To the Plan Administrator and Benefit Committee of the
Genesee & Wyoming, Inc. 401(k) Savings Plan:

We have conducted a DOL limited-scope audit of the financial statements of Genesee & Wyoming, Inc. 401(k) Savings Plan (the Plan) for the year ended December 31, 2018 and have issued our report thereon dated August 14, 2019. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 20, 2019. Professional standards also require that we communicate to you the following information related to our audit:

**SIGNIFICANT AUDIT FINDINGS**

**Qualitative Aspects of Accounting Practices**
Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2018. We noted no transaction entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no significant estimates that we consider particularly significant to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

**Difficulties Encountered in Performing the Audit**
We encountered no significant difficulties in dealing with management in performing and completing our audit.

**SIGNIFICANT AUDIT FINDINGS (Continued)**

**Corrected and Uncorrected Misstatements**
Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no corrected or uncorrected misstatements.

**Disagreements with Management**
For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

**Management Representations**
We have requested certain representations from management that are included in the management representation letter dated August 14, 2019.

**Management Consultations with Other Independent Accountants**
In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

**Other Audit Findings or Issues**
We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

**Other Matters**
This information is intended solely for the use of the Plan Administrator and Benefit Committee and management of Genesee & Wyoming, Inc. 401(k) Savings Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

**Basis for Disclaimer of Opinion**
As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2018 and 2017, that the information provided to the plan administrator by the trustee is complete and accurate.

**Disclaimer of Opinion**
Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

## 1. DESCRIPTION OF PLAN

The following description of the Genesee & Wyoming Inc. 401(k) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

### General

The Plan was established as a participant-directed defined contribution plan for certain employees of Genesee & Wyoming Inc. (the Company), on January 1, 1994. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Administration

The Company sponsors the Plan and the Benefit Committee administers the Plan. Fidelity Management Trust Company is trustee of the Plan's assets and provides recordkeeping services.

### Eligibility

Under the provisions of the Plan, all employees of the Company on November 1, 1993, except for those employed under collective bargaining agreements, became Plan participants. All other employees, except for those employed under collective bargaining agreements that have not separately bargained to be allowed to participate, become eligible to participate in the Plan on the first day of the month following their date of hire. Employees become eligible to receive employer-matching contributions on the first day of the quarter following the completion of one year of service.

### Contributions

The Plan allows for participant contributions up to 100% of their total compensation on a pretax basis (Compensation Deferral), not to exceed the maximum contribution limit established by the Internal Revenue Code (IRC). The Company contributes to the Plan for non-union employees an amount equal to 100% of the employee's Compensation Deferral, not to exceed 4% of the employee's pretax compensation. The Company contributes amounts to the Plan for collectively bargained employees in accordance with matching formulas specifically agreed to in those collective bargaining agreements.

The Company may contribute an additional amount to the Plan as determined by the Board of Directors, based on the earnings of the Company, although the Company has no obligation to do so. No discretionary contributions were made in 2018 or 2017. Participant and Company contributions and earnings attributable thereto are immediately fully vested and are not subject to forfeiture.

### Participant Accounts

Participants direct the investment of their contributions and the Company's matching and discretionary contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Company's matching contributions and allocations of (a) the Company's discretionary contributions and (b) Plan earnings (losses). Allocations are based on participant earnings or account balances, as defined. Participants are immediately vested in all contributions and earnings thereon credited to their account.

## 1. DESCRIPTION OF PLAN (Continued)

### Vesting
Participants are immediately vested in their contributions, employer matching contributions and actual earnings thereon.

### Benefits Paid to Participants
Upon retirement, death, disability or termination of service, a participant receives a lump-sum distribution equal to his or her vested account balance. In addition, hardship distributions are permitted if certain criteria are met.

### Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a principal residence. The loans are secured by the participant's account and bear interest at the prime rate plus 2% on the date the loan is issued from the Plan.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of Accounting
The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

### Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on the accrual basis. The net appreciation (depreciation) in fair value of investments consists of both realized and unrealized gains or losses on the Plan's investments bought, sold, and held during the year.

### Fair Value Measurements - Definition and Hierarchy
Generally accepted accounting principles defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair market value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

**Fair Value Measurements - Definition and Hierarchy (Continued)**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the hierarchy is provided in Note 4.

**Administrative Expenses**

Certain administrative expenses of the Plan are paid by the Company. Distribution and loan fees are charged directly to the participants for the transactions and are paid out of the proceeds of the distribution or loan.

**Notes Receivable from Participants**

Notes receivable from participants represent participant loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

**Benefit Payments**

Benefit payments are recorded when paid.

**Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from those estimates.

## 3. CERTIFIED INFORMATION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

a. Notes receivable from participants, shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
b. Investments at fair value, shown in the statements of net assets available for benefits as of December 31, 2018 and 2017.
c. Investment income (loss) as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.
d. Interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2018 and 2017.
e. The Schedule of Assets (Held at End of Year) as of December 31, 2018 [Schedule I].

