Independent Auditor's Report

To the Trustees of
TUV SUD America, Inc. 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TUV SUD America, Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TUV SUD AMERICA, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF PLAN

The following description of the TUV SUD America, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- a. **General** - The Plan is a defined contribution plan covering all eligible full-time employees of TUV SUD America, Inc. (the Plan Sponsor) and TUV SUD Group (collectively, the Company), who have reached twenty-one years of age, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. **Contributions** - Each year, participants may contribute up to one hundred percent of pretax annual compensation, as defined in the Plan document. Effective July 1, 2014, the Plan has a Roth component in which participants can elect to make after-tax deferral contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make, at the discretion of the Board of Directors, a matching contribution. In 2017, the Company made matching contributions equal to fifty percent of the first six percent of compensation that a participant contributes to the Plan. The Company may also make discretionary profit sharing contributions, as determined by the Company's Board of Directors. For the year ended December 31, 2017, the Company did not elect to make any discretionary profit sharing contributions.

- c. **Participant Accounts** - Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting** - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	25%
2	50%
3	75%
4	100%

- e. **Payment of Benefits** - The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65 or early retirement of 55. Upon termination of service, a participant may receive a lump-sum amount, installment payments, or partial withdrawals of at least \$100, equal to the value of his or her vested account. There are also retirement benefits available upon late retirement, disability and death.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code (the Code) or standards established by the Secretary of the Treasury or his delegate.

Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF PLAN (Continued)

- f. **Notes Receivable from Participants** - Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan allowed is \$1,000. The loans are secured by the balance in the participant's account. Interest is due on the outstanding principal balance at the rate a bank would charge for a loan of that type. The loans bear interest at rates ranging from 4.75% to 5.25%, payable at various maturities of one to ten years. Principal and interest are paid ratably through payroll deductions.
- g. **Forfeited Accounts** - At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$41,879 and \$14,427, respectively. These accounts can be used to reduce administrative expenses or future employer contributions. In 2017, the Plan did not use any funds from the forfeited non-vested accounts to reduce Company contributions or Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to accounting principles generally accepted in the United States of America (U. S. GAAP) in these footnotes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed investment contract is reported at contract value. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses are recognized as incurred upon sale or maturity of investments and unrealized gains and losses are based on market value changes during the period. Net appreciation in fair value of investments includes realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes to Financial Statements
December 31, 2017 and 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, as well as distribution processing fees, are charged directly to the participant's account and are included in administrative expenses. Investment expenses are included in net depreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through August 9, 2019, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN'S CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information included in the accompanying financial statements and supplemental schedule was certified by Voya Institutional Trust Company (Voya), the custodian of the Plan, as being complete and accurate:

- Total investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Total investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- All investment-related information in the accompanying supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2017.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

The fair value hierarchy is as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TUV SUD AMERICA, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2017 and 2016

4. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts: The pooled separate accounts are valued at the accumulation unit value which is done daily as the number of accumulation units held is multiplied by the accumulation unit value. The accumulation unit value is first established when a new fund starts and is then determined daily based on the net asset value (NAV) as a practical expedient of shares of the underlying fund, plus the fund's dividends and less the contract's separate account charges which is considered by Plan management to be the best approximation of fair value.

There have been no changes in the methodology used as of December 31, 2017 and 2016.

In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

In accordance with the *Fair Value Measurements and Disclosures* guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments and respective fair values of which are estimated using the NAV per share as a practical expedient, as of December 31:

	Fair Value		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2017	2016		
Pooled separate accounts:				
Large cap funds (a)	\$ 11,865,081	\$ 9,633,374	Daily	Daily

TUV SUD AMERICA, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2017 and 2016

4. FAIR VALUE MEASUREMENT (Continued)

- (a) The funds invest mostly in common stocks of large capitalization companies, foreign securities, and derivative instruments.
- (b) The funds' investment objective seeks the highest total return over time with an increased emphasis on capital preservation as the target date approaches. Thereafter, an emphasis will be placed on high current income with a secondary focus on capital appreciation.
- (c) The funds seek growth of capital primarily through investment in a diversified portfolio of common stocks of companies.
- (d) The funds seek aggressive capital appreciation by investing in common stocks of issuers in emerging and developing markets throughout the world. These funds invest at least 80% of its total assets in equity securities of companies with high growth potential in at least three developing markets.
- (e) The funds invest in a combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.
- (f) The funds seek current income, with capital appreciation and growth of income, by investing at least 80% of its net assets in bonds of government agencies located anywhere in the world.
- (g) The funds invest in high quality, short-term instruments to achieve high current income and capital preservation.

5. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined in its opinion letter dated March 31, 2014, that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under Section 401(k) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments, including the guaranteed investment contract, are shares of pooled separate accounts managed by Voya. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan allows for notes receivable from participants which also qualify as party-in-interest transactions. During 2017, the Plan paid the custodian service fees of \$4,050.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value, and is excluded from the fair value table found in Note 4. Contract value as reported by Voya represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract resets interest rates on a monthly basis with a one-month look back for the portfolio statistics. In determining the rate of interest, Voya considers the portfolio cash plans, portfolio performance, the current interest rate environment, its investment expense, and a profit and risk component for the period.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a monthly basis for resetting.

Certain market events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable which to occur.

The guaranteed investment contract does not permit Voya to terminate the agreement prior to the scheduled maturity date.

Independent Auditor's Report

To the Trustees of
TUV SUD America, Inc. 401(k) Savings Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of TUV SUD America, Inc. 401(k) Savings Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Voya Institutional Trust Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of December 31, 2017 and 2016, and for the year ended December 31, 2017, that the information provided to the plan administrator is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2017, is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

TUV SUD AMERICA, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2017 and 2016

1. DESCRIPTION OF PLAN

The following description of the TUV SUD America, Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- a. **General** - The Plan is a defined contribution plan covering all eligible full-time employees of TUV SUD America, Inc. (the Plan Sponsor) and TUV SUD Group (collectively, the Company), who have reached twenty-one years of age, as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. **Contributions** - Each year, participants may contribute up to one hundred percent of pretax annual compensation, as defined in the Plan document. Effective July 1, 2014, the Plan has a Roth component in which participants can elect to make after-tax deferral contributions into the Plan. Participants who have attained age 50 before the end of the Plan year are eligible for catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make, at the discretion of the Board of Directors, a matching contribution. In 2017, the Company made matching contributions equal to fifty percent of the first six percent of compensation that a participant contributes to the Plan. The Company may also make discretionary profit sharing contributions, as determined by the Company's Board of Directors. For the year ended December 31, 2017, the Company did not elect to make any discretionary profit sharing contributions.

- c. **Participant Accounts** - Each participant's account is credited with the participant's contributions, Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting** - Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion plus actual earnings thereon is based on years of service as follows:

<u>Years of Service</u>	<u>Percentage</u>
1	25%
2	50%
3	75%
4	100%

- e. **Payment of Benefits** - The Plan provides for a normal retirement benefit to be paid to participants who have reached the age of 65 or early retirement of 55. Upon termination of service, a participant may receive a lump-sum amount, installment payments, or partial withdrawals of at least \$100, equal to the value of his or her vested account. There are also retirement benefits available upon late retirement, disability and death.

The Plan allows in-service withdrawals upon attainment of age 59 ½. A participant may also request a withdrawal upon demonstration to the Plan administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to Section 401(k) of the Internal Revenue Code (the Code) or standards established by the Secretary of the Treasury or his delegate.

1. DESCRIPTION OF PLAN (Continued)

- f. **Notes Receivable from Participants** - Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan allowed is \$1,000. The loans are secured by the balance in the participant's account. Interest is due on the outstanding principal balance at the rate a bank would charge for a loan of that type. The loans bear interest at rates ranging from 4.75% to 5.25%, payable at various maturities of one to ten years. Principal and interest are paid ratably through payroll deductions.
- g. **Forfeited Accounts** - At December 31, 2017 and 2016, forfeited non-vested accounts totaled \$41,879 and \$14,427, respectively. These accounts can be used to reduce administrative expenses or future employer contributions. In 2017, the Plan did not use any funds from the forfeited non-vested accounts to reduce Company contributions or Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to accounting principles generally accepted in the United States of America (U. S. GAAP) in these footnotes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed investment contract is reported at contract value. The Company determines the Plan's valuation policies utilizing information provided by the investment advisers and the custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Realized gains and losses are recognized as incurred upon sale or maturity of investments and unrealized gains and losses are based on market value changes during the period. Net appreciation in fair value of investments includes realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2017 and 2016. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Notes to Financial Statements
December 31, 2017 and 2016

