## NOTE A - SIGNIFICANT ACCOUNTING POLICIES

*Basis of Accounting:* The financial statements of the North American Construction, LP Davis-Bacon Pension Plan and Trust ("Plan") are prepared following the accrual method of accounting.

*Recognition of Income:* The basis of investments held by the Plan are adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using this adjusted basis (beginning of year market value) on the first-in, first-out method. Security transaction expenses are considered in computing realized gains and losses on investments.

*Investments:* Investments in mutual funds are carried at the current fair market value (net asset value), as determined by quoted prices in an active market. Investments in collective trusts are carried at the fair market value (net asset value) of units of a collective trust fund. Net realized and unrealized appreciation (depreciation) in the fair market value is reflected in the statement of changes in net assets available for plan benefits. Dividends are considered in the fair market value determination.

Investments in guaranteed interest contracts are carried at contract value. The contracts are fully benefit-responsive.

*Benefit Payments:* Benefits are recorded when paid.

*Administrative Expenses:* Non-investment costs, and substantially all of the administrative expenses of the Plan, are paid by the Plan Sponsor. These expenses, which are not reflected in the accompanying financial statements, constitute exempt party-in-interest transactions under ERISA. Short-term trading fees are paid by the Plan, and all other investment expenses are offset against the related investment income.

*Subsequent Events:* Subsequent events have been evaluated by management of the Plan Sponsor through the date of the independent auditor's report. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

*Use of Estimates:* The preparation of financial statements in conformity with U. S. generally accepted accounting principles requires estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

*Concentration of Credit Risks:* Concentration of credit risk with respect to the Plan's investments is reduced as a result of diversity of the underlying portfolio.

*New Accounting Pronouncements:* The Financial Accounting Standards Board issued Accounting Standards Update 2018-13, effective for periods beginning after December 15, 2019, which modifies the required fair value measurement disclosures. Management is currently evaluating the effects, if any, on the financial statements.

*Reclassifications:* Certain amounts in the prior year have been reclassified to conform to the current year's presentation.

## NOTE B - DESCRIPTION OF THE PLAN

The following description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*General:* The Plan is a defined contribution plan covering all non-union trade employees of North American Construction, LP (the Plan Sponsor), who are performing services under a public contract subject to provisions or regulations under the Davis-Bacon Act or any state or municipal "prevailing wage" law or ordinance, who has completed one hour of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and all subsequent acts and regulations.

*Contributions:* Employer contributions are at an hourly rate prescribed for fringe benefits pursuant to each Federal, State, County, or publicly funded contract entered into by the Company. Participant contributions are not allowed. However, participants may contribute rollover amounts representing distributions from other qualified retirement plans.

*Participant Accounts:* Each participant's account is credited with their contribution and allocations of a) the Plan Sponsor contributions and b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on the participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting:* Participants are 100% vested with respect to the Plan Sponsor contributions, earnings thereon, and rollover from any other plans.

*Forfeitures:* The Plan typically has no forfeitures since participants are 100% vested at all times in their account.

*Payment of Benefits:* Participants are eligible to request a distribution of vested benefits upon death, disability, attaining normal retirement age, after termination of employment, and as required by law.

*Plan Termination:* Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA.

## NOTE C – INVESTMENTS CERTIFIED BY THIRD PARTY (unaudited)

As permitted by Department of Labor CFR 2520.103-8, plan investments at December 31, 2018 and 2017 and the related investment earnings for the years then ended, were certified and held by Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC, the custodian, and were not audited by the independent auditor.

## NOTE D - INCOME TAX STATUS

The Plan is a proto-type standardized Davis-Bacon plan developed by Davis Bacon Pension Plans Inc. The Internal Revenue Service has ruled with its favorable opinion letter dated March 31, 2014 that the Plan qualifies under Section 401(k) of the Internal Revenue Code and is, therefore, not subject to tax under present income tax law.

Management is not aware of any tax positions that would have a significant impact on its financial position. Its federal tax returns for the last four years remain subject to examination.

## NOTE E - FAIR VALUE MEASUREMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth, by level within the fair value hierarchy, investments measured fair value:

| | Fair Value Measurements Using | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| *December 31, 2018:* | | | | |
| Mutual Funds | $ 571,454 | $ - | $ - | $ 571,454 |
| Common Collective Trusts | - | 2,599,863 | - | 2,599,863 |
| Total investments, at fair value | $ 571,454 | $ 2,599,863 | $ - | $ 3,171,317 |
| *December 31, 2017:* | | | | |
| Mutual Funds | $ 2,388,425 | $ - | $ - | $ 2,388,425 |
| Total investments, at fair value | $ 2,388,425 | $ - | $ - | $ 2,388,425 |

## NOTE E - FAIR VALUE MEASUREMENTS – continued

There have been no changes in methodologies used during the year for investments measured at fair value. Following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds:* Valued at the net asset value (NAV).

*Common Collective Trust:* Valued at their net asset value (NAV) of units of a collective trust. The NAV is based on the fair values of the underlying investments held by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## NOTE F - GUARANTEED INTEREST CONTRACT

The Key Guaranteed Portfolio Fund, with a balance of $0 at December 31, 2018 and $778,873 at December 31, 2017, represents a benefit-responsive interest contract entered into with Great-West. Great-West maintains the contributions in a general account. The guaranteed interest contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed interest contract is fully benefit-responsive, it is stated at contract value, the amount the participant would receive if they were to initiate permitted transactions under the plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the issuer. For example, premature termination of the contracts by the Plan, Plan termination, bankruptcy, mergers, and failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any event which would limit the Plan's ability to transact at contract value with participants is probable of occurring.

## NOTE G - TRANSACTIONS WITH PARTIES IN INTEREST

The Plan includes investments managed by Great-West Life & Annuity Insurance Company, the Plan Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees paid for legal, accounting and other services rendered by parties-in-interest were based on customary and reasonable rates for such series. The Plan's administrative expenses are paid either by the Plan or the Plan Sponsor as allowed for in the Plan document.

## NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
