December 31, 2018 and 93%, 4%, and 3%, respectively, as of December 31, 2017. There are no unfunded commitments related to the VRST. If the Plan were to make a full accumulated book value withdrawal from the VRST, a written request must be made twelve months prior to the designated valuation date.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2018 and 2017:

Investment Assets at Fair Value as of December 31, 2018

Common/collective trust, measured at NAV (A)				<u>4,100</u>
Total investment assets at fair value				<u>\$ 1,915,271</u>

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Changes in fair value levels:

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

NOTE E - TAX STATUS

On February 13, 2012, the Plan obtained its latest determination letter in which the Internal Revenue Service stated that the Plan is qualified under the Internal Revenue Code ("IRC") and the related trust, as established under that Plan, was exempt from taxation. The Plan has been amended since the date of the determination letter; however, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2018, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments are shares of registered investment companies and a common/collective trust managed by Vanguard. Vanguard is a trustee as defined by the Plan and, therefore, transactions related to these investments qualify as party-in-interest transactions.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