## 4. FAIR VALUE MEASUREMENTS

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2018:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Investments in registered investment companies | $138,689,663 | $ - | $ - | $138,689,663 |
| Money market funds | 5,224,099 | - | - | 5,224,099 |
| | $143,913,762 | $ - | $ - | $143,913,762 |
| Collective trust fund, at net asset value *(a)* | | | | 233,967 |
| Total investments at fair value | | | | $144,147,729 |

The Plan's assets at fair value, within the fair value hierarchy, are as follows at December 31, 2017:

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Investments in registered investment companies | $150,783,201 | $ - | $ - | $150,783,201 |
| Money market funds | 4,394,689 | - | - | 4,394,689 |
| Total investments at fair value | $155,177,890 | $ - | $ - | $155,177,890 |

*(a)* Certain investments that were measured at net asset value (NAV) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the Statements of Net Assets Available for Benefits.

Following is a description of the valuation methodology used for assets measured at fair value. During 2018, the Plan offered a collective trust fund investment, for which the valuation method is described below. There were no other changes in the methodologies used at December 31, 2018 and 2017.

*Investments in registered investment companies*: valued at fair value based on quoted market prices.

*Money market funds*: valued at fair value based on quoted market prices.

*Collective trust fund*: valued at the NAV of units of the bank collective trusts. The NAV, as provided by the trustee of the funds, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the funds will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the trustee of the funds reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner, which is not probable of occurring at December 31, 2018.

## 4. FAIR VALUE MEASUREMENTS (Continued)

**Investments Measured Using NAV per Share Practical Expedient**
The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2018. Participants are prohibited from directing investments into a competing fund without first investing in a non-competing fund for at least ninety days.

| | December 31, 2018 | | | |
|---|---|---|---|---|
| | Fair Value | Unfunded Commitments | Redemption Frequency (if currently eligible) | Redemption Notice Period |
| Collective trust fund | $ 233,967 | N/A | Daily | None |

## 5. TAX STATUS

The Plan obtained its latest determination letter on January 18, 2017 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving this determination letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

## 6. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such complete discontinuance of contributions or termination of the Plan, the value of the participants' accounts will be distributed to such participants or their beneficiaries from net assets available for benefits.

## 7. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments consist of units in investment funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company manages these investments and, therefore, these transactions qualify as party-in-interest as defined by ERISA. Additionally, certain plan assets consist of notes receivable from participants, which qualify as party-in-interest transactions.

## 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2018 and 2017, certain classifications differ between the financial statements and Form 5500.

## 9. SUBSEQUENT EVENTS

On July 1, 2019, the Company announced a proposed agreement whereby Brookfield Infrastructure and GIC plan to acquire the Company in a transaction, which will result in the Company becoming a privately held company. The transaction is expected to close by December 31, 2019 or early 2020, and is subject to customary closing conditions. Given the timing of these events and the fact that several approval processes will need to transpire before final determination, the impact on the Plan was not readily determinable at the date the financial statements were available to be issued.

Subsequent events have been evaluated through August 14, 2019, which is the date the financial statements were available to be issued.

To the Participants and Plan Administrator of the
Genesee & Wyoming, Inc. 401(k) Savings Plan:

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Genesee & Wyoming, Inc. 401(k) Savings Plan (the Plan) as of and for the year ended December 31, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform a DOL limited-scope audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Our audit did not include all of the procedures required by auditing standards generally accepted in the United States of America and did not include a consideration of internal control relating to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we were unable to, and did not, express an opinion on those financial statements.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first two paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of the plan administrator and others within the Genesee & Wyoming, Inc. 401(k) Savings Plan and is not intended to be and should not be used by anyone other than these specified parties.

## MATTERS RELATED TO INTERNAL CONTROL OVER FINANCIAL REPORTING
## AUGUST 2019

### INTERNAL CONTROL RELATED MATTERS

We have identified the following internal control related matters that we consider to be control deficiencies:

### 1. TIMELY REMITTANCE OF EMPLOYEE CONTRIBUTIONS

**Observation**
During our audit, we noted that while participant contributions were generally remitted to the Plan in a timely manner, there was one instance in which participant contributions were not remitted to the Plan until 107 days after payroll. Department of Labor (DOL) Regulation 2510.3-102 requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets, but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions to the Plan in a timely manner results in prohibited transactions which must be separately reported to the DOL and may result in lost earnings for the Plan and penalties to the Plan Sponsor. We noted in August 2019, the Plan Sponsor remitted lost earnings to Plan participants for the untimely remittance noted above.

**Recommendation**
We recommend that the Plan Sponsor review the procedures involved in remittance of participant contributions to the Plan and institute any additional necessary controls to ensure participant contributions are remitted timely. A written remittance policy should be created and followed.

### 2. LOAN INTEREST RATES

**Observation**
During our audit procedures, we noted that the interest rates on 3 of 15 loans tested were incorrect. The incorrect interest rates were calculated by Fidelity Management Trust Company (Fidelity), the trustee of the Plan. Fidelity noted that the interest rate in their system is currently only updated on the first of each month after a prime rate change occurs, which does not result in interim monthly prime interest rate changes being captured. Fidelity is currently in the process of working with client service teams and administration to determine how these interest rate changes will be captured in the future.

**Recommendation**
We recommend the Plan Sponsor develop and execute policies and procedures to review the calculation of participant loan interest rates, to ensure the Plan is being operated in accordance with Plan provisions.