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, as well as distribution processing fees, are charged directly to the participant's account and are included in administrative expenses. Investment expenses are included in net depreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through August 9, 2019, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY PLAN'S CUSTODIAN

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following investment information included in the accompanying financial statements and supplemental schedule was certified by Voya Institutional Trust Company (Voya), the custodian of the Plan, as being complete and accurate:

- Total investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2017 and 2016.
- Total investment income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2017.
- All investment-related information in the accompanying supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2017.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. ASC 820, *Fair Value Measurements and Disclosures*, establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

The fair value hierarchy is as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TUV SUD AMERICA, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2017 and 2016

4. FAIR VALUE MEASUREMENT (Continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value:

Pooled separate accounts: The pooled separate accounts are valued at the accumulation unit value which is done daily as the number of accumulation units held is multiplied by the accumulation unit value. The accumulation unit value is first established when a new fund starts and is then determined daily based on the net asset value (NAV) as a practical expedient of shares of the underlying fund, plus the fund's dividends and less the contract's separate account charges which is considered by Plan management to be the best approximation of fair value.

There have been no changes in the methodology used as of December 31, 2017 and 2016.

In accordance with Subtopic 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy.

In accordance with the *Fair Value Measurements and Disclosures* guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for the Plan's investments and respective fair values of which are estimated using the NAV per share as a practical expedient, as of December 31:

	Fair Value		Redemption Frequency (if currently eligible)	Redemption Notice Period
	2017	2016		
Pooled separate accounts:				
Large cap funds (a)	\$ 11,865,081	\$ 9,633,374	Daily	Daily

TUV SUD AMERICA, INC. 401(K) SAVINGS PLAN

Notes to Financial Statements
December 31, 2017 and 2016

4. FAIR VALUE MEASUREMENT (Continued)

- (a) The funds invest mostly in common stocks of large capitalization companies, foreign securities, and derivative instruments.
- (b) The funds' investment objective seeks the highest total return over time with an increased emphasis on capital preservation as the target date approaches. Thereafter, an emphasis will be placed on high current income with a secondary focus on capital appreciation.
- (c) The funds seek growth of capital primarily through investment in a diversified portfolio of common stocks of companies.
- (d) The funds seek aggressive capital appreciation by investing in common stocks of issuers in emerging and developing markets throughout the world. These funds invest at least 80% of its total assets in equity securities of companies with high growth potential in at least three developing markets.
- (e) The funds invest in a combination of equity securities and debt securities to achieve a long-term rate of return and capital appreciation.
- (f) The funds seek current income, with capital appreciation and growth of income, by investing at least 80% of its net assets in bonds of government agencies located anywhere in the world.
- (g) The funds invest in high quality, short-term instruments to achieve high current income and capital preservation.

5. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined in its opinion letter dated March 31, 2014, that the prototype non-standardized plan document adopted by the Plan constitutes a qualified plan under Section 401(k) of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments, including the guaranteed investment contract, are shares of pooled separate accounts managed by Voya. Voya is the custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Plan allows for notes receivable from participants which also qualify as party-in-interest transactions. During 2017, the Plan paid the custodian service fees of \$4,050.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. GUARANTEED INVESTMENT CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value, and is excluded from the fair value table found in Note 4. Contract value as reported by Voya represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract resets interest rates on a monthly basis with a one-month look back for the portfolio statistics. In determining the rate of interest, Voya considers the portfolio cash plans, portfolio performance, the current interest rate environment, its investment expense, and a profit and risk component for the period.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 3%. Such interest rates are reviewed on a monthly basis for resetting.

Certain market events may limit the ability of the Plan to transact at contract value with the issuer. Such events include, but are not limited to, (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable which to occur.

The guaranteed investment contract does not permit Voya to terminate the agreement prior to the scheduled maturity date.
